Bradley County
2015-2016 Budget

"Tennessee at its Best"

It has been often quoted that much can be learned from how a population remembers and honors those that have gone before to help ensure a better life for their descendants and others in a community. Bradley County has been blessed with a vast array of professionals who have dedicated their life to make sure that our future is bright indeed. This monument that is located near 5 Points, Bradley County Fire & Rescue Station and The Museum at 5 Points is a vivid reminder of those who have paid the ultimate sacrifice for the protection of our Community. To the families of those who are listed on this monument presently, we pledge to never forget. To those professionals who currently serve, we say thank you. And to those who may be listed here at a later date, may you know now that you, your dedication and devotion are appreciated.

Bradley County Remembers, Respects and with Resolve pledges to do all in our ability to continue the legacy of service and integrity that have made us, Tennessee at its best!

INTRODUCTION

Bradley County, incorporated in 1836, is located in the southeast portion of the State of Tennessee approximately 26 miles northeast of Chattanooga and 89 miles south of Knoxville and has a population as of 2014 of approximately 102,975. The County lies in a valley between the Cumberland and Great Smoky Mountains and has an approximate land area of 216,230 acres or 338 square miles. Bradley County is bordered to the west by Hamilton County and to the east by Polk County. Meigs and McMinn Counties make up the County's northern border. To the south, the County is bordered by the state of Georgia. The City of Cleveland serves as the County Seat and as the County's largest city with a population of 43,182, according to 2014 estimates.

Bradley County is a Three-Star Community and is a proven leader in preserving existing employment, creating new employment opportunities, improving family income and creating a strong leadership base for economic development. Bradley County is known for its productive agriculture and for its stable diversified industry. Approximately 80 percent of the county's land area is devoted to farming with income derived primarily from dairy, cotton, poultry, tobacco, and various fruits and vegetables. The county has four industrial parks and the area is home to approximately 148 industrial concerns with twelve Fortune 500 manufacturing companies. Major industries with headquarters or divisions located within the government's boundaries or in close proximity include household cooking equipment, newspaper and pulp plant, distribution centers, alkaline batteries, hosiery, candy, cakes, cookies, dairy products, photo finishing, clothing manufacturing, and polysilicon used for manufacturing solar cells.

Tourism is also important to Bradley County's economy, with its proximity to the mountains, whitewater rafting, hiking, biking, fishing, camping and our rich Cherokee Indian heritage.

Transportation is provided by numerous facilities. The County is served by Interstate highway 75, U. S. highways 11 and 64, and state routes 60, 74, 40, and 2. Over 100 motor freight carriers serve the area with local terminals. The Norfolk-Southern railway's main line between New Orleans and Washington, D.C. is located less than thirty miles from Cleveland. Ten miles north of Cleveland a barge terminal is located on the Hiwassee River, providing; manufacturing concerns with direct access to a major barge traffic artery.

The Cleveland Regional Jetport is located on Dry Valley Road in Cleveland and has 5,500 foot concrete runways, 35-foot-wide taxiway, 311,452-square-foot apron, LED runway and taxi lights. The terminal building is 8,000 square feet. Air freight, cargo and package express services are also available. Commercial airline service is available in Chattanooga at Lovell Field which is approximately 15 miles from the County.

There are two school systems in the County. The Bradley County School System operates twelve elementary schools, two middle schools, and two high schools with an enrollment of about 12,207 students. The Cleveland City Schools System operates six elementary schools, one middle school, one high school and one alternative school with an enrollment of about 4,400 students.

Cleveland State Community College is a comprehensive two-year community college operating within the governance of the Tennessee Board of Regents and approved by the Tennessee Higher Education Commission. CSCC is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. Associate degrees are available in over 40 fields of study. About 5,000 students are enrolled under credit and non-credit courses.

Lee University is a private, comprehensive Christian college operated by the Church of God. Lee is a fully accredited liberal arts institution with bachelor degrees available in 49 majors in 80 programs of study and fifteen master's degree programs. Lee is the second largest of Tennessee's 35 accredited private colleges and universities. About 4,400 students are enrolled.

Reader's Guide to the Budget

This Budget Document has been organized with the main purpose being to make it user-friendly. Government budgets by definition are confusing documents, particularly for the first-time reader. Generally, Accepted Accounting Principles (GAAP) for government requires the use of multiple funds. Some of those funds categories are budged and accounted for using the modified accrual basis of accounting, and some the accrual basis of accounting. This further complicates the matter for readers of government budgets, who are familiar with private sector accounting using full accrual in which there is one balance sheet and one income statement. These terms are explained in the Financial Policies section; Summary of Significant Accounting Policies; and Basis of Accounting. It is strongly recommended that you take a few moments to review this Reader's Guide before reading the Budget.

Following this Guide is Tab II, which contains the County's Mission Statement, the County Mayor's and the Finance Director's Budget Message. This message discusses the fund structure of the Budget, and which basis of accounting is used for each type of fund. It also includes a listing of the assumptions used in developing the Budget. In addition, the budget process is described and a budget calendar is included showing the key dates and steps in the preparation the Budget. Finally, it includes a discussion of the major issues facing the County and how the Budget affects those issues. Immediately following is a listing of the County's Goals and Objectives for FY 2016.

Tab III is a multi-sheet spreadsheet, which summarizes all funds of Bradley County, and the projected fund balances. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the uses of cash in those funds using full accrual accounting. In short, it is the entire budget in a condensed format.

Tab IV contains the four resolutions which the County Commission must adopt annually in order to establish a Budget for the year: 1) the resolution fixing the tax levy; 2) the resolution fixing the tax levy of the county fire district; 3) the resolution making appropriations for the various funds, departments, institutions, offices and agencies of Bradley County; and 4) the resolution making appropriations to non-profit charitable organizations.

Tab V contains the Financial Policies of Bradley County, which guide the financial administration of the County.

Tab VI contains information on the County's personnel functions. First is the organization chart for the entire County, including the General Governmental entity and the Schools. Second is the Personnel Schedule by fund and department and Third the Fringe Benefits Summary.

Tabs I through VI should provide you with a solid overview of the County; how it is organized to provide services and what those services are; the major issues it faces and its goals and objectives to meet them; the financial policies it uses; the Budget preparation process; the assumptions used in developing the Budget; and a summary of the entire Budget.

Tabs VII through XIII will provide you with detailed information on each fund and operational department and division of the County. The tabs denote each of the seven types: 1) general, 2) special revenue, 3) road department, 4) schools, 5) debt service, 6) capital projects, and 7) permanent funds.

Tab XIV contains several appendices, the first being a Glossary of Terms. Since governmental budgeting and accounting is different from that in the private sector, definitions of many of our terms have been included. Also included, you will find historical information on property taxes, property values and assessments.

Our hope is that you will find this document informative about your county government, and organized in a manner that allows you to find information quickly on any fund, department, or operation. If you have any questions, please contact Rena' Samples, Finance Director, at P. O. Box 1167, Cleveland, TN 37364-1167 or phone her at (423) 728-7144.

November 9, 2015

To the Members of the County Commission and
the Citizens of Bradley County, Tennessee

Re: County Mayor's Budget Message and Transmittal of the Proposed Budget for Fiscal Year 2016

On July 6, 2015, the final version of the county's fiscal year 2015/2016 budget was adopted by the County Commission. We always take pride in preparing and presenting a budget that does not require a tax increase and the subsequent final adoption of the budget by the County Commission. Bradley County has a wonderful quality of life and we believe a low tax rate is a major quality of life indicator.

In preparation for the future, Bradley County is consistently looking at growth and the needs of our infrastructure. As we anticipate and respond to the needs of a changing and growing community, we are committed to maintaining sensitivity to our quality of life including the cost of living and tax rates.

Bradley County's form of government is one with a popularly elected county mayor who is the administrative head of the county and a popularly elected board of county commissioners, which is the legislative branch of the county. Bradley County's legislative body is composed of 14 members with two members being elected from each of the county's seven districts. The county legislative body assembled in session is authorized to act for the county, including election of officials or confirmation of appointees, fixing salaries, and appropriating money and any other business coming before the body. All funds to be used in the operation of the county must be appropriated for that use by the county legislative body, which can appropriate money only for expenditures sanctioned by state law. It is the duty of the county legislative body to adopt a budget and to appropriate funds for the ensuing fiscal year for all county departments and agencies.

Bradley County provides a full range of services, including police and fire protection; schools; the construction and maintenance of highways, streets, and other infrastructure; and recreational activities and cultural events.

The annual budget serves as the foundation for Bradley County's financial planning and control. All departments of the county are required to submit requests for appropriation to the County Mayor on or before the third Wednesday in April of each year. The County Mayor then presents the budget requests to the full Commission for review prior to the fourth Monday in April. The County Mayor uses these requests as the starting point for developing a proposed budget. The Finance Committee may hold public hearings on the budget requests if questions arise regarding requests. The Commission adopts a final budget by late June or early July of each year. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., police). Transfers of appropriations require the special approval of the County Commission.

The Budget in Brief

With the changing environment in mind, we have worked very diligently and cautiously in preparing the FY 2015-2016 Budget. We are pleased to be able to present this budget to you. The overall budget for FY 2015-2016 has been approved for $133,732,645.

Unlike in past years, the County cannot assume strong growth in local property tax and sales tax revenues to offset the rising costs of existing programs. The economy has placed Bradley County in a long-term financial challenge and while this budget does include a small pay increase for County staff, it does not require layoffs of County employees.

The more than $133-million budget includes $2.5-million dollars to cover previous commitments approved by Commissioners in 2008, 2009 and 2010. Those include $665-thousand dollars in incentives for the new interchanges, $444-thousand for a new Industrial Park and $530-thousand for the Veteran's Home.

The Sheriff's Department and Jail are projected to receive a combined increase of $342,640 in its 2015-2016 Budget. Other increases include: Emergency Medical Services of $87,944, Juvenile Services of $41,769, and Parks & Recreations of $ 75,024.

Budget revenue projection for the County are expected to see a small increase for the coming fiscal year. It will take time for the industrial growth we've seen in the past year or two to be transformed into revenue for the County. The overall budget proposal reflects only a small increase over last year's budget. The general fund revenues are projected to be $34,635,530 which is a 3.48% increase over last year revenue projection.

The Bradley County School System will see an increase of 1,741,780.. This is due mainly to a increase in education funds provided by the State of Tennessee, along with a slight projected increase in property taxes.

The County Commission approved a property tax rate of $1.8721 per $100 of assessed value. Additionally, the fire tax rate for those living in an area within five miles of a paid County station is $.4212 per $100 of assessed value, and the rural fire tax rate is $.3440 per $100 of assessed value.

Amounts appropriated by fund are summarized as follows:

	TAX	ADOPTED
General Co.	.5349	$ 35,166,289
Library	.0277	$ 641,742
Law Library	.0000	$ 12,350
Road Dept	.1276	$ 6,771,154
Gen. Schools	.8609	$ 69,604,500
Fed. Schools	.0000	$ 5,746,000
Debt Service	.2674	$ 7,110,968
Gen. Capital Proj.	.0000	$ 252,000
Edu. Capital Proj.	.0016	$ 13,000
Comm. Dev.	.0520	$ 2,978,768
Special Funds	.0000	$ 5,435,874
	$1.8721	**$133,732,645**

The property tax rate is allocated as follows: General Purpose School Fund including school debt, 46.0%; County General Fund, 28.6%; Pike Road Fund, 6.8%; Community Development Projects, 2.8%; General Debt Service, 14.%; Education Capital Project, .1% and the Public Library Fund, 1.5%.

Bradley County has continued a conservative approach of estimating revenues. Due to conservative budgeting practices, the fiscal year 2015/2016 General Fund projected fund balance is estimated to be $6,359,943 as of June 30, 2016

The $35.1 million General Fund Budget for fiscal year 2015/2016 will be spent as follows: The Sheriff's Department and Justice Center, 41.9%; Emergency Medical Services, 15.6%; Courts/ Administration of Justice, 8.6%; Quality of Life Services, 12.5%; Public Safety, 3.7%; Administrative Services, 5.6%; General Services, 4.3%; County Commission, 1.4%; Juvenile Court/Services, 5.4%; and Other 1 %.

According to GAAP, General Funds, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds are budgeted and accounted for using the modified accrual basis of accounting. The Enterprise Funds are accounted for using the

accrual basis of accounting. The differences in the basis of accounting are defined in the Glossary of Terms. The basis of budgeting and accounting are the same within each fund.

Budget Assumptions:

We used several assumptions in preparing this Budget. The assumptions were important factors in estimating revenues and expenditures. The major assumptions are as follows:

- 1% growth in property tax.
- 2% growth in sales tax for General Fund & 4.82% for Schools.
- 2% Salary increase for all full time employees, employed by April 1, 2015.
- Maintain a minimum of 10% of expenditures for projected FY 2016 Fund Balance for the General Fund.

Major Policy Issues

Many issues affected the development of this budget. These issues represent challenges and opportunities that will impact how Bradley County develops over the next several years. Some of the major issues the County is facing are as follows:

- **Financial Strategies**

The County Commission has traditionally taken a very conservative stance on fiscal issues, reflecting the values of the community. The County has set forth separate policies that provide an excellent mosaic plan when they are combined. Several of the main provisions that are areas of great importance to the financial future of the County are highlighted below. Many of these financial strategies are included in the formal budget resolution adopted by the County Commission.

- Any appropriation requests presented to the County Commission after the formal adoption of the budget appropriation resolution shall specifically provide sufficient revenue or other funds to meet such additional appropriation. In other words, the Commission requires that any additional spending request must provide coinciding funding to cover the expenditure this fiscal year.

- The County will continuously seek new revenues and pursue a diverse revenue base to limit the dependence on one or only a few revenue sources.

This revenue diversity will shelter the County for short-time fluctuations in any one revenue source.

- It shall be the objective of the County Commissioners to maintain a managed budgeted reserve in the various operating funds at a level sufficient for temporary financing of unforeseen emergency needs and to permit orderly adjustment to changes resulting from termination of revenue sources through actions of other governmental bodies.

- The County is authorized to borrow money on revenue anticipation notes. These notes provide temporary cash flow for operations until adequate taxes and other revenues have been collected. The proceeds of loans for each fund shall not exceed 60% of the authorized appropriations of each individual fund. The loan shall be repaid prior to June 30, 2016 from current year revenue. The County has been fortunate to have adequate fund balances to enable inter-fund borrowing to meet its temporary cash-flow needs. This has enabled the County to avoid external borrowing for this purpose, which continues to be a goal of the County.

- The Bradley County Commission is committed to long-term solutions for the County's needs including the orderly and systematic financing and acquisition of public improvements. To achieve that goal, the Commission recognizes the value of capital planning.

- Investment income will be allocated 50% to the County's General Fund and 50% to the County's General Capital Project Fund. Investment income generated from investments purchased for a specific restricted fund will be allocated back to that fund.

Although there are always areas of contention when developing the county's budget, overall the County Commission adopted a good budget that will continue to move our county forward. We appreciate the efforts of our county commissioners, elected officials and department heads in the development of this budget.

➢ Long-term planning

The County has recognized the need for a Comprehensive Capital Improvements Plan (CIP). The Capital Improvement Plan accomplishes several things:

- Documents the County's capital plans to its citizens and other parties
- Demonstrates a method to finance those plans
- Recognizes the County's resources are limited and its ability to live within its means
- Emphasizes obtaining the highest and best use of the County's limited resources
- Demonstrates to the debt market and its citizens the County's willingness and ability to meet its obligations.

Obviously, plans and priorities can and do change, but the County recognizes the value of documenting its plans and priorities at a particular point in time and on a regular basis.

The current plan includes the following:

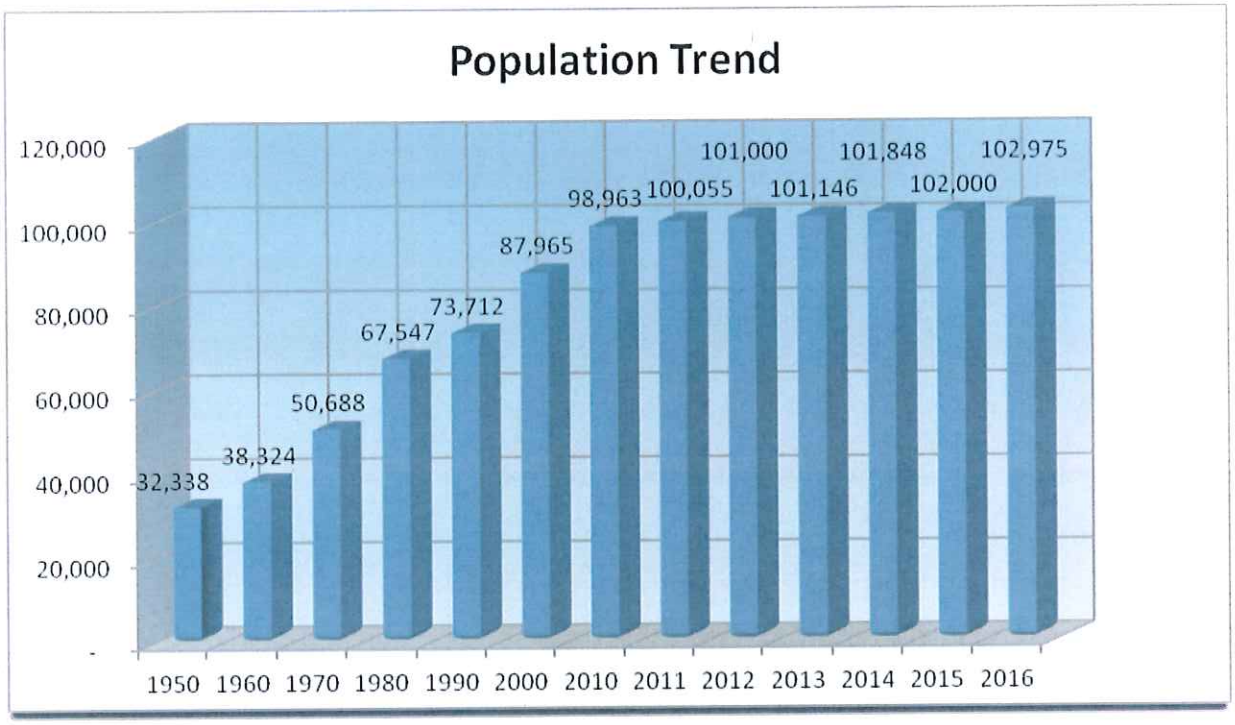
- Encourage and support economic development activities by continuing to fund the Chamber of Commerce and to continue comprehensive planning programs to prepare for growth.
- Refinancing Debt to get the best interest rate for the County when possible.
- Invest in education, (capital improvements and recurring funding) for developing a competitive advantage within the region.
- Increase the number of new jobs in the community by supporting expansion of existing industries. Work with state and local governments to improve incentives for all industries. Continue to maintain and improve business environment and community infrastructure that support existing business expansion and targeting programs to improve skills of existing employees. To develop and maintain adequate inventory of attractive, fully developed industrial sites in order to attract quality industries and to continue to market programs to attract new industries to Bradley County.
- Continuing to seek out and secure grant funding to extend waterlines into the rural area of the County.
- Recreation Project continuing through 2015/2016.
- North and South Interchanges.

The first phase of the Capital Improvements Plan Policy has already begun. You can find more details regarding this plan in the CIP section of this budget document. As we develop our capital improvements plan, we are continually mindful of the programs and operation needs that will be created, especially as we build new schools. The construction of schools is only a minor expenditure when you compare that to the operating costs of that school over time. With our CIP in place, the County is now in a better position to ensure the highest and best use of our resources. We are also in a better position to demonstrate our ability to meet the capital needs of the County within the resources provided by the taxpayers.

➢ Economic Factors

Bradley County is a growing area of Tennessee despite the economic downturn which has affected many parts of our country. Business' as well as individuals recognize the tremendous value the County enjoys in its quality of life as demonstrated in our strong position financially and our future is bright due to the sound management practices that have enabled the County to maintain solid fund balances and reserves. Preparation for this growth begins with the development of an insightful budget and this fiscal year's budget is proof of that commitment.

Bradley County has grown tremendously over the last five decades and the trend is expected to continue for many years. Currently, the County's estimated population is 102,000 with a projected population as of June 30, 2016 of 102,975.



With growth in population comes growth of the economy and in commercial development. There are many exciting projects underway for the County. Some of which are as follows:

- Whirlpool Corp. is one of Bradley County's largest tax payers and employers with approximately 1,400 employees. Whirlpool Corp. has completed its new 1.4 million square foot facility. This has allowed Bradley County to retain its current jobs, while adding an additional 130 positions.

- Volkswagen has completed its commitment to invest up to $1 billion for a manufacturing plant in nearby Hamilton County and is currently shipping Chattanooga-built Passats around the country. Bradley County, as well as other counties in the area, is benefiting from the approximately 2,000 jobs created by direct employment at the Volkswagen facility, as well as the estimated additional 9,500 jobs that have been and will continue to be created in the region through construction and supplier activity.

- Wacker Chemie AG, a Munich, Germany-based Company, is progressing with its construction of a new facility in Bradley County with an estimated capital

investment of $2.4 billion and initial employment of approximately 750 highly skilled workers. The new facility will produce hyper pure polycrystalline silicon, a key component in photovoltaic for solar energy and semiconductors for the electronics industry.

- Amazon distribution center is open in Bradley County and at peak times of the year, Amazon will employ more than 600 people with a permanent workforce of approximately 400 employees.

- The Industrial Development Board continues to recruit new industries as well as continuing to promote job growth within existing industries.

Conclusion

We would like to thank everyone involved with the budget process and citizens who took part in the development of this budget. There must be a great deal of input from many varied sources for our final product to properly reflect our community's high values and standards. As always, the budget process is tough and many decisions have to be made to not only ensure proper services are available, but also that Bradley County continues to remain financially strong. Our focus continues to be making the most out of what the County's citizens have given us. Thank you for the opportunity to share this information with you and we look forward to the upcoming year.

Respectfully submitted,

Rena' Samples
Finance Director

D. Gary Davis
County Mayor

BRADLEY COUNTY, TENNESSEE

Bradley County, Tennessee
Goals & Objectives

Goal #1: Invest in education, (capital improvements and recurring funding) for helping to develop a competitive advantage within the region.

Objective: Develop 5 – 10 year Capital Improvement Plan to include the needs of the educational system.
Objective: Secure funding for the Capital Improvement Plan.
Objective: Secure recurring costs to improve the quality of educational services delivered in Bradley County.
Objective: Evaluate Charleston School as a K – 8 school.

Goal #2: Increase number of new jobs in the community by supporting the expansion of existing industries.

Objective: Continue the Chamber of Commerce Existing Industry committee company visitation program.
Objective: Continue to provide programs, seminars & other activities designed to help existing industries to remain competitive in the world economy.
Objective: Through the Chamber of Commerce Economic Development division, continue to provide staff support for workforce Development and existing industry expansion needs.
Objective: Work with state & local governments to improve incentives for all industries.
Objective: Continue to maintain & improve the business environment & community infrastructure that support existing business expansion through development of Adult Education programs targeted to improving the skills of existing employees.

Goal #3 Encourage & support economic development activities.

Objective: Continued funding of the Chamber of Commerce.
Objective: Continued comprehensive planning program to prepare for growth.
Objective: Continue offering Chamber of Commerce community workforce development programs with a proven successful record in all 3 local public High Schools such as: The 9th Grade Career Fair, the 11th grade Job Shadowing & the 12th grade Senior Interview exercises.

Goal #4 Develop & maintain adequate inventory of attractive, full developed industrial sites in order to attract quality industries and to continue our Comprehensive marketing program to attract new industries to Bradley County.

Objective: Complete development of the Spring Branch Industrial Park.

Objective: The Chamber of Commerce Economic Development Division should continue to maintain an inventory of available industrial & commercial sites & buildings.

Objective: The Bradley/Cleveland Industrial Development Board continues their speculative industrial building program.

Objective: Attendance at trade shows in target industry markets.

Objective: Continued participation with regional, state & other marketing activities.

Objective: Maintain & continuously improve marketing materials. encourage the continued process of regular upgrades to the Chamber of Commerce economic development Internet web site and all economic development advertising.

Goal #5 Improve urban transportation system.

Objective: Develop and implement a coordinated, comprehensive transportation plan which includes consideration of all modes of transportation.

Objective: Support growth of SETHRA fixed & deviated route transportation system.

Goal #6 Provide recreation facilities programs to serve all age groups & interests.

Objective: Continue upgrades at County Parks.

Objective: Complete the Recreational Assessment Program.

Objective: Work toward completion of new multipurpose park (Elrod Park) on Minnis Road.

Objective: Look at potential locations in Charleston for a greenway.

Goal #7 Support & promote agriculture as an important part of Bradley County's economy.

Objective: Participate with the Southeast Tennessee Tourism Association in the development & distribution of an agri-tourism brochure.

Objective: Continue to support of the Century Farms program.

Objective: Continue to support of the Bradley County Farmers Market & Cannery.

Objective: Continue to support the Cleveland Apple Festival, Cowpea Festival, Tri-State Exhibition Center, Lawson Daylily Farm, Nah-Moo Farm, Hiwassee Antique Tractor Show & other agricultural activities.

Bradley County
Summary of All Funds

This section consists of first a consolidated summary of all funds used to provide county services. Funds are organized into two major categories: governmental and fiduciary as follows:

1. Governmental Funds

General Fund – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Road Department Fund – This fund accounts for transactions of the county's Highway Department.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Health, Wellness and Quality of Life Fund – This endowment fund accounts for proceeds from the sale of the Bradley County Memorial Hospital. The county received $15,000,000 from the sale of the hospital and invested these proceeds. The county can spend 85 percent of investment income for the Health, Wellness, and Quality of Life for its citizens. The other 15 percent of investment income as well as the original principal ($15,000,000) cannot be spent.

Capital Projects Funds - These funds are used to account for the receipt of debt and other specific revenue sources that are legally restricted to expenditures for construction and/or renovation.

General Purpose School Fund – This fund is the primary operating fund for the School Department. It is used to account for general operations of the School Department.

Education Capital Projects Funds – This fund is used to account for the receipt of debt and other specific revenue sources that are legally restricted to expenditures for construction and/or renovation.

Special Revenue Funds – These funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

2. Fiduciary Funds

Agency Funds – These funds account for amounts collected in an agency capacity by the constructional offices, local sales taxes received by the state to be forwarded to the various cities in Bradley County, the fire tax district, and the city school system's share of educational revenues. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The three largest sources of revenue for the County budget include Intergovernmental, Taxes and Charges for Services. Combined these sources provide 95.1% of the total revenues received by Bradley County.

- Intergovernmental revenues represent 44.9% of the County's revenues. Education funding received from the State of Tennessee, and the Federal government accounts for the majority of this revenue.

- Tax revenues account for 43.7% of the total funding sources received to fund county services. Property tax and sales tax are the largest sources of tax revenue. Combined they provide 41.9% of total taxes collected. The proposed budget includes no property tax increase on county taxpayers. The County's tax rate will be $1.8721 per $100 of assessment.

- Charges for service revenues provide 7.9% of the revenues necessary to provide county services. Fees for ambulance services make up 49.9% of the total fees collected.

Major uses of these resources include education funding at 55.7% (60.3% including school debt) and public safety at 49.2% of the General Fund and 12.1% county-wide.

The revenue sources and expenditure of Bradley County may be more easily understood by reviewing the following pie charts. Also, included in this section are three-year budget spreadsheets (FY 2014, FY 2015 and FY 2016) for each of the major fund categories.

Information about each individual fund may be found within the various fund types. Please see those tabs for detailed budget information and the servicers provided by these funds.

RESOLUTION 2015-36
RESOLUTION FIXING THE TAX LEVY
BRADLEY COUNTY, TENNESSEE
FOR THE FISCAL YEAR BEGINNING JULY 1, 2015

SECTION 1. BE IT RESOLVED by the County Commissioners of Bradley County, Tennessee, assembled in REGULAR SESSION on this 6th day of July, 2015, that the combined property tax rate for Bradley County, Tennessee for the fiscal year beginning July 1, 2015, shall be $1.8721 on each $100.00 of taxable property, which is to provide revenue for each of the following funds and otherwise conform to the following levies:

FUND	
County General	$ 0.5349
Public Library	0.0277
Pike Road	0.1276
General Purpose Schools – County & City	0.8609
Education Capital Projects	0.0016
Community Development	0.0520
Debt Service – General Debt	0.2674
TOTAL	$ 1.8721

SECTION 2. BE IT FURTHER RESOLVED that there is hereby levied a gross receipts tax as provided by law. The proceeds of the gross receipts tax herein levied shall accrue to the County General Fund.

SECTION 3. BE IT FURTHER RESOLVED that all Resolutions of the Board of County Commissioners of Bradley County, Tennessee, which are in conflict with this resolution are hereby repealed.

SECTION 4. BE IT FURTHER RESOLVED that this Resolution take effect as of July 1, 2015, the public welfare requiring it, and that this resolution be spread upon the minutes of the County Commission.

SECTION 5. BE IT FURTHER RESOLVED that the County Trustee shall reflect the property tax rate upon the receipts used in collecting property taxes.

Passed this 6th day of July, 2015.

RESOLUTION 2015-37

RESOLUTION FIXING THE TAX LEVY OF THE COUNTY FIRE DISTRICT BRADLEY COUNTY, TENNESSEE FOR THE FISCAL YEAR BEGINNING JULY 1, 2015

SECTION 1. BE IT RESOLVED by the County Commission of Bradley County, Tennessee, assembled in REGULAR SESSION on this 6th day of July, 2015 that, pursuant to Tennessee Code Annotated Section 5-17-106, this County Commission hereby levies an annual fire tax upon the property owners of the Fire District 2 (Rural) in the amount of point three four four cents ($.3440) on each $100.00 of taxable property located within the County but outside of the Fire District 1 (Fringe); and point four two one two cents ($.4212) on each $100.00 of taxable property located within the Fire District 1 (Fringe), for the fiscal year beginning July 1, 2015, which is deemed by this Commission to pay the budget of the County Fire District;

SECTION 2. BE IT FURTHER RESOLVED that, pursuant to Tennessee Code Annotated Section 5-17-107, the Fire Tax levied by this Resolution shall be assessed in the same manner as the County Property Tax and collected as an addition thereto, and shall in all ways be treated as a part of the County Property Tax;

SECTION 3. BE IT FURTHER RESOLVED that, as provided by Tennessee Code Annotated Section 5-17-108, this Resolution and nothing contained herein shall be construed to limit in any way the fire departments of any municipality providing fire service, but authorizes this Commission, in its capacity as the County Fire Department, if it so desires, to contract with municipalities in order to coordinate fire service county-wide;

SECTION 4. BE IT FURTHER RESOLVED that all Resolutions of the Board of County Commissioners of Bradley County, Tennessee, which are in conflict with this resolution are hereby repealed.

SECTION 5. BE IT FURTHER RESOLVED that this Resolution take effect as of July 1, 2015, the public welfare requiring it, and that this resolution be spread upon the minutes of the County Commission.

Passed this 6th day of July, 2015.

BE IT FURTHER RESOLVED, that the Bradley County School Federal Projects Fund for the No Child Left Behind Act (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl Perkins Vocational projects shall be in the budget approved for the separate projects within the fund by the Bradley County Board of Education and the Tennessee Department of Education.

SECTION 2. BE IT FURTHER RESOLVED, that there are also hereby appropriated certain portions of the commissions and fees for collecting taxes and licenses and for administering other funds which the Trustee, County Clerk, Circuit Court Clerk, Register, Sheriff and the Clerk and Master and their officially authorized deputies and assistants may severally be entitled to receive under State laws heretofore or hereafter enacted. Expenditures out of commissions, and/or fees collected by the Trustee, County Clerk, Circuit Court Clerk, Clerk and Master, Register and the Sheriff may be made for such purposes and in such amounts as may be authorized by existing law or by valid order of any court having power to make such appropriations. Any excess commission and/or fees collected over and above the expenditures duly and conclusively authorized shall be paid over to the Trustee and converted into the County General Fund as provided by law.

BE IT FURTHER RESOLVED, that if any fee officials, as enumerated in Tennessee Code Annotate, Section 8-22-101 operate under provisions of Tennessee Code Annotated, Section 8-22-104, provisions of the preceding paragraph shall not apply to those particular officials.

SECTION 3. BE IT FURTHER RESOLVED, that if the need shall arise, the Finance Committee may, with the approval of any official head of any department or division which may be affected, transfer any amount within any major appropriation category; however, for transfers between major appropriation categories within the same fund, the approval of the Board of County Commissioners must be obtained. The School Superintendent must obtain the approval of the Board of Education for all school department transfers.

One copy of such authorization shall be filed with the County Clerk, one copy with the Chairman of the Finance Committee, and one with each divisional or departmental head concerned. Aforesaid authorization shall clearly state the reasons for the transfer, but this provision shall in no case whatsoever be construed as authorizing transfer from one fund to another, but shall apply solely to transfers within a certain fund.

SECTION 4. BE IT FURTHER RESOLVED, that any appropriation made by this Resolution which covers the same purpose for which a specific appropriation is made by statute is made in lieu of but not in addition to said statutory appropriation. The salary, wages, or remuneration of each officer, employee, or agent of the County, shall not be in excess of the amounts authorized by existing law or as set forth in the estimate of expenditures which accompanies this resolution. Provided, however, that appropriations for such salaries, wages, or other remuneration hereby authorized shall in no case be construed as permitting expenditures for an office, agency, institution, division or department of the County in excess of the appropriation made herein for such office,

agency, institution, division or department of the County. Such appropriation shall constitute the limit to the expenditures of any office, agency, institution, division or department for the year ending June 30, 2016. The aggregate expenditures for any item of appropriation shall in no instance be more than the amount herein appropriated for such item.

SECTION 5. BE IT FURTHER RESOLVED, that any Resolution which may hereafter be presented to the Board of County Commissioners providing for appropriations in addition to those made by this Budget Appropriation Resolution shall specifically provide sufficient revenue or other funds, actually to be provided during the fiscal year in which the expenditure is to be made, to meet such additional appropriation. Said appropriating Resolution shall be submitted to and approved by the State Director of Local Finance after its adoption as provided by Tennessee Code Annotated, Sections 9-11-101 through 9-11-119.

SECTION 6. BE IT FURTHER RESOLVED, that certain school funds which function as clearing accounts have been included in the revenue and appropriations for the year ending June 30, 2016 as a memorandum only. It is expressly understood that the County Board of Education may not create or incur expenditures from these funds above actual revenue of such funds. It is further directed that no transfers may be effected between these clearing accounts and the operating school funds accounts.

SECTION 7. BE IT FURTHER RESOLVED, that the County Mayor, and County Clerk are herby authorized to borrow money on revenue anticipation notes, provided such notes are first approved by the Director of Local Finance, to pay for the expenses herein authorized until the taxes and other revenue for the fiscal year 2015-2016 have been collected, not exceeding 60% of the appropriations of each individual fund. The proceeds of loans for each individual fund shall be used only to pay the expenses and other requirements of the fund for which the loan is made and the loan shall be paid out of revenue of the fund for which money is borrowed. The notes evidencing the loans authorized under this section shall be issued under the authority of Title IX, Chapter 21, inclusive, Tennessee Code Annotated. Said notes shall be signed by the County Mayor and countersigned by the County Clerk and shall mature and be paid in full without renewal not later than June 30, 2016. As a courtesy, the County Commission shall be notified if borrowing occurs.

SECTION 8. BE IT FURTHER RESOLVED, that the delinquent County property taxes for the year 2014 and prior years and the interest and penalty thereon collected during the year ending June 30, 2016 shall be apportioned to the various County funds according to the subdivisions of the tax levy for the year 2015. The Clerk and Master and the Trustee are hereby authorized and directed to make such apportionment accordingly.

SECTION 9. BE IT FURTHER RESOLVED, that all unencumbered balances of appropriations remaining at the end of the fiscal year shall lapse and be of no further effect at the end of the fiscal year ending on June 30, 2016.

SECTION 10. BE IT FURTHER RESOLVED, that any Resolution or part of the Resolution which has hereto been passed by the Board of County Commissioners which is in conflict with any provision in this Resolution shall be and the same is hereby repealed.

SECTION 11. BE IT FURTHER RESOLVED, that this Resolution shall take effect from and after its passage and its provision shall be in force from and after July 1, 2015. This resolution shall be spread upon the minutes of the Board of County Commissioners.

SECTION 12. BE IT FURTHER RESOLVED, that new major purchases or capital purchases approved under this budget, should be delayed until after January 1, 2016, except for emergency repair or replacement, due to the timing of revenue collections and to help with the cash flow of the County.

SECTION 13. BE IT FURTHER RESOLVED, that any percentage salary increases intended for all full-time Bradley County employees, include the General Officers of Bradley County not already budgeted under this Resolution to comply with Tennessee Code Annotated, Section 8-24-102.

Passed this 6th day of July, 2015.

RESOLUTION 2015-35

A RESOLUTION MAKING APPROPRIATIONS TO NON-PROFIT CHARITABLE ORGANIZATIONS OF BRADLEY COUNTY, TENNESSEE FOR THE FISCAL YEAR BEGINNING JULY 1, 2015 AND ENDING JUNE 30, 2016

WHEREAS, subject to compliance with Tennessee Code Annotated, Section 5-9-109, authorizes the County Legislative Body to make appropriations to non-profit charitable organizations; and

WHEREAS, the Bradley County Legislative Body recognizes the various non-profit charitable organizations located in Bradley County have great need of funds to carry on their non-profit charitable work,

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Bradley County, on this 6th day of July, 2015, as follows:

SECTION 1. That four hundred fifty thousand dollars ($450,000) be appropriated to the Bradley County E-911 Emergency Communications District to fund the County's share of county dispatching for emergency services and to promote the welfare and safety of the citizens of Bradley County. (Fund 101)

SECTION 2. That forty-four thousand dollars ($44,000) be appropriated to Southeast Tennessee Resource Agency to promote public transportation in Bradley County. (Fund 101)

SECTION 3. That one thousand five hundred dollars ($1,500) be appropriated to Behavioral Research Institute Incorporated to promote the health and welfare in Bradley County. (Fund 101)

SECTION 4. That ninety-one thousand and three hundred sixty-one dollars ($91,361) be appropriated to the Tennessee Vocational Training Center to promote vocational rehabilitation in Bradley County. (Fund 101)

SECTION 5. That nine thousand five hundred dollars ($9,500) be appropriated to the Life Bridges, Inc. to promote the health and mental welfare in Bradley County. (Fund 101)

SECTION 6. That fourteen thousand five hundred dollars ($14,500) be appropriated to the Cleveland/Bradley Regional Museum to promote the general welfare and tourism in Bradley County. (Fund 101)

SECTION 7. That ninety-six thousand two hundred and eighteen dollars ($96,218) be appropriated to the Bradley/Cleveland Community Service Agency to promote economic welfare in Bradley County. (Fund 101)

SECTION 8. That forty-nine thousand six hundred thirty-five dollars ($49,635) be appropriated to the Soil Conservation District for the environmental welfare of the citizens of Bradley County. (Fund 101)

SECTION 9. That nine thousand dollars ($9,000) be appropriated to the Fort Hill Cemetery Association for the maintenance of Bradley County's portion of the Fort Hill Cemetery to promote the beauty of Bradley County. (Fund 101)

SECTION 10. That nineteen thousand dollars ($19,000) be appropriated to the Mainstreet Cleveland Organization for the community welfare of Bradley County. (Fund 101)

SECTION 11. That nine thousand five hundred dollars ($9,500) be appropriated to the Southeast Tennessee Resource Agency to promote human relations in Bradley County. (Fund 101)

SECTION 12. That twenty-seven thousand five hundred dollars ($27,500) be appropriated to the Keep America Beautiful organization to promote the conservation and beauty of Bradley County. (Fund 116)

SECTION 13. That two hundred fifty thousand dollars ($250,000) be appropriated to the Cleveland/Bradley Chamber of Commerce to promote tourism development in Bradley County. (Fund 101)

SECTION 14. That two hundred fifty thousand dollars ($250,000) be appropriated to the Cleveland/Bradley Chamber of Commerce to promote industrial development in Bradley County. (Fund 101)

SECTION 15. That one hundred twenty thousand dollars ($120,000) be appropriated to the Bradley County Animal Control to assist in providing an animal shelter for county residents. (Fund 101)

BE IT FURTHER RESOLVED, that all appropriations enumerated in Sections 1 through 15 above are made subject to the following conditions:

1. That the non-profit charitable organization to which funds are appropriated shall file with the County Clerk and the disbursing official a copy of an annual report of its business affairs and transactions and the proposed use of the county's funds in accordance with rules promulgated by the Comptroller of the Treasury, Chapter 0380-2-7. Such annual report shall either be prepared by an independent Certified Public Accountant or certified by the chief financial officer of such non-profit organization in accordance with Tennessee Code Annotated, Section 5-9-109(c).

2. That said funds must only be used by the named non-profit charitable organization in furtherance of their non-profit charitable purposes benefiting the general welfare of the residents of the county.

3. That it is the expressed interest of the County Commission of Bradley County in providing these funds to the above named non-profit charitable organizations to be fully in compliance with Chapter 0390-2-7 of the Rules of the Comptroller of the Treasury, and Tennessee Code Annotated, Section 5-9-109 and any and all other laws which may apply to county appropriations to non-profit organizations and so this appropriation is made subject to compliance with any and all of these laws and regulations.

BE IT FURTHER RESOLVED, that this Resolution shall take effect immediately upon passage. This Resolution shall be spread upon the minutes of the Board of County Commissioners.

Passed this 6th day of July , 2015

SEAL

Louie Alford, Chairman

Donna Simpson, County Clerk

D. Gary Davis, County Mayor

STATE OF TENNESSEE }ss
COUNTY OF BRADLEY

I, DONNA A. SIMPSON, COUNTY CLERK of said county, do hereby certify that the foregoing is a true and perfect copy of the Resolution Making Appropriations to Non-Charitable Organizations 2015-2016 as same appears of record in my office.

Witness my hand and official seal in Cleveland, Tennessee, this 16th day of October 2015

Donna A. Simpson CLERK

NOTES

BRADLEY COUNTY, TENNESSEE

FINANCIAL POLICIES

Approved by County Commission: 6/16/2008
Effective: 7/1/2008
Reserve Amended: 11/7/11

BRADLEY COUNTY GOVERNMENT FINANCIAL MANAGEMENT POLICIES

The County is supported by various financial resources and must function within the limits of these financial resources each fiscal year. A balance must be maintained between revenues and expenditures so that the public can realize the benefits of a strong and stable local government. It is important to understand that these policies are to be applied over a period of time that extends beyond the current year appropriations. By law, the annual budget cannot exceed available resources, defined as revenues generated in the current year added to balances carried forward from prior years. Key steps in this process are described within this section. Bradley County Government operates under a fiscal year that begins July 1 and ends June 30. *Items italicized are not part of the adopted policy, but added for clarification purposes only.*

BUDGET POLICY

- Current appropriations for all funds are limited to the sum of available, unencumbered cash balances and revenues estimated to be received in the current budget year.
- General Fund expenditures and subsidy appropriations for mandated and priority programs are to be made against current revenue sources and not dependent upon uncertain reserves or fluctuating prior period cash balances.
- Special Revenue Funds are supported by special levies and fees, grants or intergovernmental revenues. Expenditures in these funds are strictly limited to the mandates of the funding source. Special Revenue Funds are not to be used to subsidize other funds, except as required or permitted by program regulations.
- The County will consider General Fund requests for new or expanded programs during the course of the annual budget process. Only in unusual circumstances will such requests be considered on an interim basis during the course of the fiscal year.
- To the extent possible, current operations will be funded by current revenues. The use of unencumbered prior year balances in all funds shall be scrutinized and carefully limited to be used primarily for one-time expenditures. One-time revenues will only be used for one-time expenditures. The County will avoid using temporary revenues to fund ongoing programs or services.

- The County recognizes the importance of emergency reserves that can provide a financial cushion in years of poor revenue receipts, or in the event of a major emergency. A Reserve Fund Policy is incorporated herein in Section 4.

REVENUE POLICIES

- The County will charge fees for services where such an approach is permissible by state and federal law, and where a group of beneficiaries who can pay such fees is identifiable.
- New and expanded unrestricted revenues sources should be first applied to support existing programs prior to funding new programs.
- The County will pursue federal, state and private grants but will strictly limit financial support of these programs to avoid commitments that continue beyond available funding.
- The County will continuously seek new revenues and pursue a diverse revenue base to limit the dependence on one or only a few revenue sources. This revenue diversity will shelter the County from short-time fluctuations in any one revenue source.

CAPITAL IMPROVEMENTS PLAN POLICY*

(Facilities and Infrastructure)

- The Purpose of the Capital Improvements Plan is to systematically plan, schedule, and finance capital projects to ensure cost-effectiveness as well as conformance with established policies.
- A Capital Improvement Plan will be developed annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset with a useful life (depreciable life) of 15 years or more. Minor capital outlays with a useful life of less than 15 years will be included and adopted as part of the annual budget process.
- The Capital Improvement Plan shall include but is not limited to requests from County General Government, the Department of Education and from Constitutional Offices.
- Proposed capital projects will be reviewed regarding accurate costing (design, capital and operating) and overall consistency with the County's goals and objectives. Financing sources will then be identified for the highest ranking projects.

- The Capital Improvements Plan funding sources include debt proceeds, County appropriations, Federal, and State aid. Capital Improvement Plans funded by General Obligation Bonds or Notes are formally adopted by the County Commission when the Bond Resolution is approved.

Not intended to be a policy to cover Capital Expenditure/Project Funds themselves. Capital Fund's uses are determined by the County Commission through budget appropriations on an item by item basis. This policy is for multiple-year planning only.

RESERVE FUND POLICY

- The County shall set aside reserves to address operating cost needs, to allow for unforeseen needs of an emergency nature, and to permit adjustments to changes resulting from fluctuations of revenue sources. Sufficient levels of reserves can ensure continued orderly operations and tax structure stability.
- It shall be the objective of the County Commissioners to maintain a managed budgeted reserve in the various operating funds at a level sufficient for temporary financing of unforeseen emergency needs and to permit orderly adjustment to changes resulting from termination of revenue sources through actions of other governmental bodies. The targeted reserves will be maintained at a minimum level as follows:

1. General Fund	**10%**
2. County Road Department	**7%**
3. Board of Education County Schools	**5%**
4. Debt Service	**13 months of expenditures**
5. County Fire Fund	**8%**
6. Tri-State Exhibition Center Fund	**5%**
7. Public Library Fund	**5%**

- The percentage shall be calculated by taking the fund balance as a percent of expenditures (or operating expenses) and transfers to other funds.
- These reserve targets shall be reviewed annually by the County Mayor, the Director of Finance, the School Board and the Director of Roads. The Mayor and the Director of Finance will report to the Finance Committee on their continued adequacy.
- ***If actual reserves should fall below the minimum targeted percentage, a written plan will be set forth to rectify the shortfall within two fiscal years.***

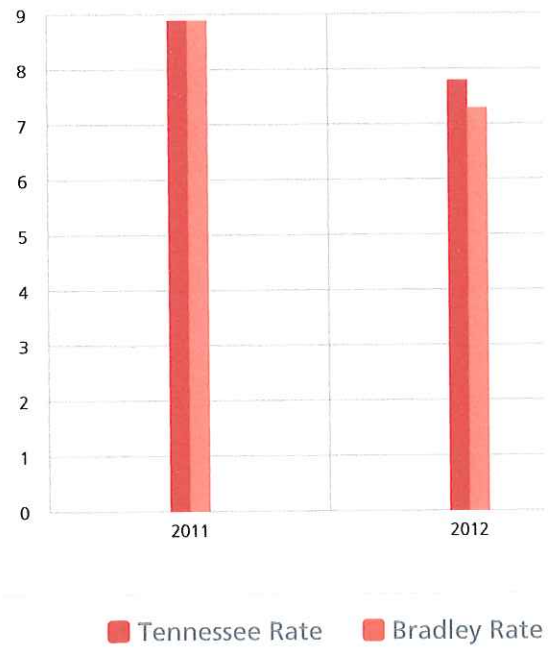
Unemployed Workers	2,670
Partially Employed Workers	80
Total Available Labor	**2,960**

Monthly Unemployment Rate	Current	12 Months Ago
Tennessee (July 2015)	5.7%	6.6%
Bradley (July 2015)	5.6%	6.8%

Unemployment Rate



Available labor includes: 1) Discouraged workers - persons who want jobs but have given up searching because they do not think they can find work. To be classified as discouraged, one must have searched for work during the prior year and be explicitly reported as currently available for work; 2) Unemployed workers - persons who did not find work at all during the survey week and were currently available for work; and 3) Partially unemployed - persons who worked less than full time during the survey week. Data used in producing these estimates comes from the monthly Tennessee Labor Force Estimates Summary, the monthly Unemployment Insurance claims reports, the 2008-2012 American Community Survey 5-Year Estimates (U.S. Census Bureau), and national unemployment statistics

Debt Policy Review 13

INTRODUCTION

This Debt Management Policy (the "Debt Policy") is a written guideline with parameters that affect the amount and type of debt that can be issued by Bradley County, Tennessee (the "County"), the issuance process and the management of the County's debt. The purpose of this Debt Policy is to improve the quality of management and legislative decisions and to provide justification for the structure of debt issuances consistent with the Debt Policy's goals while demonstrating a commitment to long-term capital planning. It is also the intent of the County that this Debt Policy will signal to credit rating agencies, investors and the capital markets that the County is well managed and will always be prepared to meet its obligations in a timely manner. This Debt Policy fulfills the requirements of the State of Tennessee regarding the adoption of a formal debt management policy on or before January 1, 2012.

This Debt Policy provides guidelines for the County to manage its debt and related annual costs within both current and projected available resources while promoting understanding and transparency for our citizens, taxpayers, rate payers, businesses, investors and other interested parties.

The County may, from time to time, review this Debt Policy and make revisions and updates, if warranted.

Bradley County, Tennessee
DEBT MANAGEMENT POLICY

I. INTRODUCTORY STATEMENT

In managing its Debt (defined herein as tax-exempt or taxable bonds, capital outlay notes, other notes, capital leases, interfund loans or notes and loan agreements); it is the County's policy to:

- Achieve the lowest cost of capital within acceptable risk parameters
- Maintain or improve credit ratings
- Assure reasonable cost access to the capital markets
- Preserve financial and management flexibility
- Manage interest rate risk exposure within acceptable risk parameters

II. GOALS AND OBJECTIVES

Debt policies and procedures are tools that ensure that financial resources are adequate to meet the County's long-term capital planning objectives. In addition, the Debt management policy (the "Debt Policy") helps to ensure that financings undertaken by the County have certain clear, objective standards which allow the County to protect its financial resources in order to meet its long-term capital needs.

The Debt Policy formally establishes parameters for issuing debt and managing a debt portfolio which considers the County's specific capital improvement needs; ability to repay financial obligations; and, existing legal, economic, and financial market conditions. Specifically, the policies outlined in this document are intended to assist in the following:

- To guide the County in policy and debt issuance decisions
- To maintain appropriate capital assets for present and future needs
- To promote sound financial management
- To protect the County's credit rating
- To ensure the County's debt is issued legally under applicable state and federal laws
- To promote cooperation and coordination with other parties in the financing
- To evaluate debt issuance options

III. PROCEDURES FOR ISSUANCE OF DEBT

1) Authority

a) The County will only issue Debt by utilizing the statutory authorities provided by *Tennessee Code Annotated* as supplemented and revised ("TCA") and the Internal Revenue Code (the "Code").

b) The County will adhere to any lawfully promulgated rules and regulations of the State and those promulgated under the Code.

c) All Debt must be formally authorized by resolution of the County's Legislative Body.

2) Transparency

a) It is recognized that the issuance of Debt must have various approvals and on occasion, written reports provided by the State of Tennessee Comptroller's office either prior to adoption of resolutions authorizing such Debt, prior to issuance and/or following issuance. The County, in conjunction with any professionals (including, but not limited to, financial advisors, underwriters, bond counsel, etc. which may individually or collectively be referred to herein as "Financial Professionals") will ensure compliance with TCA, the Code and all federal and State rules and regulations. Such State compliance will include, but not be limited to, compliance with all legal requirements regarding adequate public notice of all meetings of the County related to consideration and approval of Debt. Additionally, the County shall provide the Tennessee Comptroller's office sufficient information on the Debt to not only allow for transparency regarding the issuance, but also assuring that the Comptroller's office has sufficient information to adequately report or approve any formal action related to the sale and issuance of Debt. The County will also make this information available to its legislative body, citizens and other interested parties.

b) The County will file its Audited Financial Statements and any Continuing Disclosure document prepared by the County or its Dissemination Agent. To promote transparency and understanding, these documents should be furnished to members of the Legislative Body and made available electronically or by other usual and customary means to its citizens, taxpayers, rate payers, businesses, investors and other interested parties by posting such information on-line or in other prominent places.

IV. CREDIT QUALITY AND CREDIT ENHANCEMENT

The County's Debt management activities will be conducted in order to maintain or receive the highest possible credit ratings. The Mayor and Finance Director in conjunction with any Financial Professionals that the County may chose to engage will be responsible for maintaining relationships and communicating with one or more rating agencies.

The County will consider the use of credit enhancements on a case-by-case basis, evaluating the economic benefit versus cost for each case. Only when clearly demonstrable savings can be shown shall an enhancement be considered. The County will consider each of the following enhancements as alternatives by evaluating the cost and benefit of such enhancements:

1) **Insurance**

The County may purchase bond insurance when such purchase is deemed prudent and advantageous. The predominant determination shall be based on such insurance being less costly than the present value of the difference in the interest on insured bonds versus uninsured bonds.

2) **Letters of Credit**

The County may enter into a letter-of-credit ("LOC") agreement when such an agreement is deemed prudent and advantageous. The County or its Financial Professionals, if any, may seek proposals from qualified banks or other qualified financial institutions pursuant to terms and conditions that are acceptable to the County.

V. AFFORDABILITY

The County shall consider the ability to repay Debt as it relates to the total budget resources, the wealth and income of the community and its property tax base and other revenues available to service the Debt. The County may consider debt ratios and other benchmarks compared to its peers when analyzing its Debt including materials published by the nationally recognized credit rating agencies.

VI. DEBT STRUCTURE

The County shall establish all terms and conditions relating to the issuance of Debt and will invest all bond proceeds pursuant to the terms of its investment policy, if any. Unless otherwise authorized by the County, the following shall serve as the Debt Policy for determining structure:

1) **Term**

All capital improvements financed through the issuance of Debt will be financed for a period not to exceed the useful economic life of the improvements and in consideration of the ability of the County to absorb such additional debt service expense. The term of Debt shall be determined by, but not limited to, the economic life of the assets financed, conditions in the capital markets, the availability of adequate revenue streams to service the Debt and the existing pattern of Debt payable from such identifiable fund or enterprise activity, but in no event will the term of such Debt exceed forty (40) years, as outlined in TCA.

2) **Capitalized Interest**

From time to time, certain financings may require the use of capitalized interest from the date of issuance until the County is able to realize beneficial use and/or occupancy of the financed project. Interest may be capitalized through a period permitted by federal law and TCA if it is determined that doing so is beneficial to the financing by the Legislative Body and is appropriately memorialized in the legislative action authorizing the sale and issuance of the Debt.

3) **Debt Service Structure**

General Obligation debt issuance shall be planned to achieve relatively net level debt service or level principal amortization considering the County's outstanding debt obligations, while matching debt service to the useful economic life of facilities. Absent events or circumstances determined by its Legislative Body, the County shall avoid the use of bullet or balloon maturities (with the exception of sinking fund requirements required by term bonds) except in those instances where such maturities serve to make existing overall debt service level or match specific income streams. Debt which is supported by project revenues and is intended to be self-supporting should be structured to achieve level proportional coverage to expected available revenues.

4) **Call Provisions**

In general, the County's Debt should include a call feature no later than ten (10) years from the date of delivery of the bonds. The County will avoid the sale of long-term debt which carries longer redemption features unless a careful evaluation has been conducted by the Mayor and Finance Director and/or Financial Professionals, if any, with respect to the value of the call option.

5) **Original Issuance Discount/Premium**

Debt with original issuance discount/premium will be permitted.

6) **Deep Discount Bonds**

Deep discount debt may provide a lower cost of borrowing in certain capital markets. The Mayor and Finance Director and/or Financial Professionals, if any, should

carefully consider their value and effect on any future refinancing as a result of the lower-than-market coupon.

VII. DEBT TYPES

When the County determines that Debt is appropriate, the following criteria will be utilized to evaluate the type of debt to be issued.

1) Security Structure

a) General Obligation Bonds

The County may issue Debt supported by its full faith, credit and unlimited ad valorem taxing power ("General Obligation Debt"). General Obligation Debt shall be used to finance capital projects that do not have significant independent creditworthiness or significant on-going revenue streams or as additional credit support for revenue-supported Debt, if such support improves the economics of the Debt and is used in accordance with these guidelines.

b) Revenue Debt

The County may issue Debt supported exclusively with revenues generated by a project or enterprise fund ("Revenue Debt"), where repayment of the debt service obligations on such Revenue Debt will be made through revenues generated from specifically designated sources. Typically, Revenue Debt will be issued for capital projects which can be supported from project or enterprise-related revenues.

c) Capital Leases

The County may use capital leases to finance projects assuming the Mayor and Finance Director and/or Financial Professionals, if any, determine that such an instrument is economically feasible.

2) Duration

a) Long-Term Debt

The County may issue long-term Debt when it is deemed that capital improvements should not be financed from current revenues or short-term borrowings. Long-term Debt will not be used to finance current operations or normal maintenance. Long-term Debt will be structured such that financial obligations do not exceed the expected useful economic life of the project(s) financed.

i. *Serial and Term Debt.* Serial and Term Debt may be issued in either fixed or variable rate modes to finance capital infrastructure projects;

ii. *Capital Outlay Notes ("CONs").* CONs may be issued to finance capital infrastructure projects with an expected life up to twelve years; or

iii. *Capitalized Leases.* Capitalized Leases may be issued to finance infrastructure projects or equipment with an expected life not greater than its expected useful life.

b) Short-Term Debt

Short-term borrowing may be utilized for:

i. Financing short economic life assets;

ii. The construction period of long-term projects;

iii. For interim financing; or

iv. For the temporary funding of operational cash flow deficits or anticipated revenues subject to the following policies:

1. *Bond Anticipation Notes ("BANs").* *BANs,* including commercial paper notes issued as BANs, may be issued instead of capitalizing interest to reduce the debt service during the construction period of a project or facility. The BANs shall not mature more than 2 years from the date of issuance. BANs can be rolled in accordance with federal and state law. BANs shall mature within 6 months after substantial completion of the financed facility.

2. *Revenue Anticipation Notes ("RANs") and Tax Anticipation Notes ("TANs").* RANs and TANS shall be issued only to meet cash flow needs consistent with and fully conforming to federal IRS and state requirements and limitations.

3. *Lines of Credit.* Lines of Credit shall be considered as an alternative to other short-term borrowing options. A line of credit shall only be structured to federal and state requirements.

4. *Interfund Loans.* Interfund Loans shall only be used to fund operational deficiencies among accounts or for capital projects to be paid from current fiscal year revenues. Such interfund loans shall be approved by the State Comptroller's office and shall only be issued in compliance with state regulations and limitations.

5. *Other Short-Term Debt.* Other Short-Term Debt including commercial paper notes, BANs, Capitalized Leases and CONs may be used when it provides an interest rate advantage or as interim financing until market conditions are more favorable to issue debt in a fixed or variable rate mode. The County will determine and utilize the most advantageous method for short-term borrowing. The County may issue short-term Debt when there is a defined repayment source or amortization of principal.

3) Interest Rate Modes

a) Fixed Rate Debt

To maintain a predictable debt service schedule, the County may give preference to debt that carries a fixed interest rate.

b) Variable Rate Debt

The targeted percentage of net variable rate debt outstanding (excluding (1) debt which has been converted to synthetic fixed rate debt and (2) an amount of debt considered to be naturally hedged to short-term assets in the Unreserved General and/or Debt Service Fund Balance) shall not exceed 45% of the County's total outstanding debt and will take into consideration the amount and investment strategy of the County's operating cash.

The following circumstances may result in the consideration of issuing variable rate debt:

i. *Asset-Liability Matching;*

ii. *Construction Period Funding;*

iii. *High Fixed Interest Rates.* Interest rates are above historic averages;

iv. *Diversification of Debt Portfolio;*

v. *Variable Revenue Stream.* The revenue stream for repayment is variable and is anticipated to move in the same direction as market-generated variable interest rates or the dedication of revenues allows capacity for variability; and

vi. *Adequate Safeguard Against Risk.* Financing structure and budgetary safeguards are in place to prevent adverse impacts from interest rate shifts such structures could include, but are not limited to, interest rate caps and short-term cash investments in the County's General Fund.

An analysis by the Mayor and Finance Director and/or Financial Professionals, if any, shall be conducted to evaluate and quantify the risks and returns associated with the variable rate Debt including, but not limited to, a recommendation regarding the use of variable rate debt.

4) Zero Coupon Debt

Zero Coupon Debt may be used if an analysis has been conducted by the Mayor and Finance Director and/or Financial Professionals, if any, and the risks and returns associated with the Zero Coupon Debt have been made. The analysis shall include, but not be limited to a recommendation regarding the use of Zero Coupon Debt as the most feasible instrument considering available revenues streams, the need for the project and other factors determined by the Legislative Body.

5) Synthetic Debt

The County will not enter into any new interest rate swaps or other derivative instruments unless it adopts a Debt Derivative Policy consistent with the requirements of TCA and only after approval of the State Comptroller's office and affirmative action of the Legislative Body. To the extent the County has any current existing interest rate swaps or other derivative instruments, the County will monitor these agreements and any amendments consistent with the compliance report issued by the State Comptroller's Office at the time the agreements were previously authorized.

VIII. REFINANCING OUTSTANDING DEBT

The Mayor and Finance Director, in conjunction with Financial Professionals, if any, shall have the responsibility to analyze outstanding Debt for refunding opportunities. The Mayor and Finance Director will consider the following issues when analyzing possible refunding opportunities:

1) Debt Service Savings

Absent other compelling considerations such as the opportunity to eliminate onerous or restrictive covenants contained in existing Debt documents, the County has established a minimum net present value savings threshold of at least 3.0 percent of the advance refunded Debt principal amount. Current refunding opportunities may be considered by the County using any savings threshold if the refunding generates positive net present value savings. The decision to take less than 3.0 percent net present value savings for an advance refunding or to take the savings in any manner other than a traditional year-to-year level savings pattern must be approved by the Legislative Body or delegated to the County's Chief Executive.

2) Restructuring for economic purposes

The County may also refund Debt when it is in its best financial interest to do so. Such a refunding will be limited to restructuring to meet unanticipated revenue expectations, achieve cost savings, mitigate irregular debt service payments, release reserve funds or remove unduly restrictive bond covenants or any other reason approved by the Legislative Body in its discretion.

3) Term of Refunding Issues

Normally, the County will refund Debt equal to or within its existing term. However, the Mayor and Finance Director may consider maturity extension, when necessary to achieve desired outcomes, provided that such extension is legally permissible and it is approved by the Legislative Body. The Mayor and Finance Director may also consider shortening the term of the originally issued debt to realize greater savings. The remaining useful economic life of the financed facility and the concept of inter-generational equity should guide these decisions.

4) Escrow Structuring

The County shall utilize the least costly securities available in structuring refunding escrows. In the case of open market securities, a certificate will be provided by a third party agent, who is not a broker-dealer stating that the securities were procured through an arms-length, competitive bid process, that such securities were more cost effective than State and Local Government Obligations (SLGS), and that the price paid for the securities was reasonable within Federal guidelines. In cases where taxable Debt is involved, the Mayor and Finance Director, with the approval of bond counsel, may make a direct purchase as long as such purchase is the most efficient and least costly. Under no circumstances shall an underwriter, agent or any Financial Professionals sell escrow securities involving tax-exempt Debt to the County from its own account.

5) Arbitrage

The County shall take all necessary steps to optimize escrows and to avoid negative arbitrage in its refunding. Any positive arbitrage will be rebated as necessary according to Federal guidelines.

IX. METHODS OF ISSUANCE

The Mayor and Finance Director may consult with a Financial Professional regarding the method of sale of Debt. Subject to approval by the Legislative Body, the Mayor and Finance Director will determine the method of issuance of Debt on a case-by-case basis consistent with the options provided by prevailing State law.

1) Competitive Sale

In a competitive sale, the County's Debt will be offered in a public sale to any and all eligible bidders. Unless bids are rejected, the Debt shall be awarded to the bidder providing the lowest true interest cost as long as the bid adheres to the requirements set forth in the official notice of sale.

In a competitive sale, a financial advisor may bid on an issue for which they are providing advisory services only if:

a) Authorized by the rules and regulations of the Municipal Securities Rulemaking Board (the "MSRB"), including Rule G-23, as may be amended and modified;

b) The Legislative Body or designated official grants in writing specific authority on a transaction by transaction basis;

c) Such sale is properly carried out through a widely and publicly advertised sale, during normal bond sale hours, and through an industry standard, electronic bidding platform; and

d) The financial advisory fee is separately disclosed and billed from the underwriting fee.

2) Negotiated Sale

The County recognizes that some securities are best sold through a negotiated sale with an underwriter or group of underwriters. The County shall assess the following circumstances in determining whether a negotiated sale is the best method of sale:

a) State requirements on negotiated sales;

b) Debt structure which may require a strong pre-marketing effort such as those associated with a complex transaction generally referred to as a "story" bond;

c) Size or structure of the issue which may limit the number of potential bidders;

d) Market conditions including volatility wherein the County would be better served by the flexibility afforded by careful timing and marketing such as is the case for Debt issued to refinance or refund existing Debt;

e) Whether the Debt is to be issued as variable rate obligations or perhaps as Zero Coupon Debt;

f) Whether an idea or financing structure is a proprietary product of a single firm;

g) In a publicly offered or privately placed, negotiated sale, a financial advisor, if any, shall not be permitted to resign as the financial advisor in order to underwrite or privately place an issue for which they are or have been providing advisory services;

h) The underwriter shall clearly identify itself in writing as an underwriter and not as a financial advisor from the earliest stages of its relationship with the County with respect to the negotiated issue. The underwriter must clarify its primary role as a purchaser of securities in an arm's length commercial transaction and that it has financial and other interests that differ from those of the County. The underwriter in a publicly offered, negotiated sale shall be required to provide pricing information both as to interest rates and to takedown per maturity to the Legislative Body (or its designated official) in advance of the pricing of the debt.

3) Private Placement

From time to time, the County may elect to privately place its Debt. Such placement shall only be considered if this method is demonstrated to be advantageous to the County.

X. PROFESSIONALS

1) Financial Professionals

As needed, the County may select Financial Professionals to assist in its Debt issuance and administration processes. In selecting Financial Professionals, consideration should be given with respect to:

a) relevant experience with municipal government issuers and the public sector;

b) indication that the firm has a broadly based background and is therefore capable of balancing the County's overall needs for continuity and innovation in capital planning and Debt financing;

c) experience and demonstrated success as indicated by its experience;

d) the firm's professional reputation;

e) professional qualifications and experience of principal employees; and

f) the estimated costs, but price should not be the sole determining factor.

2) Miscellaneous

a) Written Agreements

i. Any Financial Professionals engaged by the County shall enter into written agreements including, but not limited to, a description of services provided and fees and expenses to be charged for the engagement.

ii. The County shall enter into an engagement letter agreement with each lawyer or law firm representing the County in a debt transaction. No engagement letter is required for any lawyer who is an employee of the County or lawyer or law firm which is under a general appointment or contract to serve as counsel to the County. The County does not need an engagement letter with counsel not representing the County, such as underwriters' counsel.

iii. The County shall require all Financial Professionals engaged in the process of issuing debt to clearly disclose all compensation and consideration received related to services provided in the debt issuance process by both the County and the lender or conduit issuer, if any. This includes "soft" costs or compensations in lieu of direct payments.

b) Conflict of Interest

i. Financial Professionals involved in a debt transaction hired or compensated by the County shall be required to disclose to the County existing client and business relationships between and among the professionals to a transaction (including but not limited to financial advisors, swap advisors, bond counsel, swap counsel, trustee, paying agent, underwriter, counterparty, and remarketing agent), as well as conduit issuers, sponsoring organizations and program administrators. This disclosure shall include that information reasonably sufficient to allow the County to appreciate the significance of the relationships.

ii. Financial Professionals who become involved in the debt transaction as a result of a bid submitted in a widely and publicly advertised competitive sale conducted using an industry standard, electronic bidding platform are not subject to this disclosure. No disclosure is required that would violate any rule or regulation of professional conduct.

XI. COMPLIANCE

1) Continuing Annual Disclosure

Normally at the time Debt is delivered, the County will execute a Continuing Disclosure Certificate in which it will covenant for the benefit of holders and beneficial owners of the publicly traded Debt to provide certain financial information relating to the County by not later than twelve months after each of the County's fiscal years, (the "Annual Report and provide notice of the occurrence of certain enumerated events. The Annual Report (and audited financial statements, if filed separately) will be filed with the MSRB through the operation of the Electronic Municipal Market Access system ("EMMA") and any State Information Depository established in the State of Tennessee (the "SID"). If the County is unable to provide the Annual Report to the MSRB and any SID by the date required, notice of each failure will be sent to the MSRB and any SID on or before such date. The notices of certain enumerated events will be filed by the County with the MSRB through EMMA and any SID. The specific nature of the information to be contained in the Annual Report or the notices of significant events is provided in each Continuing Disclosure Certificate. These covenants are made in order to assist underwriters in complying with SEC Rule 15c2-12(b) (the "Rule").

2) Arbitrage Rebate

The County will also maintain a system of record keeping and reporting which complies with the arbitrage rebate compliance requirements of the Internal Revenue Code (the "Code").

3) Records

The County will also maintain records required by the Code including, but not limited to, all records related to the issuance of the debt including detailed receipts and expenditures for a period up to 6 years following the final maturity date of the Debt or as required by the Code.

XII. DEBT POLICY REVIEW

1) General Guidance

The guidelines outlined herein are only intended to provide general direction regarding the future issuance of Debt. The County maintains the right to modify this Debt Policy and may make exceptions to any of its guidelines at any time to the extent that the execution of such Debt achieves the goals of the County as long as

such exceptions or changes are consistent with TCA and any rules and regulations promulgated by the State.

This Debt Policy should be reviewed from time to time as circumstances, rules and regulations warrant.

2) **Designated Official**

The Mayor and Finance Director are responsible for ensuring substantial compliance with this Debt Policy.

XIII. FEDERAL TAX COMPLIANCE (Amended 1/22/13)

Purpose

In order to issue tax-exempt debt obligations ("Tax-Exempt Obligations"), the interest on which is excluded from gross income of the holders of such debt obligations, Bradley County, Tennessee (the "County") must comply with federal tax rules regarding expenditure of proceeds, use of financed property, investment of proceeds in compliance with arbitrage rules, retention of records and filings with the Internal Revenue Service pursuant to Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"). This Tax Compliance Policy sets forth the County's policies for compliance with Sections 141-150 of the Code and related rules and regulations.

I. Expenditure of Proceeds

Expenditure of proceeds as set forth below will be reviewed and managed by the Finance Director ("Finance Director") as needed to ensure compliance with the requirements with each tax certificate executed in connection with Tax-Exempt Obligations. In connection with such review and management, the Finance Director will undertake the following with respect to the expenditure of proceeds of Tax-Exempt Obligations:

- Establish forms and procedures for documenting expenditures of the proceeds, including for new money issues a description of the property financed, with each expenditure and for refunding issues a description of the refunded obligations and the property finance with the refunded obligations.

- Only permit proceeds to be expended for capital expenditures, working capital if accompanied by an opinion of nationally recognized bond counsel, refunding of Tax-Exempt Obligations and other debt obligations used for the foregoing purposes, and costs of issuance of Tax-Exempt Obligations.

- Not permit amounts to be expended to pay capitalized interest on Tax-Exempt Obligations except during the actual construction period of financed property unless accompanied by an opinion of nationally recognized bond counsel.

- Restrict reimbursement of costs that were paid to the issuance of the Tax-Exempt Obligations to costs paid subsequent to, or not more than 60 days prior to, the date a "declaration of intent" to reimburse the costs was adopted by the County or as in otherwise approved by bond counsel.
- Prepare a "final allocation" of proceeds to uses, which will be made and retained with the records of the Tax-Exempt Obligations, no later than 18 months after the placed-in-service date of the finance property (and in any event not later than 5 years and 60 days after the issuance of the issue).

- Monitor the expenditure of proceeds of new-money Tax-Exempt Obligations against the tax certificate expectation to (i) spend or commit 5% of new sale proceeds within 6 months, (ii) spend 85% of net sales proceeds within 3 years, and (iii) proceed with due diligence to complete the project and fully spend the net sale proceeds.

- Monitor the expenditure of proceeds of the Tax-Exempt Obligations against the schedule for any arbitrage rebate exception or exceptions identified in the tax certificate related to such issue of Tax-Exempt Obligations.

II. Use of Property Financed with Tax-Exempt Obligations

Use of property financed with Tax-Exempt Obligations, when completed and placed in service, will be reviewed by the finance Director on at least an annual basis.

The County will not do any of the following with respect to the finance d property without prior discussion with bond counsel regarding potential effect of such action on the tax exemption of the Tax-Exempt Obligations that financed or refinanced such property:

- Enter into a management, service or incentive payment contract with any non-governmental person or entity (including the federal government) (a "Non-Governmental Person").

- Enter into a lease with any Non-Governmental Person.

- Sell or otherwise transfer such property to any Non-Governmental Person.

- Grant special legal entitlements with respect to such property to any Non-Governmental Person.

If any action occurs, notwithstanding the foregoing, that causes Tax-Exempt Obligations to become private activity bonds as a result of private use of financed projects and/or private payments for parties utilizing financed projects, the County will promptly consult with bond counsel as to the steps to be taken in order to remediate such change in use in accordance with the regulations under the Code, including the remediation of nonqualified bonds.

III. Investment of Proceeds

Investment of proceeds of Tax-Exempt Obligations in compliance with the arbitrage bond rules and rebate of arbitrage will be supervised by the Finance Director.

All proceeds of each Tax-Exempt Obligation will be deposited and maintained in a separate account or accounts. The investment of the proceeds of Tax-Exempt Obligations shall comply with the following:

- Investments will be purchased only in market transactions at fair market value.

- Calculations of rebate liability will be performed periodically as set forth in the tax certificate by outside consultants unless the County is eligible for an exception to rebate liability with respect to the Tax-Exempt Obligations.

- Rebate payments if required, will be made with Form 8038-T no later than 60 days after (a) each fifth anniversary of the date of issuance and (b) the final retirement of the Tax-Exempt Obligations. Compliance with rebate requirements will be reported to the bond trustee, if any, and the issuer.

- The County will identify the date for first rebate payment at the time of issuance if rebate payments are expected.

IV. Records

Management and retention of records related to Tax-Exempt Obligations will be supervised by the Finance Director.

- Records will be retained for the life of the Tax-Exempt Obligations plus any refunding bonds plus three years. Records may be in the form of documents or electronic copies of documents, appropriately indexed to specific bond issues and compliance functions.

- Retainable records pertaining to issuance of Tax-Exempt Obligations include the transcript of documents executed in connection with the issuance of the Tax-Exempt Obligations and any amendments, and copies of rebate calculations and records of payments including Form 8038-T.

- Retainable records pertaining to expenditures of proceeds of Tax-Exempt Obligations include requisitions, trustee statements (if any) and final allocation of proceeds.
- Retainable records pertaining to use of property include all agreements reviewed for nonexempt use and any reviewed documents relating to unrelated business activity.

- Retainable records pertaining to investments include GIC and hedge documents under the Treasury regulations, records of purchase and sale of other investments, and records of investment activity sufficient to permit calculation of arbitrage rebate or demonstration that no rebate is due.

V. Miscellaneous Post-Issuance Changes

The Finance Director will consult with bond counsel prior to engaging in any post-issuance credit enhancement transactions (e.g., letter of credit or bond insurance) or hedging transactions (e.g., interest rate swaps).

The Finance Director will consult with bond counsel prior to making any significant modifications to the bond documents that might cause a "reissuance" of the Tax-Exempt Obligations as described in Section 1.1001-3 of the Treasury regulations such as (i) changes in the yield of a Tax-Exempt Obligation, (ii) changes in the timing of payments on a Tax-Exempt Obligation or (iii) changes in the obligor of or security for a Tax-Exempt Obligation.

VI. Overall Responsibility

Overall administration and coordination of this policy is the responsibility of the Finance Director. The Finance director shall be responsible for identifying any violations of federal tax requirements relating to any Tax-Exempt Obligations and shall consult with bond counsel as to the best method for the timely correction of any identified violations either through available remedial actions or through the IRS's Voluntary Closing Agreement Program. The Finance Director shall be responsible for obtaining and providing for the training and education necessary to administer these policies and procedures.

AGGREGATE DEBT SERVICE

Bradley County, Tennessee
Total Combined Outstanding General Obligation Debt

Date	Principal	Interest	Treasury Rebate	Sequester	Total P+I
06/30/2016	4,430,000.00	2,722,269.58	(327,278.00)	28,473.18	6,853,464.76

Effective Date: 1/1/2007

BRADLEY COUNTY
INVESTMENT POLICY

I. Scope

This policy applies to the investment of operating funds. Except for cash in certain restricted and special funds, Bradley County will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated 50% to the County's General Fund and 50% to the County's Capital Project Fund. Investment income generated from investments purchased for a specific restricted fund will be allocated back to that fund.

II. General Objectives

The primary objectives, in priority order, of investment activities shall be safety, liquidity, and yield:

1. **Safety.** Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

    a. **Credit Risk.** Bradley County will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:
        - Limiting investments to the safest types of securities;
        - Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which Bradley County will do business;
        - Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

    b. **Interest Rate Risk.** Bradley County will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:
        - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations thereby avoiding the need to sell securities on the open market prior to maturity;
        - Investing operating funds primarily in short-term securities, money market mutual fund, or similar investment pools.

2. **Liquidity.** The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since not all possible cash demands can be anticipated, the portfolio should consist largely of securities with

active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in money market mutual funds or the Local Government Investment Pool which offer same-day liquidity for short-term funds.

3. **Yield.** The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is secondary importance compared to the safety and liquidity objectives described above. The cores of investments are limited to relative low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:

    - A security with declining credit may be sold early to minimize loss of principal;
    - A security swap would improve the quality, yield, or target duration in the portfolio;
    - Liquidity needs of the portfolio require that the security be sold.

III. Standards of Care

1. **Prudence.** The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing and overall portfolio. Investment officials acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

    Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

2. **Ethics and Conflicts of Interest.** Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the property execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same institution with which business is conducted on behalf of Bradley County.

IV. Safekeeping and Custody

1. **Authorized Financial Dealers and Institutions**. A list will be maintained of financial institutions authorized to provide investment services. All financial institutions who desire to become qualified for investment transactions must supply annual audited financial statements or be an active member of the State Collateral Pool. An annual review of the financial condition and registration of qualified financial institutions will be conducted by the Trustee if the bank is not a member of the State Collateral Pool.

2. **Internal Controls**. The Trustee is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of Bradley County are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

3. **Delivery vs. Payment**. All trades where applicable will be executed by delivery vs. payment (DVP) to ensure that securities are deposited in an eligible financial institution prior to the release of funds.

V. Suitable and Authorized Investments.

1. **Investment Types**. Consistent with Section 5-8-301, *Tennessee Code Annotated*, the following investments will be permitted by this policy:

    - Bonds, notes, or treasury bills of the U.S. as well as other obligations guaranteed by the U.S. or its agencies;
    - Certificates of deposit and other evidence of deposit of state and federally chartered banks and savings and loans associations, provided that these investments are properly secured;
    - Obligations of the U.S. or its agencies under a repurchase agreement if made accordingly to state funding board procedures and approved by the director of local finance;
    - The state investment pool;
    - State bonds, if they have a rating of A or higher;
    - Nonconvertible debt securities of the following federal government sponsored enterprises which are chartered by the United States Congress; provided, that such securities are rated in the highest category by at least two (2) nationally recognized rating services:

(A) The federal home loan bank;
(B) The federal national mortgage association;
(C) The federal farm credit bank;
(D) The federal home loan mortgage corporation;
(E) Any other obligations that are guaranteed as to principal and interest by the United States or any of its agencies.

- The county's own bonds or notes issued in accordance with T.C.A. 9-21-1104.
- Prime commercial paper if it is rated in the highest category by at least two commercial paper rating services and the paper has a remaining maturity of ninety days or less.

Investment in derivatives of the above instruments shall require authorization by the county legislative body.

2. **Collateralization.** Where allowed by state law and in accordance with the Governmental Finance Officers Association Recommended Practices on the Collateralization of Public Deposits, full collateralization will be required on non-negotiable certificates of deposit. Securities will be held by a third-party custodian as evidence by safekeeping receipts or a letter verifying participation in the Tennessee Collateral Pool.

3. **Repurchase Agreements.** Repurchase agreements shall be consistent with GFOA Recommended Practices on Repurchase Agreements.

VI. Interest Parameters.

1. **Diversification.** The investments shall be diversified by:

- Limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities),
- Limiting investment in securities that have higher credit risks,
- Investing in securities with varying maturities, and
- Continuously investing a portion of the portfolio in readily available funds such as the Local Government Investment Pool (LGIP), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

2. **Maximum Maturities**. To the extent possible, Bradley County shall attempt to match its investments with anticipated cash flow. Bradley County will not directly invest in securities maturing more than two (2) years from the date of purchase. Bradley County shall adopt weighted average maturity limitations (which often range form 90 days to 2 years), consistent with the investment objectives. There can be no investments with maturities over two years, unless an investment committee is established by the legislative body per TCA 5-8-301. No more than twenty percent (20%) of the lowest idle fund balance in the last five (5) years or twenty percent (20%) of the idle funds available at the time of investment, whichever is less, may be invested in maturities of greater than two (2) years but not greater than five (5) years from the date of investment per TCA 5-8-301. An investment committee established by the legislative body may approve investments in maturities greater than five (5) years, but they must also be approved by the state director of local finance per TCA 5-8-301.

   Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding two (2) years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of funds. The intent to invest in securities with longer maturities shall be disclosed in writing to the legislative body.

   Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds such as the LGIP, money market funds, or overnight repurchase agreements to ensure that appropriate liquidity is maintained to meet ongoing obligations.

VII. Reporting.

1. **Methods**. The Trustee shall prepare an investment report annually and present it to the governing body at the 2nd official voting meeting in August of each year. This will include a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last year. This management summary will be prepared in a manner which will allow the county legislative body to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report will include the following:

   - Listing of individual securities held at the end of the reporting period.
   - Realized and unrealized gains or losses resulting from appreciation or depreciation by listing the cost and the market value of securities over one-year duration that are not intended to be held until maturity.
   - Average weighted yield to maturity of portfolio on investments as compared to applicable benchmarks.
   - Listing of investment by maturity date.
   - Percentage of the total portfolio which each type of investment represents.

2. **Performance Standards.** The investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio should obtain a market average rate of return during a market/economic environment of stable interest rates. A series of appropriate benchmarks shall be established against which portfolio performance shall be compared on a regular basis.

VIII. Policy considerations.

1. **Exemption.** Any investment currently held that does not meet the guidelines of this policy shall be exempted from the requirements of the policy. At maturity or liquidation, such monies shall be reinvested only as provided by this policy.

2. **Amendments.** This policy shall be reviewed on an annual basis. Any changes must be approved by the Trustee and any other appropriate authority, as well as the individual(s) charged with maintaining internal controls.

INTRODUCTION

Long-term financial planning is used to identify future financial challenges and opportunities through financial forecasting and analysis, and then, based on that information, to devise strategies to achieve financial sustainability.

Long-term financial planning is not just a staff-driven process. It is consensus-driven and inclusive, involving elected officials, staff, and the public. Inclusiveness is important because a viable long-term financial plan must satisfy two requirements that can at times be difficult to reconcile. First, the plan must result in strategies to achieve and maintain financial sustainability. Second, the plan must identify how the government will provide a consistent level of services and address issues of major concern to the community within financial constraints. Forging a plan that will gain the support of elected officials, staff and the public is critical for successful implementation.

The benefits of long-term financial planning include:

- **Balanced Budgets: Long-term planning makes government mindful of the long-term impacts of today's decisions, setting the stage for balanced budgets in successive years by avoiding temporary solutions.**
- **Reduce Conflict During Budgeting: Financial planning is organized around a consensus-based set of service and financial goals, which sets boundaries on the budget process and creates an understanding of budget priorities.**
- **Sustainable Growth: Long-term planning optimizes government's ability to manage growth. It enables a financial strategy to be developed that can balance needs of new residents with existing residents.**
- **Manage Low, No, or Negative Growth: Long-term planning is important for communities experiencing little or no growth and cannot depend on revenue from new development to "grow their way out" of financial imbalance.**
- **Stable Tax Rates: Long-term planning and forecasting identifies potential peaks and valleys in future revenues and expenses, allowing governments to take countervailing action ahead of time.**
- **Better Service Planning: Effective financial planning requires making decisions about the level of service that government will provide over a multi-year period.**

COUNTY MAYOR'S SUMMARY

It is my belief that undertaking a regular financial planning process is extremely important for Bradley County. The fundamental purpose of the financial plan is to evaluate current and future fiscal conditions to guide policy and programmatic decisions.

A financial plan is a fiscal management tool that presents forecasted information based on current and projected financial conditions to identify future revenue and expenditure trends that may have an immediate or long-term influence on County policies, strategic goals, or community service.

The financial plan assists in the formation of decisions that exercise fiscal discipline and deliver essential community services as an integral part of the annual budgeting process.

Here are some reasons for undertaking a regular financial planning process:

I. To determine financial position and condition. Regularly highlights long-term financial condition and issues.

II. To build the case for action. Make everyone aware of long-term issues and increase their desire to confront them.

III. To develop a mix of strategies. Make sure you have long-term strategies to complement your short-term ones.

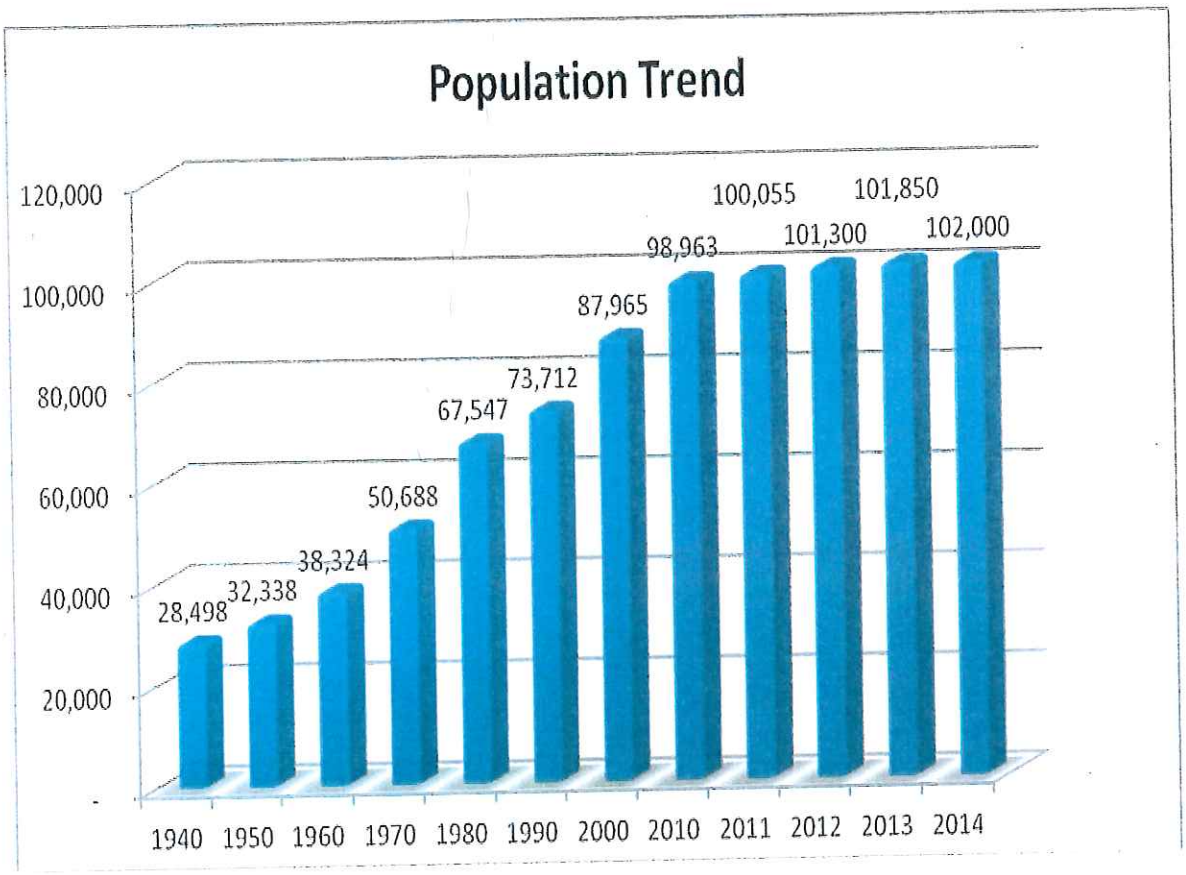
IV. To build trust with citizens. Citizens desire increase accountability and trust. Financial planning provides great accountability for how resources are used.

V. To comply with rating agency expectations. Financial planning is described by Standard and Poor's as one of the "top 10 management characteristics of highly rated credits."

FINANCIAL ENVIRONMENT ANALYSIS

Bradley County is a growing area of Tennessee despite the economic downturn which has affected many parts of our country. Business' as well as individuals recognize the tremendous value the County enjoys in its quality of life as demonstrated in our strong position financially and our future is bright due to the sound management practices that have enabled the County to maintain solid fund balances and reserves.

Bradley County has grown tremendously over the last five decades and the trend is expected to continue for many years. Currently, the County's estimated population is 98,963 as of the 2010 census with a projected population as of June 30, 2013 of 101,850.



The unemployment rate for the county as of June 2014 is 7.0 percent, which is slightly higher than the past year. The state's average unemployment rate is 7.4 percent and the national average is 6.1 percent. Inflationary trends in the region compare favorably to national indices.

With a changing financial environment and growing community responsibilities, particularly with the level property tax revenues growth over the last four years, the County's financial plan presents a challenging outlook over the next few years.

Based on the assumptions included in this plan, gap closure between projected revenues and expenditures over the planning horizon will require the county to be cognizant of financial conditions when making decisions and continue to make additional operational changes when possible. Such changes will require the County to continue to concentrate on a variety of core financial principles, as outlined below:

- **Revenues**
  - **A diversified revenue base is key to fiscal health. Continue to seek new revenue sources, balancing between those receiving the public benefit and those paying for the service.**
  - **Maintaining a diversified revenue base requires diligence. Adjust current fees when appropriate.**
  - **Effective governance is the result of effective partnerships. Ensure the State maintains its revenue sharing promises. County services mandated by another government should be funded by that government.**

- **Expenditures**
  - **Concentrate public services on those considered core County services and vital to the development of the community.**
  - **Seek innovative programs for delivering public services beyond current operating standards.**
  - **Educate State Legislators on the impact of new and pending State mandates, particularly as they relate to Public Safety.**
  - **Continue to see and implement opportunities to minimize growth in the jail population.**

REVENUE & EXPENDITURE FORECASTS

- **General Fund – 101**
- **Fire Fund – 125**
- **Pike Road Fund – 131**
- **General Debt Service Fund – 151**

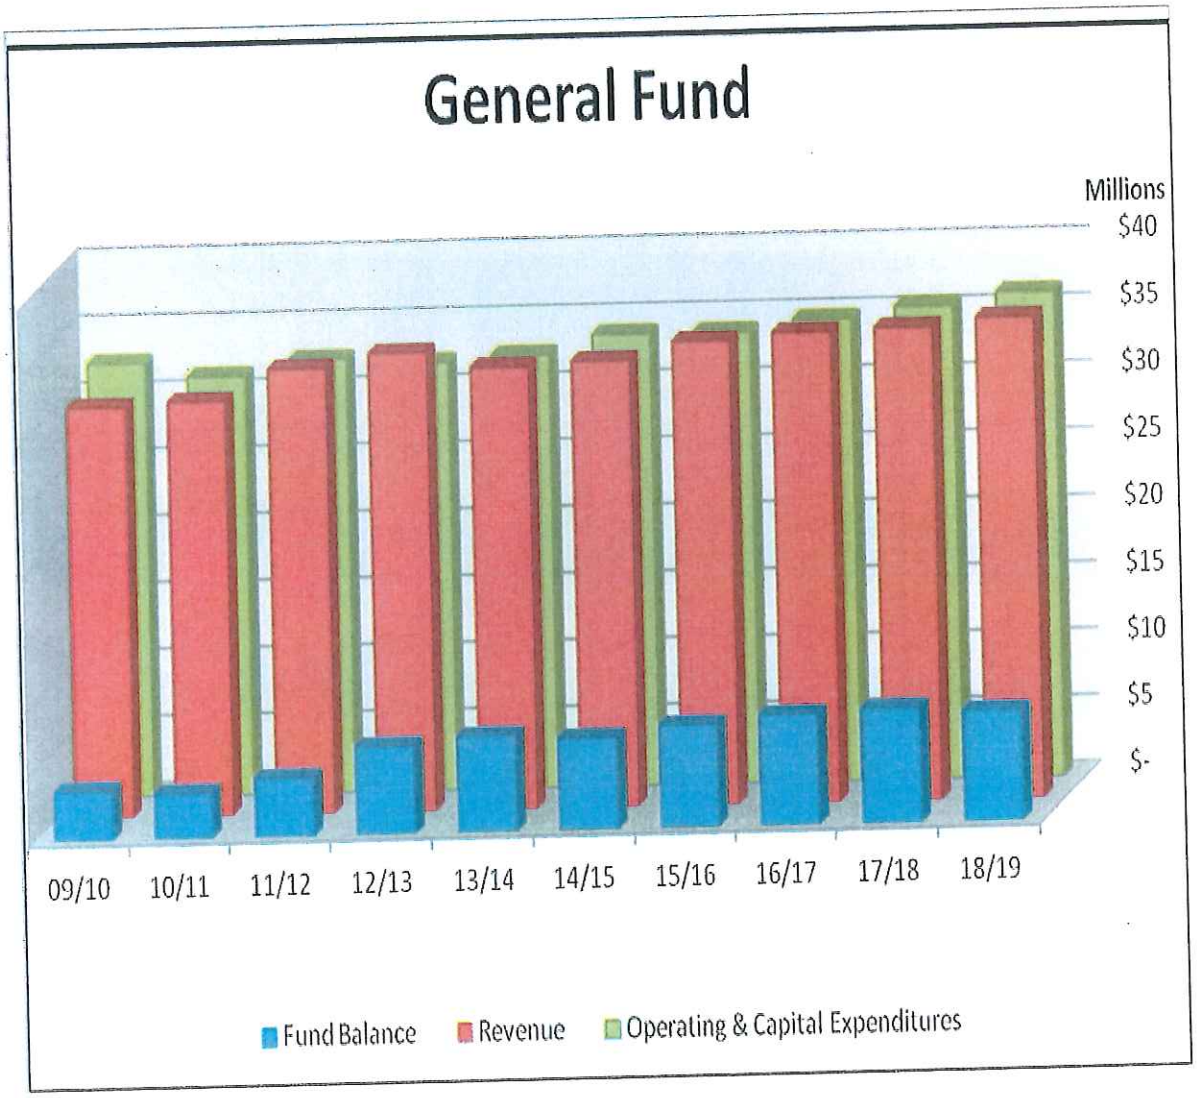
Fund Balance Reserve Growth from 11% to 15% to meet Fund Cash Flow Needs
Pilot Reallocation 2 ¢



While weathering some of the worst economic times in almost 80 years, Bradley County even with no revenue growth but with careful use of available funds (fund balances and current year revenues), was able to manage the allocation of expenditures to insure normal operations of services to our citizens.

In the worst years (2009/2010 and 2010/2011) and even though Bradley County employees did not see any increases in salaries, there were no lay-offs resulting from this financial challenge and no tax increase and no reduction in services to our community.

BRADLEY COUNTY, TENNESSEE LONG RANGE PLAN

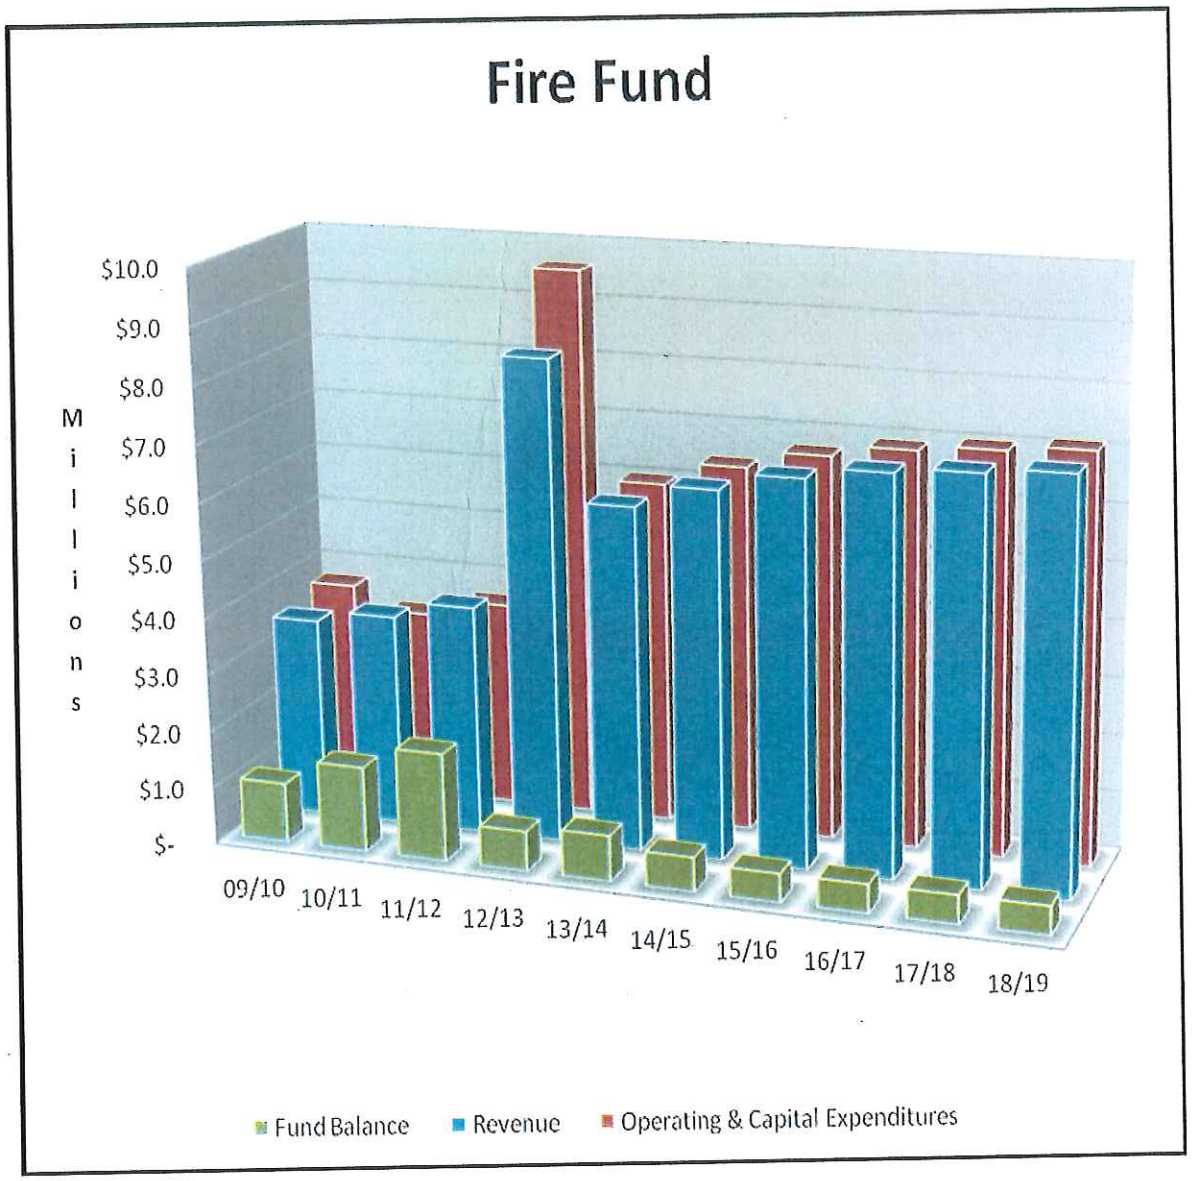
(7) First year of Wacker



Fiscal year 2012/2013 began the build-up of the Bradley County Fire Department as the fire contract with the City ended 6/30/2013. This included the hiring of 39 new employees and building and equipping three additional stations.

The plan is for revenue to exceed expenses by 2018/2019 with a gradual increase in fund balances, with a few exceptions, to account for the additional responsibilities in covering the entire County outside the city limits.

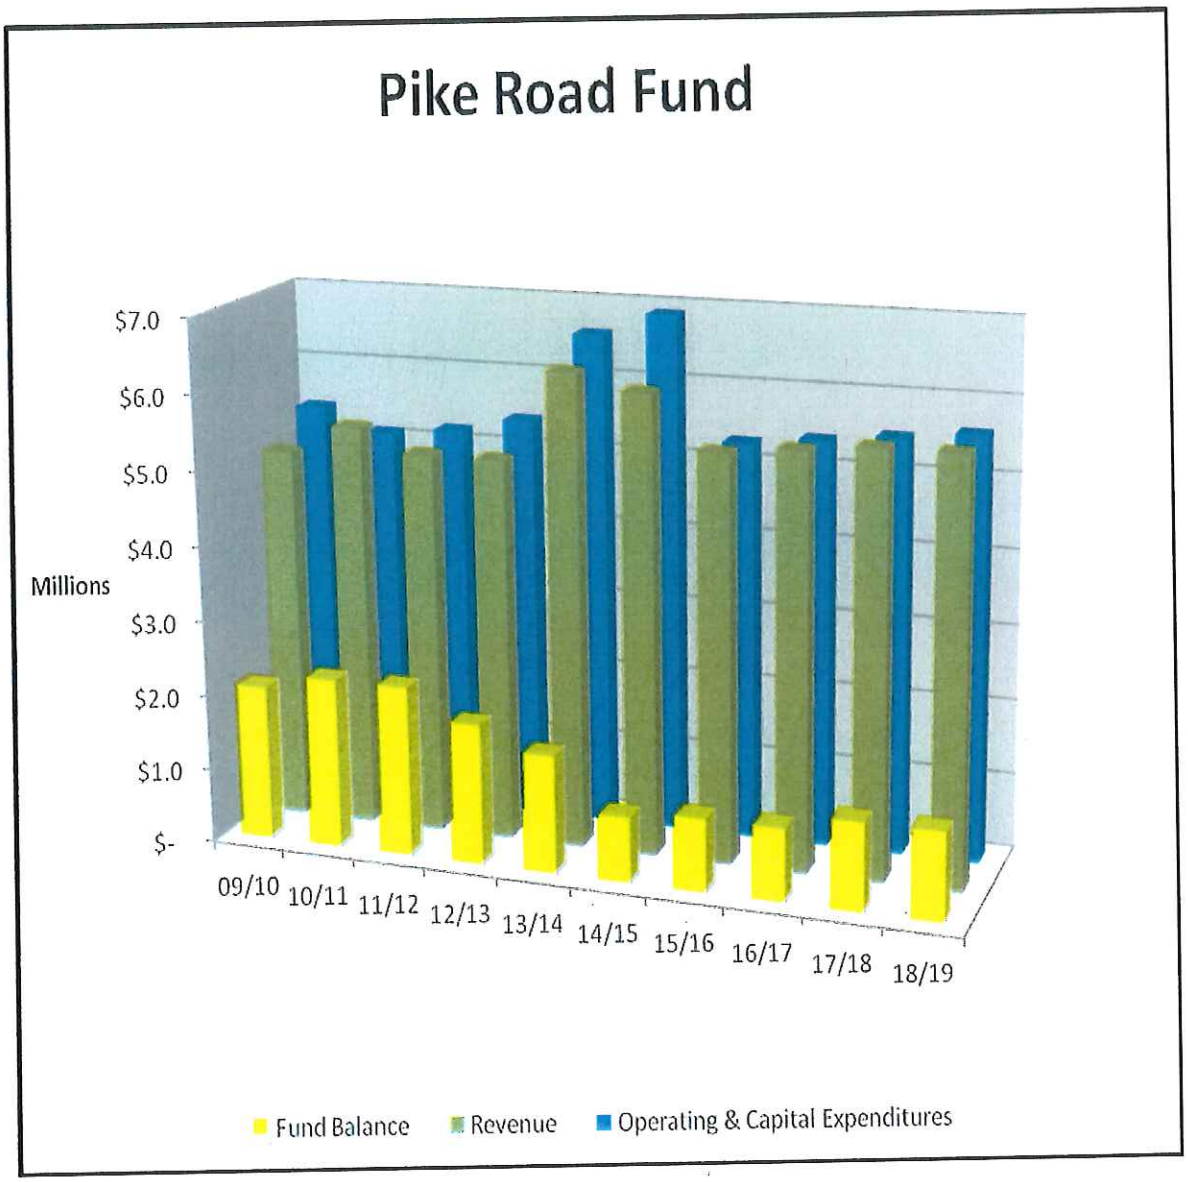
0.0086 ¢ Reallocated due to Pilot



2014/2015 shows an increase in highway and bridge maintenance as well as minor capital purchases which had been delayed in prior years due to budget restraints.

Ongoing projections show revenues outperforming expenditures allowing for growth in the Road Department fund balance.

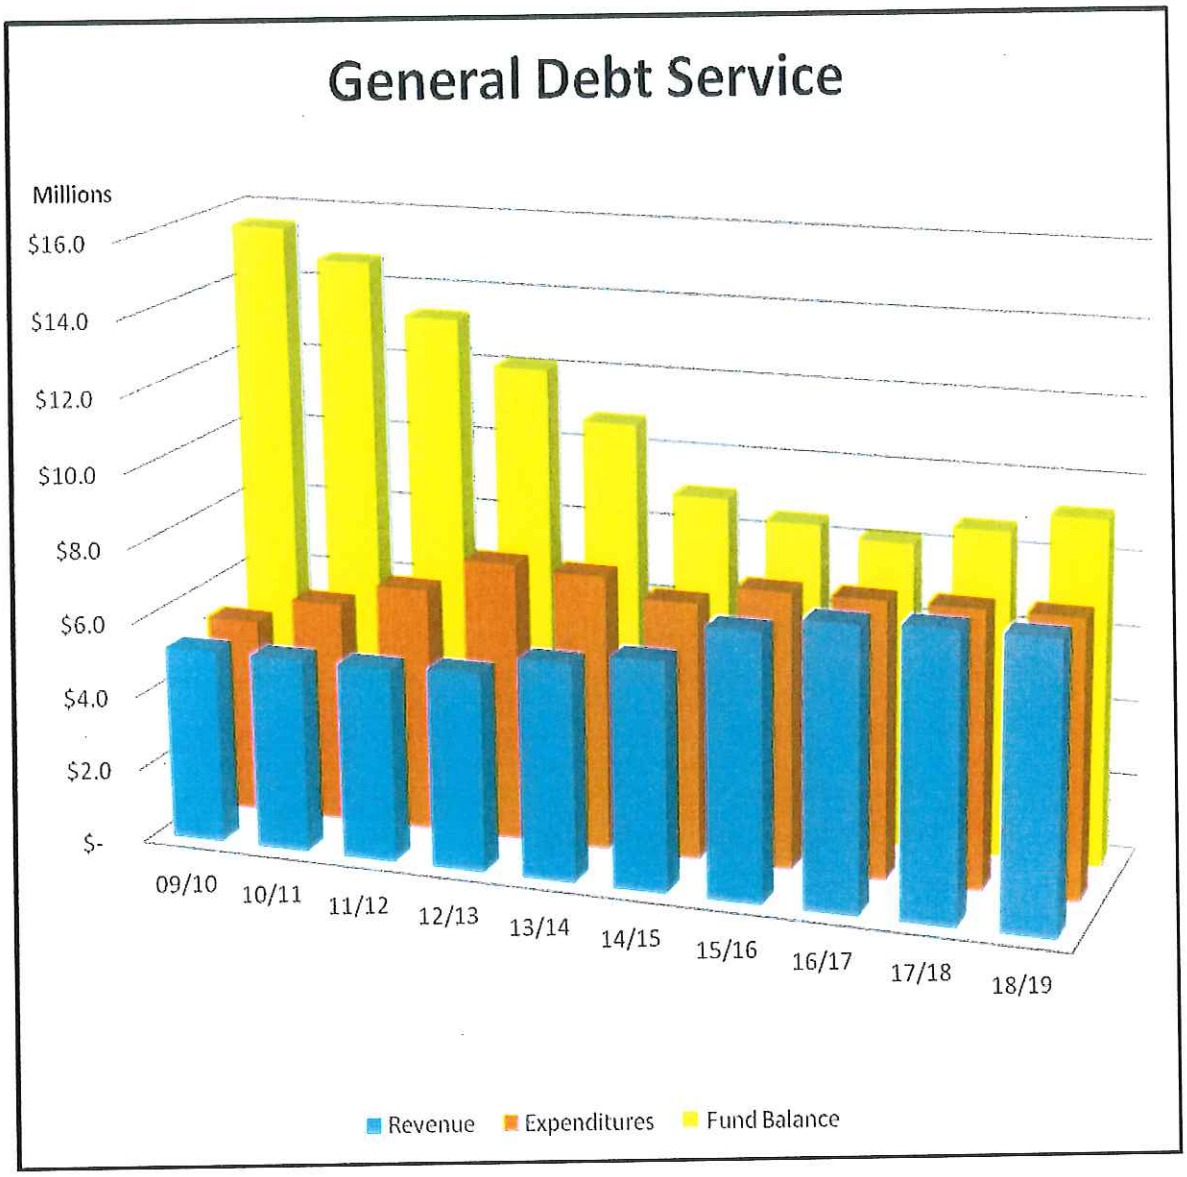
1 Moved 4¢ From Community Development
2 Moved 1¢ From Community Development



Beginning in 2010/2011 a portion of property tax revenue was moved out of Debt Service Fund and moved to Community Development Fund to fund ongoing commitments. This allowed a reduction of fund balance in Debt Service to be more in line with the recommendations of our auditors and to prevent an arbitrage situation with the IRS.

In 2015/2016, 2017/2018 and 2018/2019 the property tax revenue will be moved back to Debt Service Fund to assure debt payments will be fully funded.

DEBT ANALYSIS

An important part of evaluating financial condition is the analysis of debt. Debt structure is critical in any financial analysis because debt represents a long-term fixed cost, and debt service is an explicit expenditure obligation that must be satisfied when due.

Debt capacity reviews existing and proposed indebtedness to determine the most appropriate way to fund existing obligations, and to assess how much debt is affordable in the future. Debt affordability is a methodology for comprehensively developing capital budgets, taking into account financial and economic resources as well as infrastructure needs.

When used appropriately, debt is an effective tool for financing long-term capital improvements and matching the streams of costs and benefits over the useful lives of capital assets. The issuance of debt allocates the costs of capital assets across their useful lives, and accomplishes intergenerational equity, stretching out the burden of financing long-lived assets across generations of citizens and taxpayers, and helping to maintain stable tax rates.

While debt is an effective way to finance capital improvements, excessive reliance on debt, even when used exclusively for capital projects, can lead to financial strain, limited budget flexibility, and long-term financial difficulty. The under-utilization of debt as a financial tool may be an indicator of insufficient maintenance of infrastructure and other capital needs or an excessive tax rate that does not accomplish intergenerational equity.

Optimally, debt would be proportionate to the size and growth of the property tax base, would not extend beyond the useful life of the facilities and assets which it finances and would not be used to balance the operating budget.

The objectives of this analysis are:

- **To conduct a review of existing debt.**
- **To objectively evaluate the current debt situation using generally recognized core indicators.**
- **To determine the prudent level of future debt authorizations.**

- **To incorporate long-term financial planning into the current capital improvement decision process.**

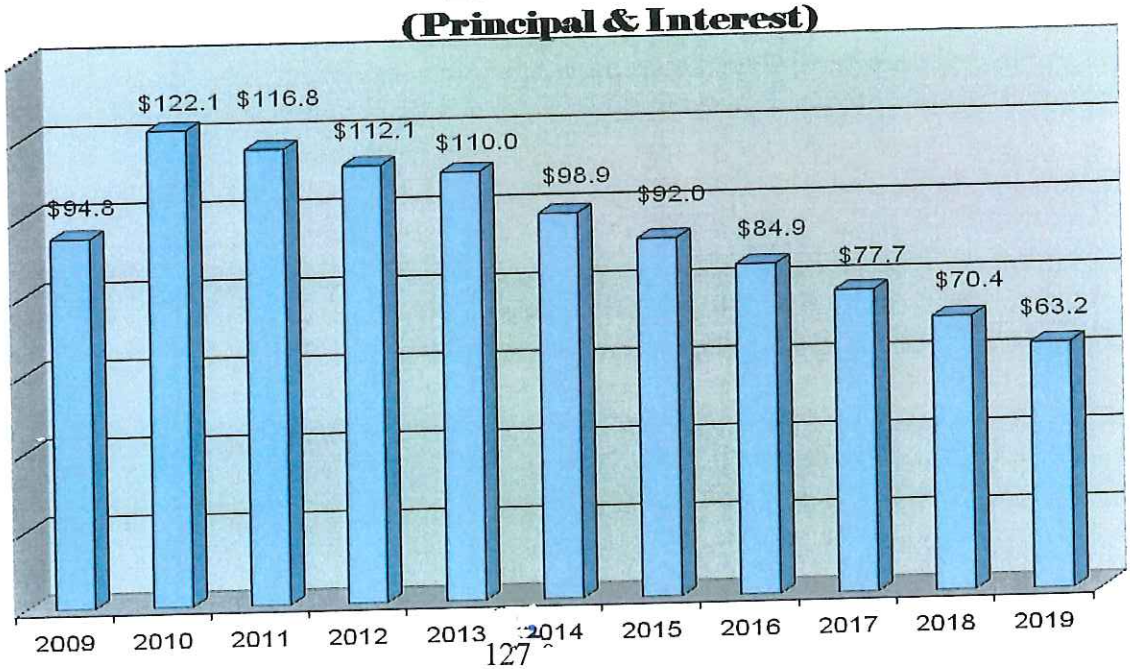
EXISTING DEBT

There are two primary measures of debt: outstanding debt and debt service. Outstanding debt measures the total dollar amount of principal that must be repaid, usually measured in terms of property value or population. The fair market value of all taxable property is an approximation of the community's wealth available to meet long-term obligations, and is the predominant measure used by counties that rely on property taxes as the source of funds to retire outstanding debt. Debt per capita reflects the philosophy that all taxes used to retire outstanding debt principal are paid by the citizenry.

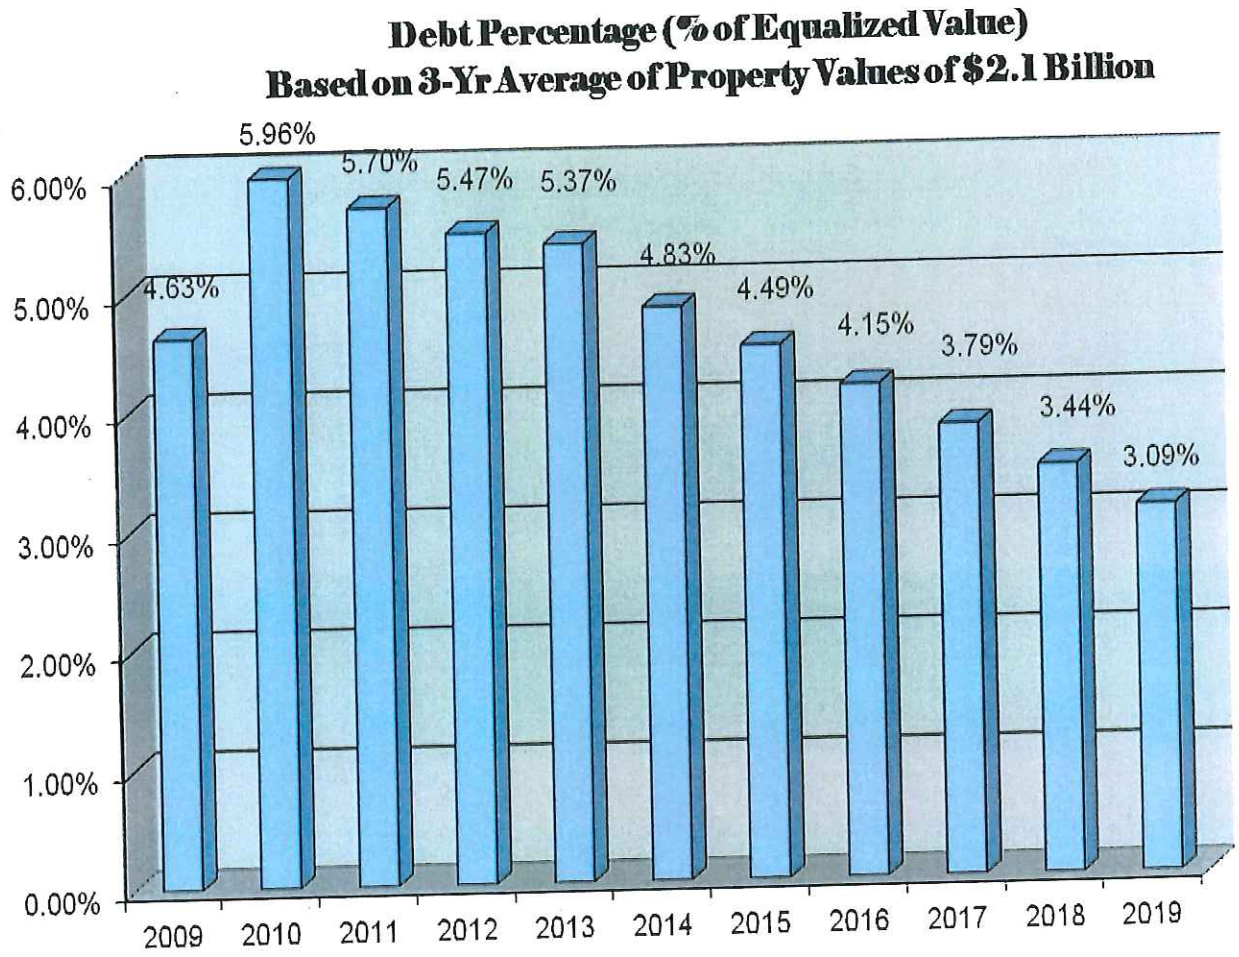
Annual debt service requirements are generally considered a more meaningful measure than total debt outstanding from a budgetary perspective. Projecting future debt service requirements – principal and interest – is more important for long-term financial planning because of the fixed cost nature of the obligation on future budgets.

To accurately measure the full amount of debt for which Bradley County taxpayers are responsible, measurements of long-term debt involves an analysis of total direct debt – debt (including interest) that the county is explicitly obligated to pay. Total direct debt increased significantly in 2010, mostly as a result of school building construction authorizations.

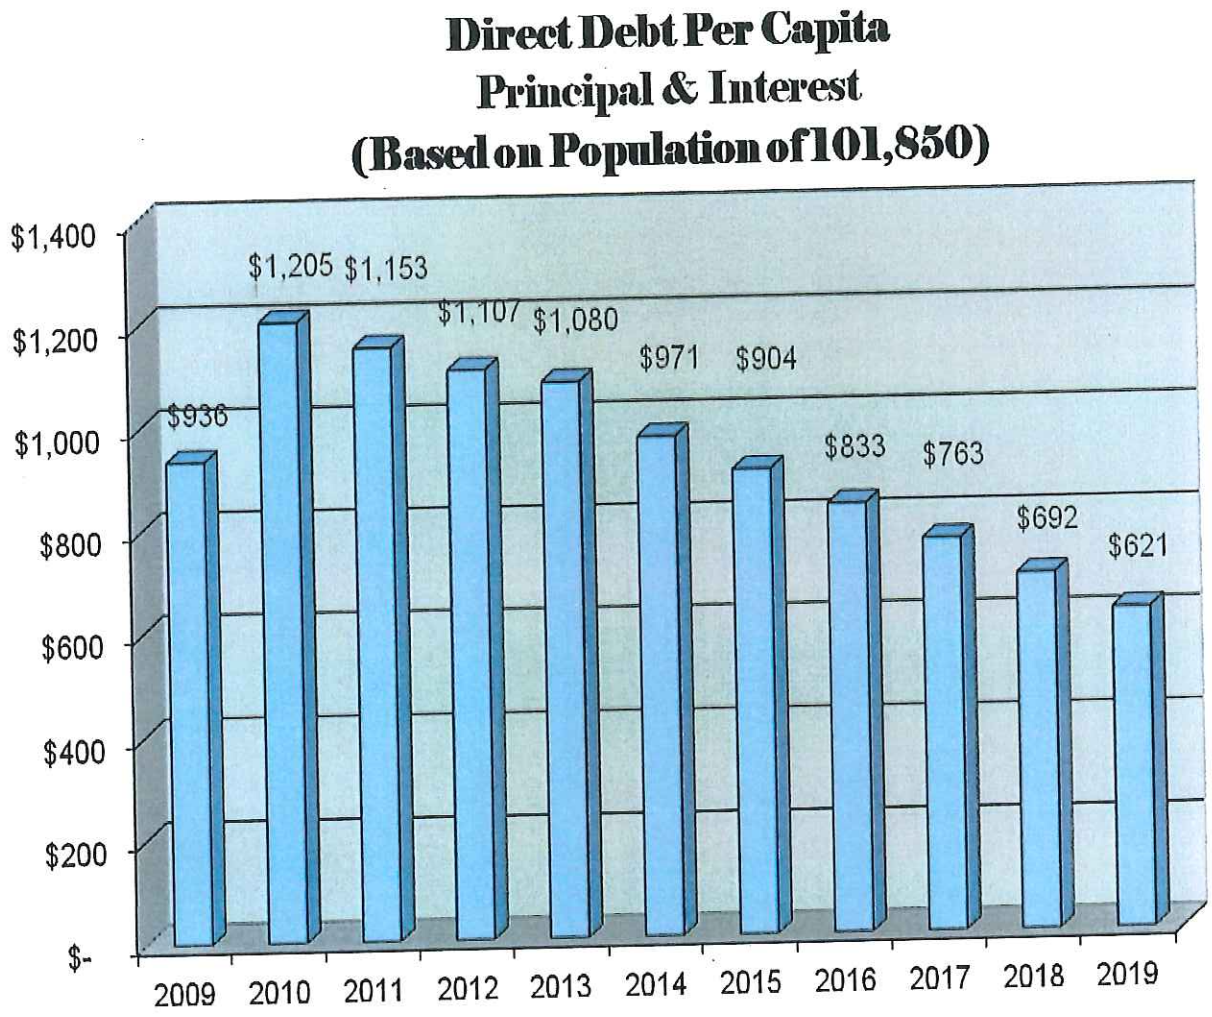
Total Direct Debt
(Principal & Interest)



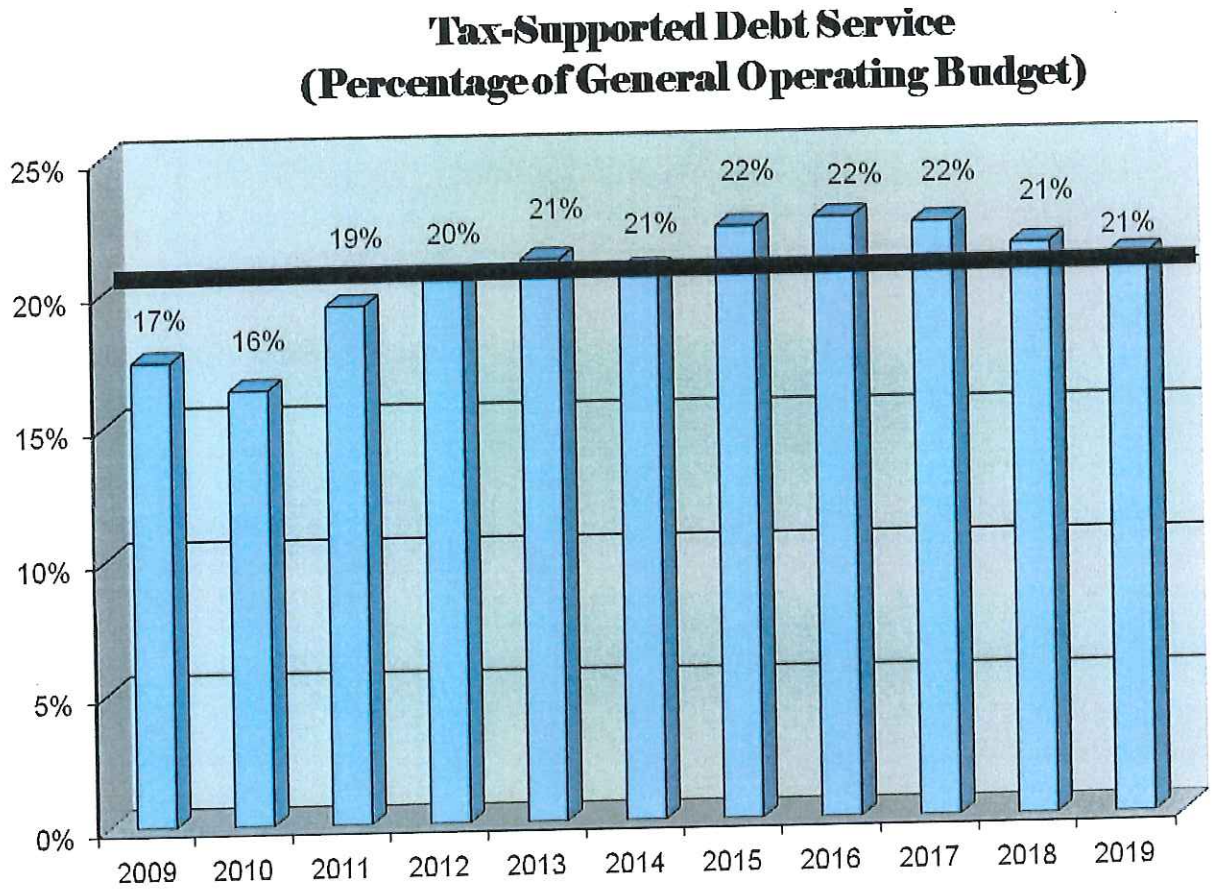
Direct debt is typically measured as a percentage of the fair market value of all property. Normally the fair market value is referred to as the equalized value, and a three-year average is used to calculate the net debt percentage. The fair market value of property measures the wealth, or capacity, of the tax base to support present and future revenue needs, particularly those related to the payment of debt obligations. This measure is considered to be the most appropriate debt burden indicator for local governments that rely on the property tax as the primary source of revenue.



Debt per capita is another standard measure used by rating agencies, credit analysts, and investors to evaluate debt burden. The amount of net tax-supported debt is divided by population, resulting in the dollar amount of debt per person. Debt per capita measures the amount of debt outstanding for each citizen.

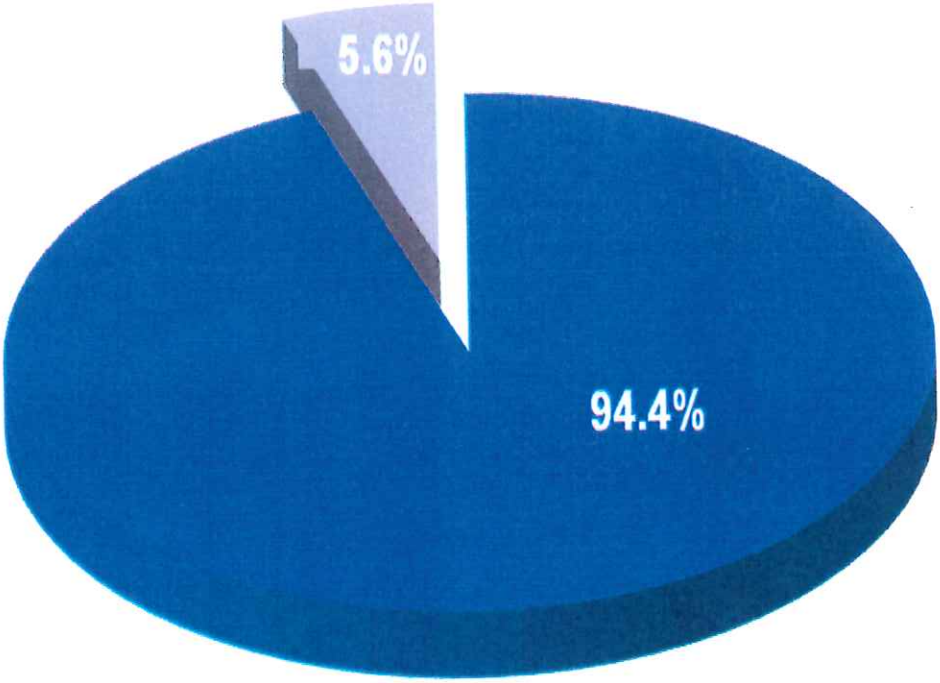


The real measure of whether debt is excessive is determined by the impact of debt service requirements on the county budget, and whether future expenditure flexibility will be compromised to fund today's obligations. Debt service is an explicit obligation that must be paid and, therefore, is a fixed operating cost. This indicator is used to measure the impact of debt service requirements on operating position; i.e. it is a measure of financial flexibility. Generally, debt service begins to "crowd" other operating priorities out of the budget when it exceeds 10% to 15% of the total operating budget. Annual debt service requirements are considered excessive when they exceed 20% of operating revenues. Note – exceeding 20% is not necessarily an issue with too much debt. It is also an indicator that revenue (taxes) is too low or the county is trying to pay debt too fast. Bradley County's debt service as of June 30, 2014 was 21% of the general fund budget. It is definitely a consideration when the County is planning future debt expansion.



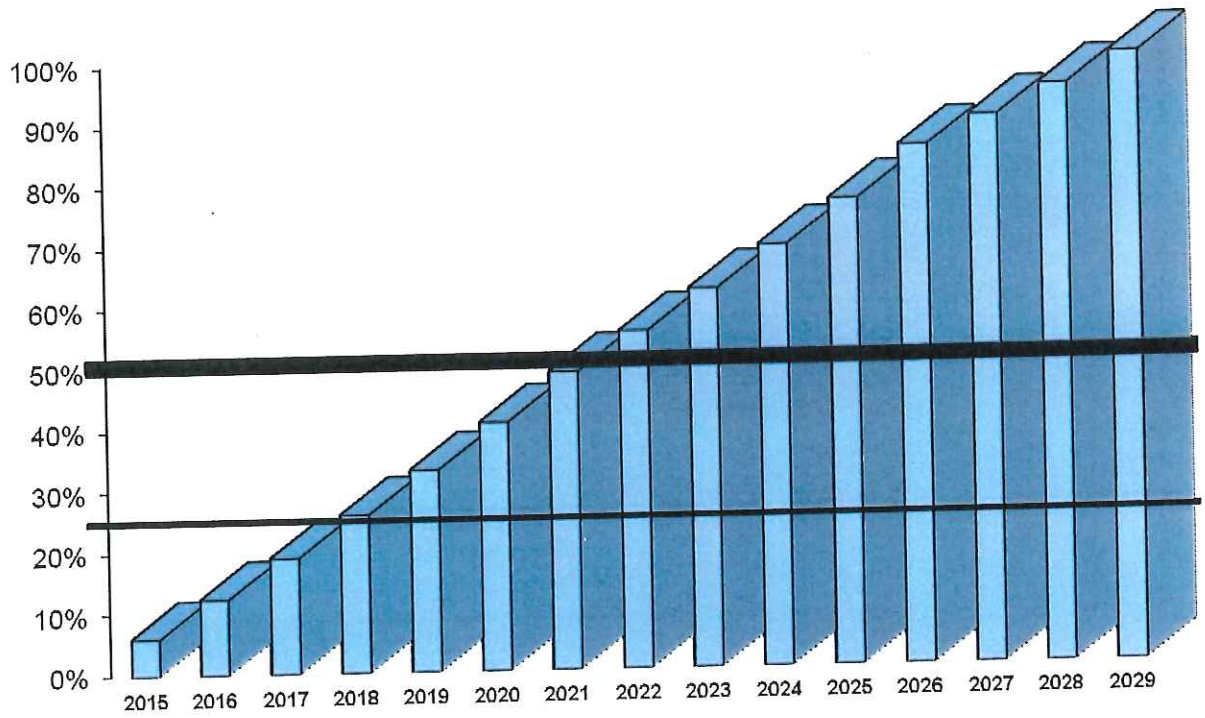
For local governments debt service as of portion of overall spending average at approximately 8% to 10%. As of 6/30/2014, Bradley County averaged 5.6% which is well below the average most rating agencies expect to see.

Debt Expense to Total Government Expense



Principal amortization measures the cumulative percentage of existing long-term debt that is retired by year – the extent to which repayments create capacity for future debt issuance. An amortization schedule that delays the repayment of the majority of debt to the future is "back-ended" and such practices of ballooning debt service create, for practical purposes, a contingent liability. A repayment schedule in which 25% of outstanding principal is retired within five years, and 50% of principal is retired within 10 years, is generally considered acceptable for creating additional borrowing capacity in future years. Bradley County's current amortization schedule will retire 33% of existing debt in five years, and 69% in ten years. This is a high percentage when you consider that schools, including a high school, have a much longer useful life.

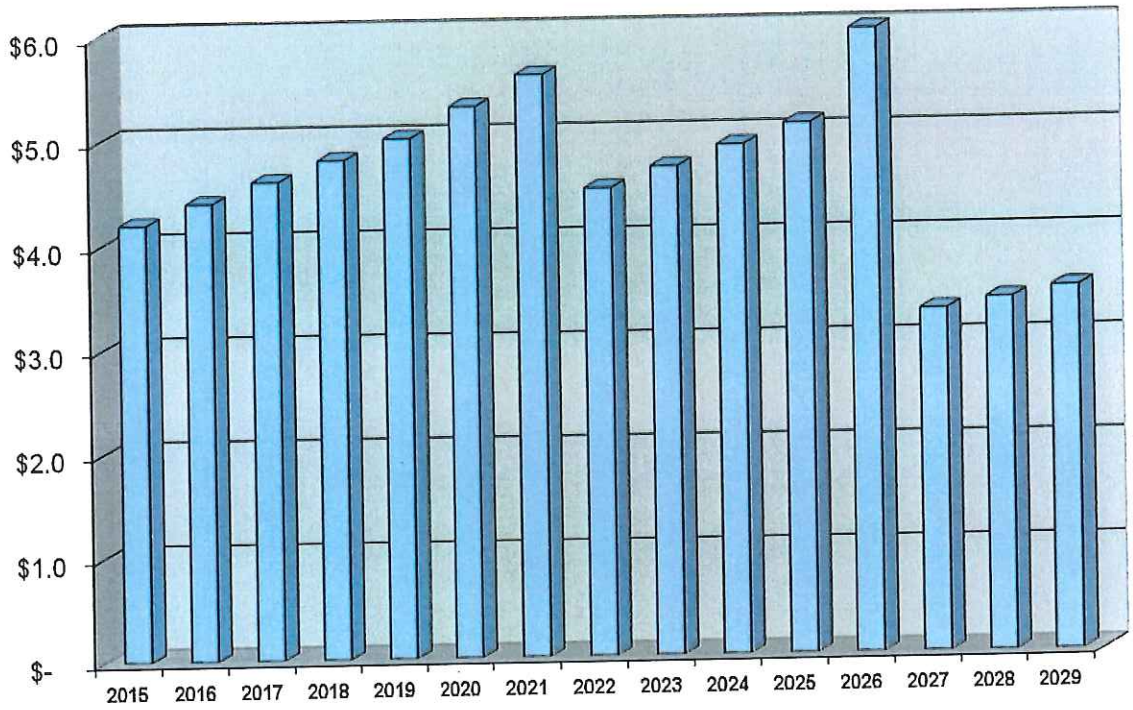
Debt Service Principal Amortization
Existing Long-Term Debt



FINANCIAL STRATEGIES

The challenge of managing debt structure lies not in the amount of debt outstanding, which is quite reasonable when measured by any standard indicator, but the amount of new long-term debt that may be issued.

Principal Maturity Schedule
(Existing Long-Term Debt)



Some possible scenarios are:

- **Since long-term interest rates are at a recent historical low point, it would seem prudent to finance all unfunded debt at this time to minimize the long-term debt service costs. However, interest rate levels are not the primary consideration when determining the timing of long-term bond issues. It is more important to gauge whether additional long-term debt service is affordable considering the current operating budget. The addition of substantial amounts of new debt service can severely restrict budget flexibility and result in significant tax rate increase or a reduction in services.**

- **Maturity schedules can be established to lower principal payments in the first several years and then gradually increased in later years as the debt service requirements of existing long-term debt decrease.**
- **The ratio of debt service to revenues is calculated as this measure is considered the most important debt capacity indicator.**

The scenarios presented here do not assume any approvals by outside agencies. Level principal payments are used, and long-term debt is assumed to be issued in the first six months of the fiscal year – thereby requiring a semi-annual interest payment in the same year of issuance, but no annual principal payment until the following fiscal year. Total maturity periods are based on the weighted average estimated useful life of the assets being financed, to a maximum of 20 years for market purposes.

These scenarios are intended only to provide guidance on when to issue long-term bonds and do not assume any new debt authorizations or expansion of existing capital projects.

COOPERATION

As stated previously, long-term financial planning is not just a staff-driven process. It is consensus-driven and inclusive, involving elected officials, staff, and the public. Inclusiveness is important because a viable long-term financial plan must satisfy three requirements that can at times be difficult to reconcile.

- **First, the plan must result in strategies to achieve and maintain financial sustainability.**
- **Second, the plan must identify how the government will provide a consistent level of services and address issues of major concern to the community within financial constraints.**
- **Third, forging a plan that will gain the support of elected officials, staff and the public is critical for successful implementation. It requires reaching out to stakeholders inside and outside the government and a rigorous technical analysis.**

BRADLEY COUNTY
Fringe Benefits Summary

The County provides a comprehensive package of fringe benefits for employees. The package includes the following:

Direct Deposit of Paychecks
Bradley County offers employees the convenience of having their paychecks directly deposited into their bank accounts. Bradley County has the capability to direct deposit into any bank or credit union that accepts direct deposits. This benefit is offered to all employees paid through the Human Resources department.

Health Insurance Coverage
The Bradley County Health Insurance Plan covers County employees. The County and its employees are currently paying the following rates for health insurance coverage as of 7/1/2015:

TYPES OF PLAN	COUNTY COST	EMPLOYEE COST	TOTAL COST
PLAN 1 SINGLE	$515.50	$ .00	$ 515.50
PLAN 1 FAMILY	$515.50	$762.38	$1,277.88
PLAN 2 SINGLE	$515.50	$ .00	$ 515.50
PLAN 2 FAMILY	$515.50	$554.10	$1,069.60
PLAN 4 SINGLE	$515.50	$ .00	$ 515.50
PLAN 4 FAMILY	$515.50	$669.42	$ 1,200.37

Details of the coverage are available in the employee health benefit handbook.

Life Insurance Coverage:
The County currently provides $10,000 of Term life and accidental death and dismemberment insurance for all full time employees. There is no cost to employees for this coverage.

Paid Sick Leave:
Employees are credited with one day of sick leave per month (number of hours equivalent to normal daily work schedule). Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; however, credit is given for unused sick leave for employees retiring under the County's retirement plan.

Special Leave Without Pay:
Employees are granted time off from work with or without pay at the discretion of the Department Head for various occasions. Bereavement leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury Service is granted with pay provided the jury service pay is turned in to the County. Military leave is granted with pay for a period not to exceed 15 calendar days in a 12-month period.

Paid Vacation Leave:
Employees earn vacation leave on a monthly accrual basis based on length of service. The following days of vacation are earned on an annual basis. Accumulation caps at 30 days at the end of the fiscal year. Any days over the 30 days on June 30th are rolled into "TCRS Sick" which will be credited toward the retirement benefits upon termination of employment. Earned vacation is paid upon termination of employment, up to the cap of 30 days.

Years Service	Days Vacation per Year
0-1	6
1-9	12
10+	18

Paid Holidays:
Employees are paid for 12 holidays annually either with time off or additional compensation. The paid holidays are:

New Years Day
M.L. King Birthday
President's Day
Good Friday
Memorial Day
Independence Day
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Retirement Plan:
County Employees are covered by the Tennessee Consolidated Retirement System. The County pays the full cost of membership for employees. The current contribution rate is 13.62 % of gross wages. Current options include probationary period buyback, sick leave credit, "TCRS Sick" credit, option I death benefit, 25-year retirement, 5 year vesting, prior service buyback, and military service credit.

Retiree Premium Reduction Plan:
The County allows retirees under age 65 to remain on the County's health insurance coverage until they reach age 65. The County pays a percentage of the retiree's individual premium

based on years of service to the County. Retirees must have 10 years of service to remain on the County's coverage. The premium reduction starts at 25 consecutive years of service where the County pays 50% of the premium. After 30 consecutive years of service, the County pays 100% of premiums until the retiree reaches Medicare age.

Deferred Compensation Plan:
County employees are eligible for a 457 Deferred Compensation Program administered by Nationwide Retirement Solutions. This is a voluntary tax-favored program that allows public employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance.

Workers Compensation Plan:
County employees are covered for occupational injury and illness according to the state worker's compensation laws, with coverage administered by the Tennessee Risk Management Pool. The County has adopted a return to work policy to help employees return to work quicker.

Optional Dental, Accident, Cancer, Intensive Care, Short and Long Term Disability Insurance, Etc. Insurance Coverage:
Employees have available at their own expense through payroll deduction group rate dental coverage as well as various types of insurance through USAble Life Insurance Company; additional life insurance is also available through USable Life Insurance Company.

Cafeteria Plan (Premium Conversion Only):
Employees are eligible to purchase dependent health coverage, dental coverage and other insurance policies with pre-tax dollars saving on their tax liability each pay period.

FICA Taxes:
7.65% of wages

Overtime Pay:
Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one-half or compensatory time off.

Uniforms and Cleaning Services:
Uniforms are provided for County employees in positions, which require uniforms such as Sheriff's Department, Fire Department, EMA, and EMS Department. Clothing Allowances are provided for police detectives, EMS, and Fire department in reasonable amounts for laundry and dry cleaning.

Death of an Employee:
Upon the death of a full-time employee, his/her beneficiary shall receive pay for all accrued vacation time.

GENERAL FUND

The General Fund is the primary fund of Bradley County. Any program, service or function not required to be funded elsewhere is budgeted in this fund. The fund supports most of the basic operations and services of the county.

The General Fund Revenues can be segregated into six major categories:

- Local Taxes
- Licenses and Permits
- Fines, Forfeitures & Penalties
- Interest (Investment) Income
- Charges for Services
- Fee Offices

In addition to these recurring sources of revenue, the County Commission may elect to appropriate (or budget to use) some of the fund balance (excess of revenues and other resources over expenditures and other uses) in the General Fund. This will only be done if the fund balance is sufficient to support such an appropriation and still attain the targeted fund balance called for in the Financial Policies.

Expenditures in the General Fund are budgeted within several major categories, most of which represent individual departments or divisions of the county. These categories are as follows:

- County Commission
- Board of Equalization
- Beer Board
- Archives
- County Mayor
- Personnel Office
- County Attorney
- Election Commission
- Register of Deeds
- Planning/Building Inspection
- G.I.S.
- County Buildings
- Vocational Training Building
- Accounting & Budgeting
- Property Assessor's Office
- Reappraisal Program
- County Trustee's Office
- County Clerk's Office
- Data Processing
- Circuit Court Clerk
- Gen. Sessions Judge - Randolph
- Gen. Sessions Judge - Swafford
- Drug Court
- Chancery Court
- Juvenile Services
- Judicial Commissioners - Court
- Courts Community Service
- Courtroom Security
- Probation Services
- Sheriff's Department
- Traffic Safety Patrol
- Traffic Control Signals
- Adm of Sexual Off. Registry
- Justice Center
- Juvenile Detention Center
- Juvenile Services
- Juvenile Grants
- SE TN Community Corrections
- Emergency Management Agency
- Rescue Squad
- Homeland Security
- Inspection & Regulation
- County Coroner/Med Examiner
- 911 Center
- Health Department - Local
- Animal Control
- Emergency Medical Services
- Juvenile Drug Court
- Health Department - State
- General Welfare Assistance
- Aid to Dependent Children
- Other Local Welfare Services
- Car Seat Grant
- Adult Activities
- Senior Citizens Assistance
- Recreation Department
- Agricultural Extension Service
- Soil Conservation
- Storm Water/Engineering
- Tourism Development
- Industrial Development
- Economic Development Grant
- Public Transportation
- Veteran's Services
- Other Charges
- Contribution to Other Agencies

REVENUES:

Overview:

Revenues projected for FY 2016 were 3.6% $1,205,702 higher than FY 2015 projected, mainly due to a projected increase in local tax collections charges for services and other local revenue.

For FY 2016 net growth in assessments was projected to increase by 1.0% or $7,001,616. Property tax collections are projected to stay level with FY 2015 with a slight 1% increase. Court fines, forfeitures and penalties are projected to increase by 3,631 or .55% and charges for current services are projected to increase by $259,134 or 5.02%.

The County has budgeted to use $749,672 of its General Fund Balance in FY2016 for one-time capital purchases.

Local Taxes:

Local Taxes are projected to increase .73% over last year's budget. The county's base property tax rate will be $1.8721 per $100 of the assessed value. Property tax assessments are projected to increase at 1%. This reflects some improvements to assessments. Property tax collections are the largest source of revenue in the General Fund. At $11,595,308 it represents 33.5% of total General Fund revenues.

Local Taxes represent $18,995,308 of the $34,635,530 General Fund revenues, or 54.8%. Combined, the Property Tax and Local Option Sales Tax represent 47.6% of the total General Fund.

Licenses and Permits:

Licenses and Permits are projected to increase by $60,000. Building permits have increased by $10,000 in FY 2016 or by 8.33%. At $433,500, Licenses and Permits represent 1.2% of total General Fund revenues.

Fines, Forfeitures & Penalties:

Fines, Forfeitures and Penalties are projected to increase by .55% over the original FY2015 budget. At $661,040, this revenue source is 1.9% of total General Fund revenues.

Interest (Investment) Income:

Interest income is the money earned on available cash during the fiscal year. Under the banking services proposal for Bradley County, we receive 20 basis points (or 110%) above the Federal Funds rate. At $80,000, this revenue source is only 0.2% of total General Fund revenues.

Charges for Services:

Charges for Services are projected to increase $259,134 or 5%. The majority of this increase in revenue can be attributed to the ambulance service at 2.3% over FY2015. At $4,300,000 this revenue source represents 12.4% of total General Fund revenues.

Fee Offices:

Fees received from County Officials are projected to increase by $79,978, or 3.13% over FY2015. General Sessions Court Clerk's fees are projected to increase by $45,000 or 9% over FY2015 year collections, and the Trustee's fees are projected to increase by $25,000 over FY 2015 year collections.. At $2,557,000, this revenue source is 7.4% of total General Fund revenues.

COUNTY COMMISSION

Bradley County's form of government is one with a popularly elected Board of County Commissioners, which is the legislative branch of the county. Bradley County's legislative body is composed of 14 members with two members being elected from each of the county's seven districts. The county legislative body assembled in session is authorized to act for the county, including election of officials or confirmation of appointees, fixing salaries, and appropriating money and any other business coming before the body. All funds to be used in the operation of the county must be appropriated for that use by the county legislative body, which can appropriate money only for expenditures sanctioned by state law. It is the duty of the county legislative body to adopt a budget and to appropriate funds for the ensuing fiscal year for all county departments and agencies.

Goals & Objectives:

- To protect, preserve and enhance the County's resources.
- To create sustainable economic development strategies that enhances economic opportunities throughout the County.
- To promote cooperation among all levels of government to work toward the most efficient, planned and cost-effective delivery of government services.
- To adopt a property tax rate which will properly balance the needs of the County with the ability to pay;
- To adopt a balanced budget which will support quality services and promote the safety and health of Bradley County citizens within the ability of the County to pay and within the means provided by the tax rate;
- Work within the guidelines of the constitutions and laws of the United States and the State of Tennessee.

BOARD OF EQUILIZATION

The County Board of Equalization is the first level of administrative appeal for all complaints regarding the assessment, classification, and valuation of property for tax purposes. The County Board's duties include examining and equalizing the county assessments, assuring that all taxable properties are included on the assessment lists, eliminating exempt properties from taxation, hearing complaints of aggrieved taxpayers, decreasing over-assessed property, increasing under-assessed property, and correcting clerical mistakes.

Performance Objectives:

- Schedule hearings for all taxpayers who which to appeal their assessments;
- Listen to each appellant's case and render what is considered to be a fair decision for all parties involved; and
- Notify each appellant by mail of the performance measures.

Performance Measurements:

	Actual FY 11-12	Actual FY 12-13	Actual FY 13-14	Estimated FY 14-15	Projected FY 15-16

ARCHIVES

The Archives is the repository for inactive permanent records of the County that are no longer required by county offices for current operations. The Archives keeps and maintains the records (until the end of their retention terms set by the public records commission) and makes them available for public inspection.

Goals & Objectives:

- **To receive, process, and preserve the non-current, permanent records created by the Bradley County, Tennessee government from 1861 to present.**
- **To provide public access to all holdings, with the exception of juvenile records and those restricted by Tennessee Law.**
- **To provide local government source material to court officials, genealogists, the legal profession, historians, and the general public.**

Performance Objectives:

- Continue to index records;
- Re-box and organize records as necessary;
- Routinely check disposition on non-permanent records and destroy when necessary.

Performance Measurements:

COUNTY MAYOR

The County Mayor is elected by the citizens of Bradley County to head the executive branch of Bradley County Government. As the Chief Fiscal Officer for the County, it is the County Mayor's responsibility to oversee the preparation and administration of official budgets and financial reports. In conjunction with division heads, it is the County Mayor's responsibility to manage the daily operations of the county general government.

It is the duty of the County Mayor to see that all applicable laws, policies, and resolutions are implemented. The County Mayor serves on a number of boards and commissions. The County Mayor is empowered to enter into contracts and has authority to negotiate and execute loans, notes or other forms of indebtedness on behalf of Bradley County. The Mayor's knowledge and oversight of the daily workings of county government allows him to provide recommendations to the County Commission. The County Mayor is responsible for keeping the County Commission advised on the financial condition and future needs of the County.

Performance Objectives:

- Supervise and direct the administration of all County departments, boards and agencies under the general control of the County Mayor;
- Assist the departments and agencies of County government in providing services as efficiently as possible;
- Inform the citizens of Bradley County of available County services and assist them with those services where possible and appropriate.

Performance Measurements:

PERSONNEL OFFICE

Bradley County's Personnel office helps to ensure the effective and efficient management of the county's workers. In helping to ensure the efficient management of those workers, the Personnel Office provides several basic services. These include: advising and assisting the County Mayor, elected officials, department heads and agencies on personnel policies and personnel practices; providing departments with a pool of qualified applicants for selection for employment; and providing payroll and benefit services to the county's employees and officials.

Goals and Objectives:

- To provide development of an employee-oriented culture that emphasizes quality, continuous improvement, and high performance.
- To provide implementation of services and policies.
- To assist and advise on human resource issues including employee relations, compensation and benefits.

ELECTION COMMISSION

The Election Commission is the basic unit which regulates elections at the county level. The five commissioners for each county are appointed by the state election commission; three must be members of the majority party in the state, appointed by members of the State Election Commission from that party, while the other two will be of the minority party, similarly appointed by the minority members of the state election commission. Their duties include publishing in a newspaper of general circulation in the county a notice of all elections; and providing a semi-annual voter registration report to the State Coordinator of Elections. Tennessee statutes require election commissions to employ an administrator of election, who is the chief administrative officer of the commission and who is responsible for daily operations of the office.

Goals and Objectives:

- **To maintain voter registration and all voter records for Bradley County.**
- **To oversee all elections in county and city.**
- **To regulate the conduct of all elections by the people so that the freedom and purity of the ballots are secured.**

Performance Measurements:

REGISTER OF DEEDS

The Register of Deeds is a constitutional officer and is elected by the voters for a term of four years. The primary function of the Register is to make and preserve a record of instruments required or allowed by law to be filed or recorded, including but not limited to deeds, powers of attorney, deeds of trust, mortgages, liens, contracts, plats, leases, judgments, wills, court orders, military discharges, records under the Uniform Commercial Code, and other types of documents. The records provide public notice of property ownership, liens, contracts, and other transactions that affect the public interest. The Register's office is in the county seat, and the records and papers must remain in the office at all times.

Performance Objectives:

- To provide accurate official records of documents of property history and title for the public and professional use;
- Collect County revenue through recording and fee charges;
- Collect State revenue through state tax;
- Maintain precise records while maintaining a professional and customer friendly office.

Performance Measurements:

PLANNING/BUILDING

PLANNING – The Planning Department is responsible for long and short range planning for the County. This department plays an active role in the administration of the zoning ordinance, and subdivision ordinance. The department advises the Planning Commission and various appeals boards on zoning, subdivision and building code matters. All rezoning requests are reviewed by the department and a recommendation given to both the Planning Commission and the County Commission. The County Commission is the ultimate decision making authority on all rezoning requests.

BUILDING INSPECTION - The administration and enforcement of Bradley County's adopted building, housing, plumbing, life safety, fire codes and zoning regulations. For new construction, alterations, and additions, this department issues the necessary permits, examines plans when required and checks for compliance with building codes and zoning regulations. This department also inspects properties for code and zoning compliance routinely and on a complaint basis.

Goals and Objectives:

- To provide for the continued growth of the County to enrich community life in accordance with any official plans adopted by the county.
- Maintain and enhance the identity and character of Bradley County and maintain good communications with citizens.
- Strive for a balance between residential and commercial development and for a balanced residential mix.
- Encourage economic development, including the creation of new job opportunities and a diversified local economy.
- To protect and conserve the value of land throughout the county and the value of buildings and improvements upon the land, and to minimize the conflicts among the uses of land and building.
- To establish reasonable standards of design and procedures for subdivisions in order to further the orderly layout and use of land, and to ensure proper legal descriptions and the monument subdivide land.
- To ensure that all building permits applications are reviewed and acted on in a timely manner.
- Develop and maintain files of all actions of the department.
- General enforcement of Tennessee Code Annotated Section 5-1-115.

G.I.S. DEPARTMENT

A Geographic Information System (GIS) is a computer-based tool that combines the visual appeal of conventional maps with database operations and statistical analysis. It is used for mapping and analyzing things that exist and happen on the surface of the earth by classifying the information into "layers", making it easy for users to distinguish each element separately. The speed and accuracy of a GIS provide an invaluable service to Bradley County by explaining events, predicting outcomes and planning future strategies. For example, Emergency 911 uses phone numbers along with addresses to locate where emergency calls originate. Fire departments use hydrant, street, along with address data to locate fires and water supplies so that fires can be extinguished quickly. Police may use crime data to plot trends of past crimes to forecasts where future crimes may occur. Other major issues facing local government today include economic development, tourism, transportation issues, increasing population, and improvement of provided services. Local issues, such as where emergency services should be located, why traffic jams occur, are also all affected by geography. Mapping where new development will be located can give new insight into its affects on transportation networks, the local environment, and local service providers like schools.

Goals and Objectives:

- To plan, organize, administer and direct the activities of the Geographic Information System department.
- To plan and organize the priority of applications according to importance.
- To administer and direct all activities between the GIS department, actual GIS users and other government agencies

Performance Measurements:

COUNTY BUILDINGS

The primary responsibility for this department is to provide skilled, efficient maintenance, repair, and renovation services for county owned buildings and facilities. The department maintains electrical, plumbing, heating, ventilating, and air conditioning equipment; and provides remodeling/renovation services as needed.

Goals and Objectives:

- To enhance the quality of the buildings in the County.
- To reduce building maintenance costs that otherwise would be contracted.

BRADLEY COUNTY

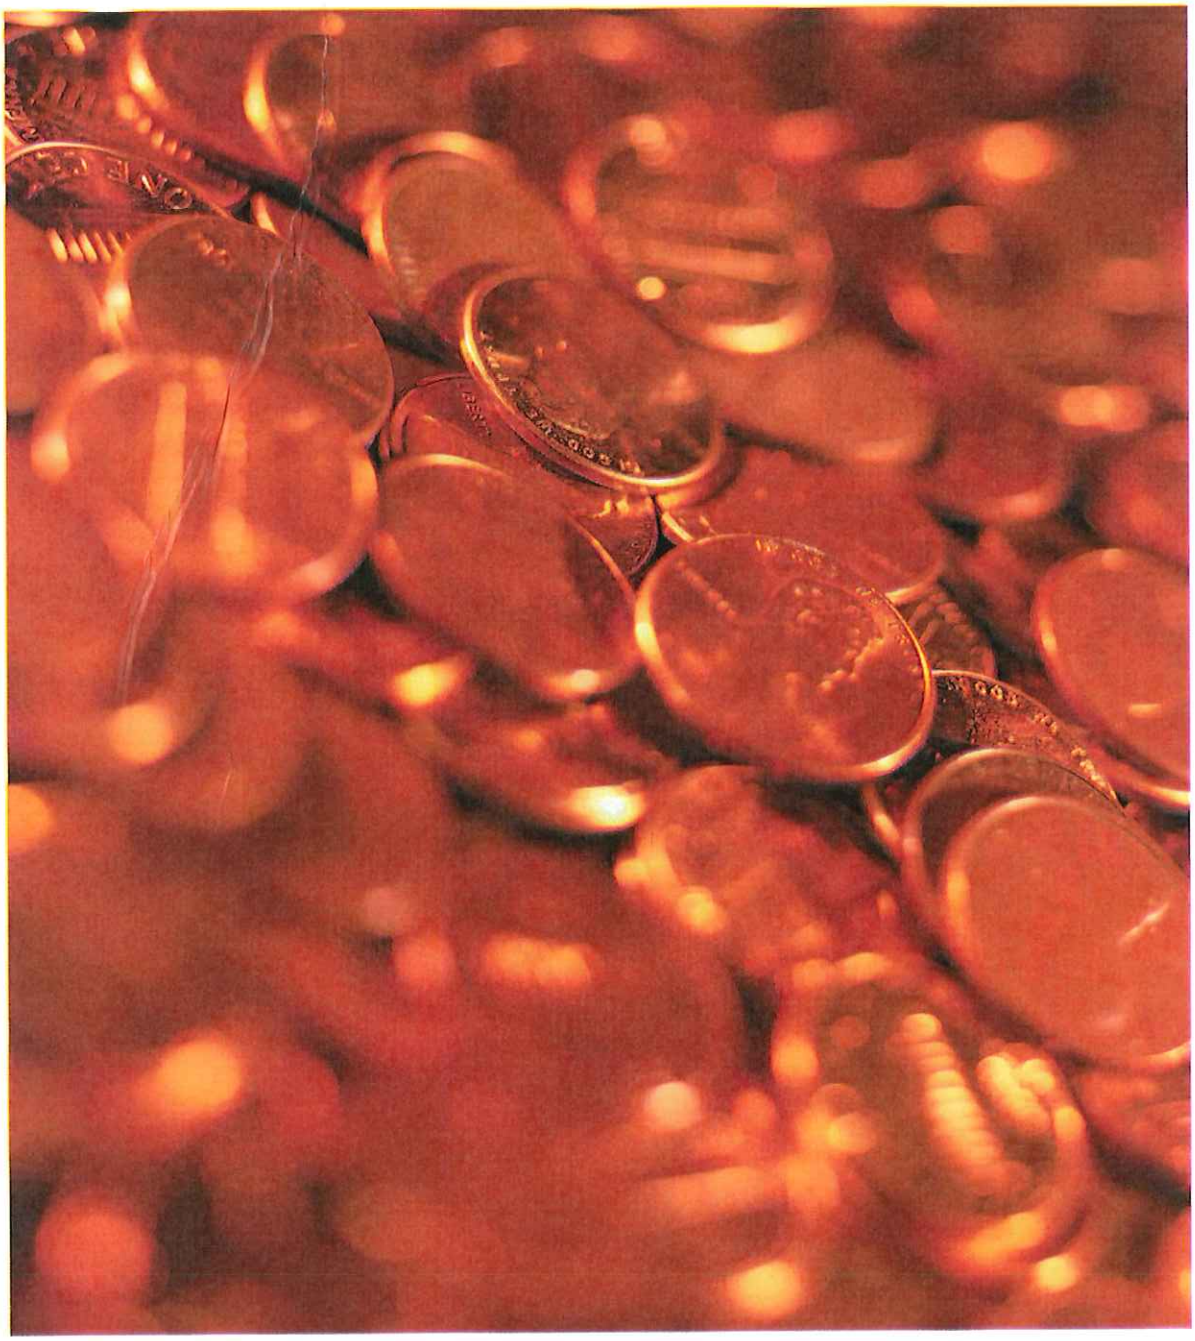
FINANCE



ACCOUNTING & BUDGETING

The mission of the Department of Accounts and Budgets is to provide budgeting, accounting, transaction, and quality financial expertise and information to elected officials, staff, other stakeholders, and citizens of Bradley County in compliance with legal requirements and policies so that they can consistently and responsively meet their financial management needs. This department covers all areas of the County with the exception of Bradley County Schools and Bradley County Road Department. Includes preparation and monitoring of annual departmental and divisional budgets; processing of claims for payments and recording of expenditures; preparation of all reports and/or fiscal documents as required by the County, State or Federal Governments. The fiscal year used by the County for budgeting and accounting begins July 1 and ends the following June 30. The County's books are audited annually by the State of Tennessee Comptroller's Office, Division of County Audit.

Goals and Objectives:

- Ensure that financial, accounting and budgetary information is timely, consistent, fully integrated, easily accessible, and accurate;
- Ensure that comprehensive and consistent accounting policies and procedures are developed, documented, and maintained;
- Provide full budgetary control and reporting capabilities;
- Maintain a current knowledge of Governmental Accounting Standards Board (GASB) direction regarding proper government accounting practices; and
- Provide full financial accounting and reporting capabilities consistent with Generally Accepted Accounting Principals (GAAP).

Performance Measurements:

PROPERTY ASSESSOR'S OFFICE REAPPRAISAL PROGRAM

The Assessor of Property is a constitutional officer and is elected by the voters for a term of four years. The function of the Assessor of Property is to appraise each parcel of taxable real estate within the county at its market value or a percentage of market value stipulated by statute. The Assessor of Property's function is not to tax, but to appraise the real estate to establish the proper base for applying the appropriate assessment ratio. The method of estimating value for ad valorem tax includes neighborhood analysis; valuation of the land by use of comparable sales data; and valuation of the improvements by application of the most suitable approach to value, depending on the type of property. The Cost Approach is the most economical for mass appraisal. The Income Approach and Market Approach are also employed where budget allows and where they are applicable; their use improves the degree in equity of the assessment.

Goals and Objectives:

- To use analytical and statistical appraisal methods to accomplish a fair and equitable valuation of taxable real and personal property;
- Provide a well maintained, property valuation data base upon which governmental entities can base tax levies;
- Correctly notify the property owner/taxpayer of their property valuation.

Performance Measurements:

	Actual FY 11-12	Actual FY 12-13	Actual FY 13-14	Estimated FY 14-15	Projected FY 15-16

NOTES

COUNTY TRUSTEE

The Trustee is a constitutional officer and is elected by the voters for a term of four years. The Trustee is the treasurer for the County and serves three primary functions: (1) collect all county property taxes; (2) keep a fair and regular account of all money received: and (3) invest temporary idle funds. The following are major funding sources handled by the Trustee: real property taxes, personal property taxes, state assessed taxes, hotel-motel taxes, grants, state and federal government funding. The trustee provides services to County General Government, the County Road Department, and the Board of Education.

Goals and Objectives:

- Collect the funds that support the budget approved by the County Commission;
- Provide the taxpayers convenient methods and location for payment of taxes;
- Provide local financial institutions the opportunity to bid on investment which in turn will maximize our returns;
- Earn the maximum amount of return on all investments for the County.

Performance Measurements:

	Actual FY 11-12	Actual FY 12-13	Actual FY 13-14	Estimated FY 14-15	Projected FY 15-16
Percentage of current property taxes Paid by February 28	91.0%	90.0%	91.0%	92.0%	92.0%
Percentage of prior year property taxes Paid by April 1	59.0%	59.0%	61.0%	62.0%	62.0%
Amount of delinquent taxes sent to Clerk & Master	$1.170.000	$1,170,000	$1,460,646	$1,475,000	$1,475,000
Commissions earned	$1,130,000	$ 727,062	$ 897,472	$ 814,661	$ 815,000
Interest earned on investments	$ 637,497	$ 542,090	$ 402,621	$ 340,000	$ 300,000
Interest earned as % of Fed Fund Rate	896.0%	800.0%	576.0%	500.0%	500.0%

COUNTY CLERK

The County Clerk is a constitutional officer and is elected by the voters for a term of four years. Duties performed generally include: (1) keeping the official records of the county legislative body; (2) collecting certain local and state taxes (such as local hotel/motel taxes, beer taxes, business taxes, and vehicle registration fees); (3) issuing motor vehicle titles and registrations; (4) issuing marriage licenses; (5) issuing business licenses; (6) processing applications for beer permits; (7) processing applications for notary public; (8) issuing pawnbroker and title pledge lender licenses; and (9) manufactured home installation decals.

Goals and Objectives:

- Provide friendly and competent service to the public;
- Provide a convenient location and hours of operation to make services more available and accessible for the public;
- Improve collection of business tax and hotel-motel tax.

Performance Measurements:

DATA PROCESSING

Information Technology Services provides support in areas of information technology. This department maintains and upgrades existing systems, internet, networks and applications for Bradley County. The department is responsible for all of the County's technology needs, with the exception of the school system.

Goals and Objectives:

- Ensure county-wide compliance with micro-computer software regulations;
- Provide system accessibility employees during normal work hours;
- Keep abreast of current technology and its utilization by other local governments.

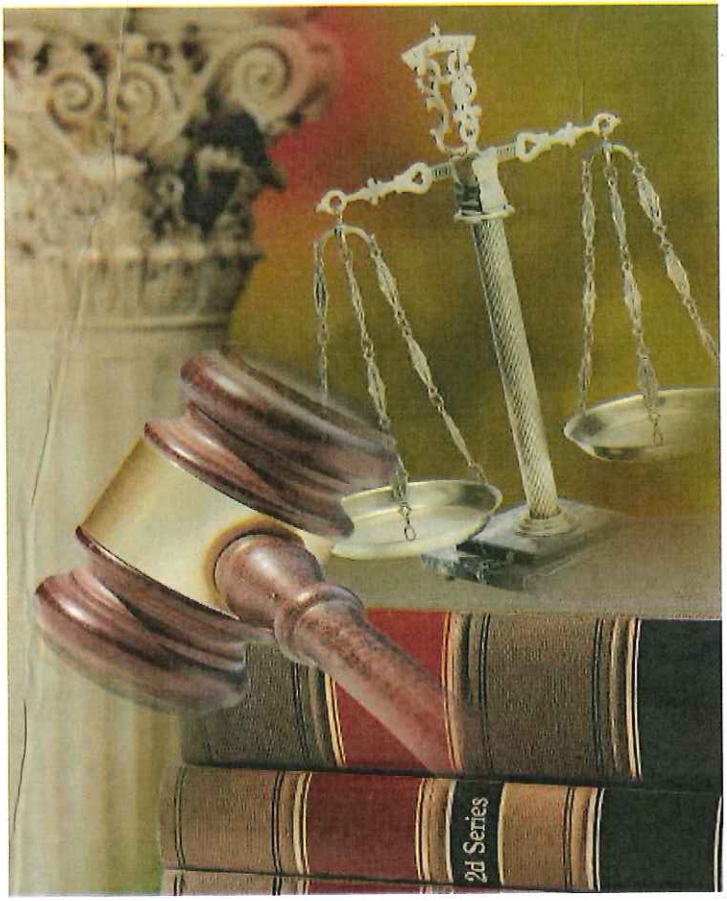
BRADLEY COUNTY

ADMINISTRATION OF JUSTICE



NOTES

CIRCUIT COURT CLERK

The Court Clerk is a constitutional officer and is elected by the voters for a term of four years. The Clerk of the Circuit Court maintains Circuit and Sessions Civil Courts. The Clerk's responsibility is to attend the court by providing staff, which performs all the clerical functions for the courts. The Clerk is responsible for the management of all complaints, petitions, summons, orders and other documents relating to lawsuits filed with the court. The Clerk also handles the collection, receipt, and accounting for all litigation taxes, court costs, fines, fees and restitution as order by the courts. The Clerk also handles the collection, receipt, and civil warrants, Detainer warrants, executions, garnishments, subpoenas and other related documents as assigned by law, preparation of reports to the County and the State of Tennessee. The Bradley County Criminal Court Clerk acts as agent for the Criminal Court and the Criminal Division of General Sessions Court. The primary function of the Criminal and Sessions areas is to maintain court records and collect and disburse litigation taxes, court costs, judgments, fees, etc. on cases tried in the respective court.

Goals and Objectives:

- To provide a high standard of service to the said courts and citizens of Bradley County with a knowledgeable and professional staff;
- Implement all new and current state and local laws and rules for Civil and Criminal procedures;
- Maintain accurate records of all courts with updated technology to the highest standard of accuracy; and
- Continue to move forward in collecting and increasing revenue for all nine courts of Bradley County, in doing our part as clerk to help Bradley County to stay financially sound.

GENERAL SESSIONS JUDGES

The General Sessions Judges are elected by the voters for a term of eight years. General Sessions Courts have original jurisdiction in: (1) civil cases up to $15,000; (2) forcible entry and detainer actions; and (3) actions to recover personal property, where an alternative money judgment not to exceed $25,000 may be awarded. General Sessions Judges may issue restraining orders and enforce the penalty provisions for violating these orders. The court has jurisdiction to try misdemeanor cases and may issue sentences within the limits provide by law for the particular offense. They may also hear petitions for relief on forfeited recognizances. In addition, the General Sessions court has juvenile court jurisdiction.

NOTES

ADULT DRUG COURT

The 10th Judicial District Adult Drug Court is a grant agreement existing between the State of Tennessee Department of Finance and Administration, Office of Criminal Justice Programs and Bradley County Government. The Adult Drug Court program targets those permanent residents with nonviolent offenses who live within the 10th Judicial District, ages eighteen and older, with substance abuse or addiction issues. This is a post conviction program for non-violent offenders who are chemically dependent. The program is 24 months and may be extended if needed. The offender must remain clean and sober, be a productive citizen in the community, and complete all phases and aftercare of treatment. The first year is a four phase program that consists of close supervision by a parole/probation officer, community correction officer, weekly court appearances before the Drug Court Judge, mandatory alcohol and drug treatment by a licensed Alcohol and Drug Counselor and random drug testing. In the second year of the program, participants are required to continue treatment as part of an aftercare program which consists of attending Drug Court quarterly, comply with the participant's community supervision program, attend treatment sessions and submit to random drug testing. The Adult Drug Court is held every Tuesday at 6:00 pm at the Bradley County Justice Center. Members from each discipline are represented which includes but not limited to the following: Drug Court Coordinator, Criminal/Circuit Court Judge, Treatment Provider, District Attorney, Public Defender, Drug Task Force, Community Corrections, and State Probation/Parole.

Goals and Objectives:

- To promote safer communities by assisting drug abuse/addicted criminal offenders in becoming drug-free;
- To empower offenders to be productive and responsible member of their families and communities;
- To expedite court processing, intensive drug treatment, education/vocational services, reduce incarceration and accountability-based sanctions.

CHANCERY COURT

The Chancery Court Clerk and Master is a Constitutional Officer appointed by the Chancellor for a term of six years. The Clerk and Master serves in the dual role of Clerk of the Chancery Court and the Master in Probate for the County. As Clerk, the officer exercises all of the duties and powers conferred upon clerks of court generally, which role is almost exclusively clerical, and law or orders of the court strictly define the powers exercised. As Master, the officer is a judicial officer clothed with many of the powers of a Chancellor. There is no question of Law or Equity, or disputed fact, which the Clerk and Master may not have occasion to decide, or respecting which the Clerk and Master may not be called upon to report his opinion to the Court.

Goals and Objectives:

- To efficiently and impartially administer the laws of the State of Tennessee;
- To increase collection of court costs;
- To provide prompt access of court records to Judges, attorneys, and the public;
- To maintain accuracy and efficiency in the management of court records.

JUVENILE SERVICES

Bradley County Juvenile Services successfully operates various youth and family oriented programs under the direction of the Bradley County Government and the 10th Judicial District. The department works with both delinquency and families in need. The direct mission is to supervise children in the Juvenile Justice System and enforce the rulings of the Juvenile Court Judge. They seek to utilize a balanced approach to address the needs of the youth, yet provide an opportunity for the juvenile to be held accountable for his/her behavior, and at the same time protect society.

Goals and Objectives:

- Protect the citizens of Bradley County from delinquent acts and unruly behavior;
- Process legal complaints brought on behalf of a child in a manner that protects the rights of all parties;
- Provide children who are wards of the court with a program of treatment, training and/or rehabilitation through court staff and community resources;
- Provide children brought into Juvenile Court with various treatments, programs and rules to help them.

Performance Measurements:

NOTES

COURTS COMMUNITY SERVICE

Courts Community Service offers an alternative to incarceration by providing supervision for offenders who have been court ordered to perform Community Service from General Sessions and Criminal Courts. The program operates seven days per week. The goal of the program is to work with non-profit agencies, both for Bradley County and the City of Cleveland. This provides a savings to the taxpayers of the county as offenders provide unpaid labor as part of their supervision and rehabilitation.

Offenders are also offered opportunities to provide labor as a means to receive credits for fines and costs in hardship circumstances. Community Service benefits both the taxpayer as well as the offender, in its cost-savings for many manual labor and tedious small tasks that would otherwise burden an already fiscally stringent budget for the agencies we assist.

Goals and Objectives:

- Recommendation to the courts of an appropriate sanction, in a manner consistent with public safety;
- Reparation for crimes by selected offenders through performance of community service;
- Preservation of the integrity of the community service sentence by maximizing success rates and timely notification to the Court of releasing authority of offenders' failure to complete community service obligations;
- Periodic assessment and modification of specific program policies and procedures.

NOTES

MISDEMEANOR PROBATION

Misdemeanor Probation provides supervision of misdemeanant offenders who are sentenced to incarceration but are on a probationary status. Probationers are pro-actively supervised to promote public safety, court order compliance, and accountability. It is also the mission of this department to help reduce incarceration rates and mitigate the risks for re-offense by directing and assisting probationers in personal and community adjustment.

The program provides monitoring of court costs, victim restitution, supervision fees, and drug screening for inmates who are convicted on non-violent misdemeanor offenses. The staff at Misdemeanor Probation believes that every person who is found guilty of a crime has made a conscious choice, a choice with consequences. They believe that most people can change their attitudes, beliefs and behaviors, if they want to. However, they must also be held accountable for their poor and illegal choices. It is the desire and goal of this office to help bring about positive change in people, so that they may be successful, law-abiding and contributing members of the community. Those on probation who have contrary desires will usually find themselves in jail.

Goals and Objectives:

- To offer to the offender a sanction that is less restrictive than prison, allows them to meet their job and family commitments, a chance to give something back to society and to help others, an opportunity to get work experience, job skills, and references and a boost to their self-esteem.
- To offer to the community free labor, services that oftentimes would not be available because of lack of funding, saved taxpayer dollars that would otherwise go for prison costs, an opportunity to change negative perceptions about offenders.
- To offer to victims a sanction that makes tangible demands of offenders, and the satisfaction of knowing that offenders did not evade responsibility for their crimes.
- To offer to the courts a fair and cost-effective sanction and a sentencing alternative that services sentencing goals.

SHERIFF'S DEPARTMENT

The Sheriff is a constitutional officer and is elected by the voters for a term of four years. The Sheriff is the principal conservator of peace in the county, and must suppress all affrays, riots, routs, unlawful assemblies, insurrections, or other breaches of the peace. County law enforcement officers must uphold and enforce state laws dealing with crimes against persons, property, the administration of government and offenses against the public health, safety and welfare. The Sheriff's Department has assembled a staff of law enforcement officers and support personnel who serve in the following areas: Patrol Division, Criminal Investigations Division, Judicial Service Division, Training and Support Divisions, and Corrections Division.

Goals and Objectives:

- To provide honest, fair, professional law enforcement services to the citizens of Bradley County;
- To manage resources effectively; and
- Protect the public by preventing and reducing crime

BRADLEY COUNTY

TRAFFIC SAFETY PATROL

TRAFFIC SAFETY PATROL

Originally, a Tennessee Department of Transportation Grant the Traffic Safety Patrol is now a self-sustaining program of Bradley County. Its mission is to reduce traffic crashes which are the leading cause of injury and property damage in Bradley County. This program put five to six additional officers on the streets with high visibility and at peak times of day with their focus being on individuals who drink and drive; aggressive drivers, those who like to ignore traffic controls, and education of our students and citizens, thus enhancing the public safety of our residents. Other concerns of this division are on underage drinking, seal belt usage, and child safety seat education.

Goals and Objectives:

- To provide a high visibility traffic enforcement and education approach to meet the public safety needs of the citizens of Bradley County;
- To make periodic traffic stops, combined with a media message regarding the increase of enforcement and resources, we intend to impact the speed, youth, and impaired driving problem head on;
- To work with the high schools and School Resource Officer programs to implement new programs in the schools related to driver safety;
- To conduct sobriety checkpoints to coincide with holidays;
- Increase the amount of radar enforcement conducted on a daily basis, using mobile and stationary tactics.

Performance Measurements:

	Actual FY 11-12	Actual FY 12-13	Actual FY 13-14	Estimated FY 14-15	Projected* FY 15-16

TRAFFIC CONTROL

Traffic signals offer the maximum degree of control at intersections. Bradley County has eight traffic signals at the present. They are Durkee and Waterlevel Highway; Waterlevel Highway and Minnis Road; Springplace and Broomfield; 1500 Durkee Road; Harrison Pike and Freewill; and APD40 and Westland Drive; Infinity & Lauderdale; and Lauderdale & Wacker Blvd. The primary function of any traffic signal is to assign right-of-way to conflicting movements of traffic at an intersection, and it does this by permitting conflicting streams of traffic to share the same intersection by means of time separation.

NOTES

JUSTICE CENTER

The mission of the Bradley County Justice Center Corrections is to: enforce the Tennessee Criminal Laws Annotated; provide a secure confinement facility and trained staff personnel capable of providing safe and humane custody, control and security of all incarcerated persons; maintain a close working relationship with other criminal justice agencies, to enhance overall law enforcement efforts, and to protect the citizens of Bradley County; and operate a cost effective, constitutionally correct confinement facility under humane conditions.

Goals and Objectives:

- Increase security and safety;
- Provide continual training for the correctional staff;
- Remain within the inmate population levels required by the State.

Performance Measurements:

JUVENILE DETENTION CENTER

The mission of the Bradley County Juvenile Detention Center is to protect and promote public safety. Youth placed in custody are provided a safe, secure and humane environment under the Principals of Direct Supervision in accordance with the American Correctional Association Standards. The Bradley County Juvenile Detention Center is a 25-bed facility that houses both male and female residents. The center is also committed to promoting diversion programs that offer alternatives to detention.

Goals and Objectives:

- Maintain Detention Center compliance with licensure through the Tennessee Department of Children's Services and the Tennessee Commission of Children and Youth by receiving no more than three violations;
- Develop a comprehensive plan for recruitment of appropriate correctional staff, such as local career events, incentives for existing staff, etc.
- Organize a timely and relevant training program for all employees that meet 75% of the State requirements including appropriate content; and
- Expanding and improving the Community Service program including accountability, activities, structure, policies, procedures, volunteers and appropriate sites as an effective alternative or supplement to placing juveniles in secure detention with a new contract to hold for the Southeast Region.

NOTES

SE TN COMMUNITY CORRECTIONS

Grant agreement between the State of Tennessee Board of Probation and Parole and Southeast Tennessee Community Corrections. The overall goals of the program are to promote public safety by: (a) reducing the number of non-violent felony offenders incarcerated in state prisons and local facilities; (b) providing alternative sentencing options for the District Attorney and Criminal Court Judges; (c) continuing the promotion of community awareness and citizen participation in the Community Corrections Program; (d) promoting victim restitution and community service restitution by non-violent felony offenders; and (e) having a high percentage of successful completions along with a minimum percentage of return rate for program participants.

Goals and Objectives:

- Provide alternative sentencing for new non-violent felony offenders in order to reduce the number of commitments to State prison and county facilities;
- Continued active participation by the Southeast Tennessee Community Corrections Advisory Board;
- Continued operation of the victim restitution program and community service restitution program;
- Provide special services for program participants; and continued supervision and provision of services for program participants that have not completed the program.

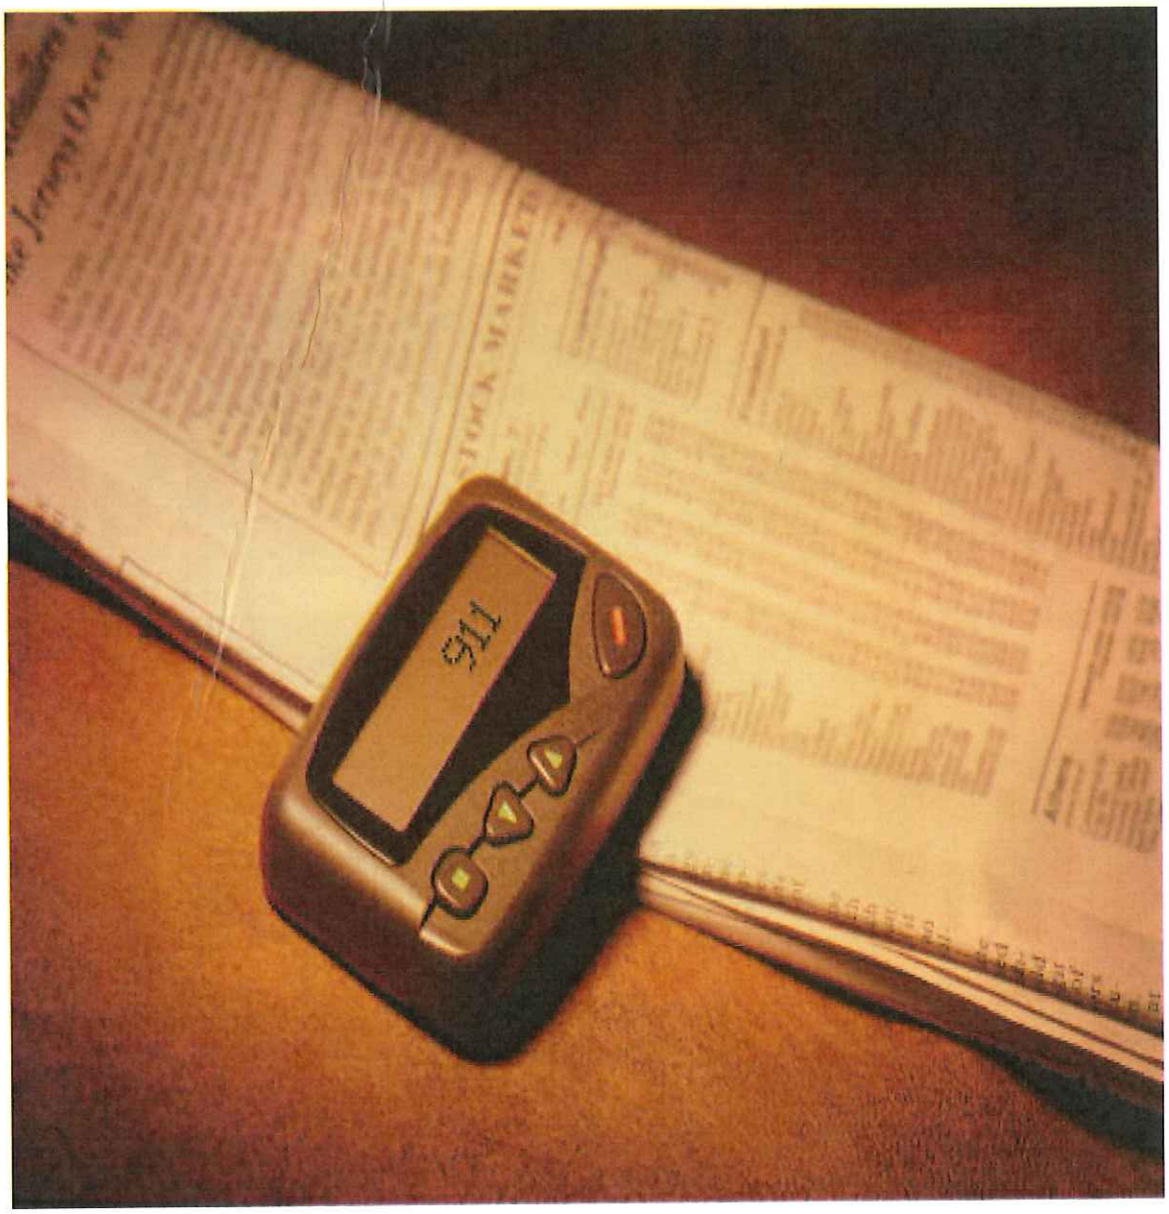
NOTES

BRADLEY COUNTY

PUBLIC SAFETY



EMERGENCY MANAGEMENT AGENCY

Bradley County Emergency Management Agency's mission is to help their citizens' deal with emergencies and disasters as they arise. When disasters stikes, they often tax the resources and personnel of local governments beyond their capability to respond properly. Therefore, Bradley County's agency has an emergency management plan and program in coordination with the Tennessee Emergency Management Agency. They have jurisdiction over the entire county to provide funds, make contracts, employ personnel, assign and make available county personnel and resources to perform emergency management functions, and to establish, as necessary, a primary and one or more secondary emergency operating centers.

Goals and Objectives:

- Continued compliance with state and federal mandates related to emergency management and homeland security;
- Expand public/business relations in the scope of emergency preparedness, response, and recovery;
- Continue to upgrade and update essential equipment to facilitate the highest level of emergency services to the community; and
- Strive to continue in providing the highest level of emergency service coordination to the citizens of Bradley County and the Cities of Cleveland and Charleston.
- Foster greater coordination and consolidation of interoperable communications between emergency response agencies and municipalities throughout our Homeland Security district and beyond.

NOTES

INSPECTION & REGULATION

The Inspection and Regulation Department's mission is to develop and manage a risk profile that best suits Bradley County. This includes safety and loss prevention; on-the-job injuries; other accidents and drug and alcohol testing.

Goals and Objectives:

- Identify and analyze loss exposures;
- Examine the feasibility of alternative techniques available for treating those exposures;
- Select the most appropriate combination of techniques;
- Implement the selected techniques;
- Monitor the results and consideration of the need for change or improvement making adjustments as necessary.

COUNTY MEDICAL EXAMINER

The County Medical Examiner is required by the "post Mortem Examination Act" (TCA 38-7-101 and 38-7-117) to investigate certain types of deaths occurring in this county and to keep records on investigations and examinations of such deaths. In this way, the medical and legal circumstances of a death can be properly documented and provisions can be made for the completion of a death certificate.

Goals and Objectives:

- Detect unsuspected homicides;
- Protect the health of the community;
- Clarify workmen compensation claims, insurance claims and civil lawsuits; and
- Provide vital statistics that are more accurate.

911

The Bradley County "911" Emergency Communications District is a joint venture between Bradley County, Tennessee and the Cities of Cleveland and Charleston, Tennessee. The District assists emergency services agencies in the saving of lives, protection of property, and swift apprehension of criminals for all citizens of Bradley County. This fund is for the County's annual contribution.

HEALTH DEPARTMENT

The role of public health is to promote and protect the health and safety of all Bradley Countians. This mission is accomplished by (1) identifying health risks in the community; (2) maintaining a safe and healthful environment; (3) detecting, investigating, and preventing the spread of disease; (4) promoting healthy lifestyles; (5) providing primary care for individuals with limited access to such care from the private sector; and ensuring health care practitioners meet the requirements for providing adequate care; (6) informing the public on health issues.

Goals and Objectives:

- Provide information and counseling on health improvements;
- Provide intensive follow-ups.

EMERGENCY MEDICAL SERVICE

The mission of Bradley County Emergency Medical Service is to provide quality pre-hospital care to the citizens and guests of Cleveland and Bradley County. Bradley County Emergency Medical Service provides advanced and basic life support emergency and non-emergency transport to all of Bradley County, hospital to hospital transport and nursing home transfers as well as tiered response to other basic life support services. Bradley County Emergency Medical Service also offers advanced life support services to surrounding counties. Bradley County now has a fleet of twelve ambulances, with a call schedule that provides at least one Paramedic per ambulance. There are eight ambulances operating during the day from 8 AM until 4 PM with two additional units operating on split shifts from 7 AM until 3 PM and 11 AM until 7 PM to ensure there is always an ambulance available even during transitions between shifts. We have seven ambulances in the evening from 4 PM until midnight with an additional ambulance working from 3 PM until 11 PM. Night shift consists of six ambulances on duty until 8 AM. The weekend consists of seven ambulances on Saturday for the rest of the weekend.

Goals and Objectives:

- To provide quality ambulance service to all citizens;
- To increase call volume while maintaining the highest level of care to all citizens.

Performance Measurements:

JUVENILE DRUG COURT

This Grant is between the State of Tennessee, Department of Finance and Administration, Office of Criminal Justice Programs and Bradley County. The grant will fund the operational Juvenile Drug Court to serve those youth ages 13-18. The purpose of the program is to identify early and promptly place juvenile offenders with alcohol, tobacco, and other drugs issues into the Juvenile drug Court Program. The Juvenile Drug Court will give the Bradley County Juvenile Court Judge the resource needed to provide an intensive program for juvenile alcohol, tobacco, and other drug offenders.

Goals and Objectives:

- To reduce the use of detention as an alternative for non-violent substance using/abusing juvenile offenders;
- To reduce incidences of drug use among juvenile offenders;
- To reduce crimes committed as a result of drug use and addiction thereby promoting public safety;
- To increase the personal, familial, and societal accountability of juvenile offenders; and
- To promote effective interaction and the use of resources among local juvenile justice and community agencies.

Performance Measurements:

TENNESSEE REHABILITATION CENTER

The budget covers the annual contribution from Bradley County. The Tennessee Rehabilitation Center at Cleveland is a part of the Division of Rehabilitation Services, which is a division of the Tennessee Department of Human Services. The Division of Rehabilitation Services serves exclusively individuals with a disability that creates a substantial impediment to employment. The center is one of 18 community based vocational training centers operated by the Division of Rehabilitation Services throughout the state. Rehabilitation counselors refer clients for vocation evaluations, work adjustment training, and job placement assistance. The center contracts with local business and industry allowing them to outsource certain work that might be considered low skill, a nuisance, or not cost effective. This work provides an opportunity for training to clients where they actually receive remuneration for their work.

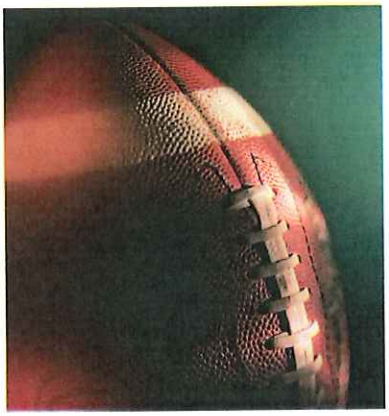
NOTES

BRADLEY COUNTY

SOCIAL, CULTURAL & RECREATION



PARKS & RECREATION DEPARTMENT

The mission of Bradley County Parks and Recreation is to provide professional, safe recreational programs and facilities for the citizens of Bradley County. The department presently manages six parks, two football stadiums, BMX Track, McDonald Gym and recreational activities for the citizens of Bradley County. The Recreation Department is responsible for the daily maintenance of 232 acres for Bradley County Facilities including Bradley County Recreational Park, Mike Burke Park, Blue Springs Park, Bradley North Park, Valley View Park, BMX Track, Elrod Park and McDonald Gym. The department is also responsible for the administration of the Bradley County Youth Basketball League, Bradley/Cleveland Youth Football League, and the Bradley County Youth Baseball and Softball Leagues. The Softball Complex at the Bradley County Recreational Park is the host site for adult and youth softball and select baseball tournaments.

Goals and Objectives:

- **Continue to provide equal opportunity to every citizen;**
- **Utilize resources effectively and efficiently;**
- **Set aside park and recreation resources for the future;**
- **Generate stronger support for recreation; and**
- **Provide recreational programming to address more classifications.**

BRADLEY COUNTY

AGRICULTURE & NATURAL RESOURCES

AGRICULTURAL EXTENSION SERVICES

The University of Tennessee Extension in Bradley County offers its programs to all interested individuals. Services include educational programs focused on strengthening individuals, families and communities by addressing critical issues and needs, such as teaching parenting skills, improving nutrition and health, managing family finances, addressing child care needs, and others. The 4-H program helps young people develop the life skills needed to become capable, responsible and caring citizens, Through local 4-H clubs, special interest groups, after-school programs, camp and many other activities, 4-H'ers have fun, make lasting friendships, enjoy "hands-on" learning experiences and get involved in their communities.

Goals and Objectives:

- **Continue to provide university research based information to the residents of Bradley County in the areas of animal agriculture, field crops, horticulture, nutrient management, bio-security, integrated pest management, and natural resources;**
- **Continue to provide family and consumer sciences information in the areas of financial management;**
- **Continue to offer 4-H programs to 4-12 grades in agriculture, family and consumer sciences, wildlife and natural resources. Conduct special programs emphasizing public speaking, leadership, responsible citizenship, service learning; and**
- **Continue to provide the services of the Farmer's Market and Cannery to the residents of Bradley County.**

SOIL CONSERVATION

Bradley County Soil Conservation is a legal subdivision of the federal government authorized by the State of Tennessee Soil Conservation District Law of 1939. They provide technical expertise on a variety of natural resource problems for the land-users in Bradley County of non-Federal land. They assist their clients in protection, conservation, and enhancement of our natural resources (soil, water, air, plants, and animals) through the use of Best Management Practices.

STORM WATER MANAGEMENT

ENGINEERING – Bradley County Department of Engineering's responsibilities include reviewing all subdivision plats, drainage and erosion control plans and road profiles for drainage locations, easements and environmental compliance. The department works with other county facilities such as the County Road Superintendent, the County Mayor, the Planning Commission, the Building Inspections office, and Emergency 911, on matters that require engineering expertise. Building expansion, grading, site work, dry hydrants, traffic signals and transportation plans are also important components of this department. Topographic surveys, computer aided drafting and design, administering NPDES regulations for storm-water, erosion prevention and sediment control, and enforcing the flood plain resolution for the National Flood Insurance Program are additional services provided by this department. The County Engineer is the department head for the Planning, Building and Stormwater departments.

STORM WATER - The Storm Water program was mandated by the Environmental Protection Agency (EPA) as authorized under the Clean Water Act of 1977 and the Water Quality Act of 1987. The program strives to improve the quality of water in Bradley County by developing and implementing procedures that can help prevent contamination of the waterways. This will be achieved by requiring and approving erosion control plans from developers, scheduling field erosion control features. Providing information to the public about storm water pollution. Educating contractors and developers, locating illicit discharges and monitoring post-construction controls.

Goals and Objectives:

- Prepare Stormwater regulations for adoption by County Commission.
- Implement administrative procedures in support of Stormwater regulations.
- Review and Make recommendations on all new plats and other developments requiring Stormwater plans.
- Formulate education program and implement it in regards to water quality matters in the county.
- Provide day to day assistance to the public on matters of Stormwater management and water quality.
- To prevent the pollution of land, air, streams, ponds and aquifers; to assure the adequacy of drainage facilities; to safeguard the water table, and to encourage the conservation and management of natural resources throughout the county in order to preserve the integrity, stability, and beauty of the community and the value of the land.

VETERANS SERVICES

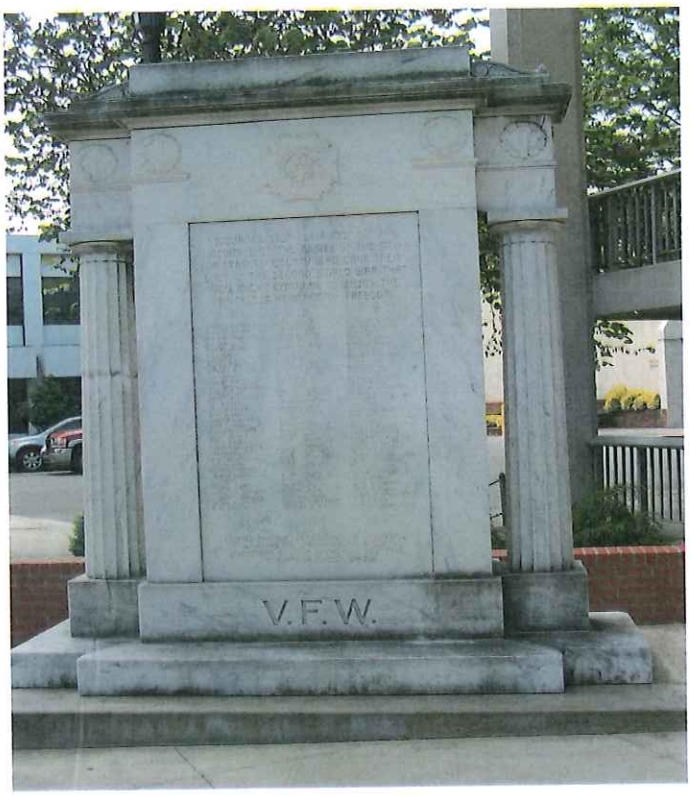

Photo Courtesy of Rena' Samples

VETERAN SERVICES

The mission of the Cleveland/Bradley County Veterans Affairs office is to provide benefits and services to the veterans and their families in a responsive, timely and compassionate manner in recognition of their service to the Nation. Over the last several years, this office has successfully brought about the payment of millions of dollars to veterans and their families in Bradley County. In addition, this office has made an impact on the more personal side. They are involved in assisting veterans, their widows/widowers, and families in all facets of their lives from health care, pensions, nursing homes, assisted living, the homeless, education and even in dying, death, and burial. The office also coordinates and works with all manner of government agencies and social services such as the Social Security Administration, Tennessee Department of Human Services. Department of Labor, Bradley County Home Health Care and Hospice, American Red Cross, hospitals, local churches, mental health organizations, nursing homes, assisted living facilities, the court system, jails, and correction facilities.

Goals and Objectives:

- Provide dignified and effective representation and assistance to veterans; their families and survivors in obtaining earned entitlements and services;
- Operate the Bradley County Veterans Service Office in a professional and honorable manner that shows respect for our veterans' service;
- Maintain a Veterans Service Office link on the Bradley County website, www.bradleyco.net to provide useful information to veterans and their families;
- Oversee the Fort Hill Veterans Cemetery to insure that it is operated in accordance with proper standards. Maintain information on names, dates and grave locations of those interred there;
- Assist in the founding of a State Veterans Home in Bradley County by increasing public awareness and support, helping to coordinate paperwork requirements, participating in and assisting the Southeast Tennessee Veterans' Home Council and working to secure an appropriate site for the home;
- Publish periodic "Veterans Affairs" articles in local newspaper media to better inform Veterans and their families of various benefits available from the Department of Veterans Affairs.

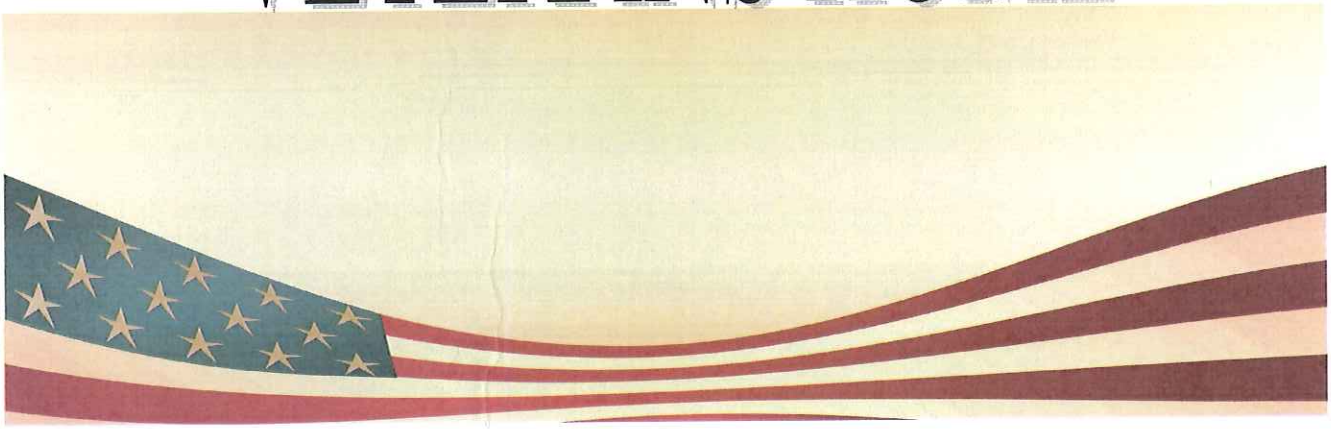
BRADLEY COUNTY VETERANS HOME



Efforts have been underway for a number of years to locate a state veterans' home in Cleveland/Bradley County. It would be a facility offering intermediate and skilled levels of nursing care to provide a home for Tennessee Veterans who have honorably served our country and now are in need of long term care.

The Bradley County Commission and Cleveland City Council passed resolutions in 2003 in support of a local state veterans' home facility. The resolutions recognized that it would be a service to the veterans of this part of the state to have a home for veterans built in Bradley County. It would be more convenient for local veterans and their families while also providing more beds to alleviate a growing demand throughout the state of Tennessee.

Work began on a state resolution to support a VA home here in late 2007. The result was passage of House Resolution 531 on May 6, 2008. The resolution was sponsored by Representative Kevin Brooks and urges the Governor to support the construction of a state veteran's nursing home in Bradley County. The resolution passed 97 to 0.

At last count in 2007, there were 45,861 veterans in Bradley County and the surrounding counties of Hamilton, Polk, McMinn, Meigs and Rhea. Veteran's population in age group 65 to 84 is now 16,394. The number of veterans in that age group is expected to increase to 17,944 by 2014.

In Tennessee, the General Assembly in 1988 created the Tennessee State Veterans' Homes Board, a body to establish and operate public homes within our state. These are known as "Tennessee State Veterans Homes".

Construction of state VA homes, once approved, is funded at 65% by the federal government (VA) and 35% by state/local plus the land must be donated. A 120 bed home with an adult day care program for up to 80 individuals currently runs about $21 million. In our case, this would mean, the federal government/VA would provide near $13.5 million and state/local about $7.5 million.

This fund was set up to collect donations made to help fund the local fund match.

CONTRIBUTIONS TO OTHER AGENCIES

FORT HILL CEMETERY – Annual donation to the Fort Hill Cemetery Association for routine maintenance and property acquisition.

MAINSTREET CLEVELAND – Annual donation to Mainstreet Cleveland. Mainstreet Cleveland's goal is to improve all aspects of the downtown or central business district area. Improving economic management, strengthening public participation, and making downtown a fun place to visit are as critical to Mainstreet Cleveland's future as recruiting new businesses, rehabilitating buildings, and expanding parking. Building on downtown's inherent assets: rich architecture, personal service, and traditional values and most of all, a sense of place.

CLEVELAND/BRADLEY REGIONAL MUSEUM – Annual donation to Cleveland/Bradley Regional Museum. The museum's mission is to preserve and interpret the history and culture of the Ocoee District of Tennessee by highlighting the adventures of its people. The Museum Center is dedicated to connecting our people with their past and linking that past with the future. It tells the story of all who have passed through our region, and it belongs to all those who have lived in or visited our community – or ever will. The museum contributes to our community by creating a place to preserve our heritage – to give our residents, our children and our area's visitors a sense of the rich history and positive values of this area; creating a showcase for the entrepreneurial spirit that continues to fuel our community's success; creating a cultural center for the community, with flexible space and programming designed to showcase the talents of our citizens; and creating an anchor for the 5-Points revitalization project in downtown Cleveland.

SETHRA – Annual donation to Southeast Tennessee Human Resource Agency. It is the mission of Southeast Tennessee Human Resource Agency to empower families, moving them from dependence to independence, by providing comprehensive services in collaboration with local, state and federal resources.

* Retiree Insurance Premium is budgeted for all eligible employees who may retire during the year. The calculation is at 50% of the annual premium and if not used reverts back to the fund balance.
**Salaries & Benefits (approx $356,000 or 2.0%) calculated on all full-time employees as of 4-1-2014 that have not receive a salary increase since 8-1-2013. (Does not exclude salaries as a result of promotion)

BRADLEY COUN

SPECIAL REVENUE FUND

Special Revenue Funds are funds used to account for the proceeds of specific revenue sources other than major capital projects that are legally restricted to expenditures for specified purposes.

Law Library Fund: This fund accounts for the revenues and expenditures of the Bradley County Law Library.

Public Library Fund: This fund accounts for the revenues and expenditures of the Cleveland/Bradley Public Library.

Solid Waste/Sanitation Fund: This fund accounts for the revenues and expenditures of the landfill management contract with Santek Environmental, Inc.

Fire & Rescue Department: This fund accounts for the revenues and expenditures of the Bradley County Fire and Rescue Department.

Sheriff's Drug Fund: This fund accounts for the revenues and expenditures of the Sheriff's drug task force forfeitures and seizures.

Tri-State Exhibition Center: This fund accounts for the revenues and expenditures of the Tri-State Exhibition Center.

Overview:

The revenues of the Special Revenue Funds can be segregated into seven major categories:

- Local Taxes
- Fines, Forfeitures & Penalties
- Charges for Current Services
- Other Local Revenues
- State of Tennessee
- Other Government & Citizens Groups

Local Taxes:

Local Taxes of $5,113,001 provide 90.91% of the funding for Special Revenue Fund budget. The Public Library and the Fire & Rescue Department receive property tax revenue to make up this total. The Law Library Fund receives Special Purpose Litigation Tax while the Tri-State Exhibition Center receives Hotel/Motel Tax funding for the remaining percentage.

Fines, Forfeitures & Penalties:

Fines, Forfeitures and Penalties are projected to decrease by .54% over the amended FY2015 budget. At $119,750 this revenue source is 2.12% of total Special Fund revenues.

Charges for Current Services:

Charges for Current Services largely consist of Landfill host collections. At $261,000, the revenue source is 4.64% of the total Special Fund revenues.

Other Local Revenues:

Other Local Revenues are projected to be $12,700. This revenue source represents .22% of the total Special Fund revenues.

State of Tennessee:

Revenue from the State of Tennessee is made up of Grant funding for the Solid Waste and Sanitation Fund for the annual Tire Grant. At, $77,200, the revenue source represents 1. % of total Special Fund revenues.

Other Government & Citizens Groups:

Revenue from the City of Charleston in the amount of $25,000 for the fire service in Charleston provided by the Bradley County Fire & Rescue Service and $15,000 from the City of Cleveland to help support the Recycling Program make up the revenue from Other Government and Citizens Groups. At, $40,000, this revenue source represents .71% of total Special Fund revenues.

BRADLEY COUNTY

LAW LIBRARY FUND

The Bradley County Law Library provides immediate access to legal information for Bradley County courts, judges, elected officials, government employees, the general public and members of the local bar association. The library shelves contain a comprehensive collection of law books, codes, treatises, periodicals and case reporters focused primarily on Tennessee state and local government, but including the federal code and case reporters. Legal encyclopedias and law treatises cover issues, such as Uniform Commercial Code, bankruptcy, wills and estates, and criminal and civil law procedures. To defray the cost of running the library, a library litigation tax was created. The current location of the Law Library is the Cleveland – Bradley County Public Library in downtown Cleveland.

BRADLEY COUNTY

PUBLIC LIBRARY FUND

The Cleveland Public Library is operated by the appointed Library Board and is funded on a 50-50 basis between Bradley County and the City of Cleveland. The other sources of funding include fines and fees, donations, earned interest and grants when available. The Library serves the diverse needs for access to informational materials through a variety of formats. Resources include books, magazines, CD-ROM, and on-line resources. The Library provides periodicals, daily and weekly newspapers, books on tape, music CDs, videotapes, developmental toys and microfilm. The Library also offers special services for children, including story time for pre-school age children, summer reading programs and story telling contests.

BRADLEY COUNTY

SOLID WASTE/SANITATION FUND

The Bradley County Landfill is managed by Santek Environmental, Inc. Santek's landfill management provides Bradley County's constituents with fixed, long-term rates, regulatory compliance and minimal liability in the operation of our landfill. This fund receives the annual host fees generated under Santek's management. In addition, the State of Tennessee, Division of Solid Waste Management Tire Grant, the Recycling Center and the Keep America Beautiful budgets are administered under this fund.

RECYCLING CENTER

The mission at the recycling center is to maintain the delicate balance of our county's economic and environmental concerns through a sound waste management program. Our goal is to minimize the waste stream by extracting recyclable materials from it, thereby preserving valuable space in the landfills. Bradley County currently has three recycling facilities, Bradley County Landfill, Urbane Road Facility and Peerless Road Facility.

BRADLEY COUNTY

FIRE & RESCUE DEPARTMENT

The mission of the Bradley County Fire & Rescue Department is to serve the citizens and businesses of Bradley County by protecting life, property, and the environment from hazards and dangers of fires and from manmade or natural disasters. This mission is accomplished through prevention, education, and timely incident response. The department works closely with the Cleveland Fire Department, the Charleston Volunteer Fire Department and the Tennessee Forestry Service to fulfill these goals. The department has approximately seventy-three fulltime and more than 110 trained volunteer firefighters who are stationed throughout Bradley County and respond to almost 1,000 service calls each year. Firefighters are trained in many areas including structural fire fighting, hazardous materials response, and woodland fire fighting. These firefighters also spend hundreds of hours each year promoting fire safety and prevention in our area schools and at church functions.

Goals and Objectives:

- Provide the highest level of service, above and beyond what people expect, in life preservation, incident stabilization and property conservation.
- Provide fire protection services designed to protect the lives and property from the adverse effects of fires, sudden medical emergencies or exposure to dangerous conditions.

Performance Measurements:

Volunteers	**150**	**150**	**110**	**110**	**110**

*Staffing levels are being adjusted to accommodate the staffing of three additional fire stations built in 2012/2013 as Bradley County took over the county coverage previously covered under the contract with the City of Cleveland, which ended 6/30/2013.

**Staffing levels are continuing to be adjusted as funds allow.

RESCUE SQUAD

The Cleveland/Bradley County Volunteer Rescue Service is one of our emergency services agencies and is made up of over one hundred twenty dedicated volunteers who respond to more than a thousand calls a year. Some of the services provided by the rescue squad include responding to automobile crashes, collapsed building rescue, trench/ditch rescue, rope/high angle rescue, and dive rescue. Most of their specialized equipment is bought with funds raised through private donations or through fundraisers.

Beginning in 2012/2013, the Rescue budget was combined with the Fire Fund.

NOTES

BRADLEY COUNTY

SHERIFF'S DRUG FUND

The Bradley County Sheriff's Drug Fund is funded annually through criminal court fees, drug control fines, drug task force forfeitures and seizures, proceeds from the sale of confiscated property and contributions and gifts from citizens. The Sheriff's Drug Enforcement Unit uses the money in this fund to upgrade equipment to fight the war on illegal drug use in Bradley County.

BRADLEY COUNTY

TRI-STATE EXHIBITION CENTER

This budget is funded by a portion of the County's Hotel/Motel Tax and covers operational costs of the center. The Tri-State Exhibition Center is a state-of-the-art education, research and exhibition venue, benefiting people of all ages, backgrounds and professional interests. It highlights education, research and employment opportunities in the areas of agri-business and focuses on environmental stewardship. Community progress and tourism is greatly benefited from popular events. Built on land donated by Bradley County, the Center depends largely on private donations for land improvements, construction and maintenance. Although, the concept of the center was built on the emphasis of Agriculture and education, the 92 acre facility encourages a wide variety of events such as bluegrass festivals, arts and craft exhibits, dog shows, community fairs, graduation exercises, large group picnics and not to mention horse shows and overnight horse boarding.

ROAD DEPARTMENT FUND

The Road Department Fund is funds used to account for transactions of the county's road department.

Overview:

The revenues of the Road Department can be segregated into three major categories:

- Local Taxes
- Other Local Revenues
- State of Tennessee

Local Taxes:

Local Taxes makes up 41.38% of the total revenue for the Road Department.

Other Local Revenues:

Other Local Revenues are .16% of revenues and consist of miscellaneous funds from various sources.

State of Tennessee:

Revenue from the State of Tennessee at 58.44% of total revenue is largely made up of gasoline and motor fuel tax revenues at $2,091,858. Bridge, state aid and litter programs make up 25.93% of the State Revenue with the remaining income tax and state revenue sharing portion at .99%.

BRADLEY COUNTY

PIKE ROAD DEPARTMENT

The Bradley County Road Department is dedicated to maintain and service the county's public roads and bridges to ensure the free flow of traffic and to protect the health and safety of the citizens traveling on these roads and bridges during all types of weather conditions. Bradley County covers 338 square miles of land. The department provides maintenance to 1,253 county roads consisting of approximately 756 miles of paved and 3.32 miles of unpaved roads. The Bradley County Road Department's goal is to provide the best possible maintenance in the most cost effective manner possible.

Photo Courtesy of Amy Moore

Goals and Objectives:

- Provide routine road and bridge maintenance;
- Emergency response to road hazards and natural disasters;
- Regulation, inspection and administration of work and development within the public road right of way;
- Acquisition, maintenance, and fueling of heavy equipment and fleet vehicles for the county.

Performance Measurements:

BRADLEY COUNTY

SCHOOLS

The mission of the Bradley County School System, in partnership with the community, is to develop a literate, self-confident, creative and responsible citizen who is capable of meeting life challenges and who values life-long learning. The School system currently operates eleven Elementary Schools, two Middle Schools, two High Schools and one Alternative School.

The General Purpose School Fund is the primary operating fund of the School Department and is used to account for general operations of the Schools. The Special Revenue Fund accounts for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. The Capital Projects Fund is used to account for the receipt of debt and other specific revenue sources that are legally restricted to expenditures for construction and/or renovation.

GENERAL PURPOSE SCHOOL FUND

This fund is the primary operating fund for the School Department. It is used to account for the general operations of the School Department. Food Service Operations are accounted for the in Central Cafeteria Fund 143. Major funding for the School Department is provided though state education funds (BEP) and local property taxes.

Overview:

The revenues of the School Department can be segregated into seven major categories:

- Local Taxes
- Licenses & Permits
- Charges for Current Services
- Other Local Revenues
- State of Tennessee
- Federal Government
- Other Sources

Local Taxes:

Local Taxes makes up 31.18% of the total revenue for the School Department. The largest portion of these funds is property tax revenues $12,251,780 and local option sales tax at $11,200,000.

Licenses & Permits:

Licenses & Permits consist of marriage license fees and make up less than .01% of total school revenues.

Charges for Current Services:

Charges for Current Services consist mainly of fees for TBI criminal background fees, other service charges, and Central Cafeteria fees. USDA Lunch and Breakfast amount to $3,275,000. These make up 4.35% of total school fund revenues.

Other Local Revenues:

The majority of other local revenues are made up of investment income on demand deposit accounts. This consists of .1% of total school revenues.

State of Tennessee:

Revenue from the State of Tennessee at 65.68% is largely made up of basic education programs at $44,903,000 Career Ladder at $253,000 and income tax and state revenue sharing at $550,000.

Federal Government:

Federal Government funding is $3,620,000 or 4.80% of total school funding.

Other Sources

Other Sources consists of operating transfers and miscellaneous refunds of $60,000. These make up .1% of total school funds revenue.

GREENWAY

Greenways are corridors of land recognized for their ability to connect people and places together. The Cleveland/Bradley County Greenway is a linear corridor along Mouse Creek, eventually stretching from the Village Green shopping and office center to the Hiwassee River in Charleston. Benefits of the Greenway include recreation, transportation, health, economic, education, environmental, floodplain management, and quality of life issues.

HEALTH, WELLNESS & QUALITY OF LIFE FUND

HEALTH, WELLNESS & QUALITY OF LIFE FUND

This endowment fund accounts for proceeds from the sale of the Bradley County Memorial Hospital. The county received $15,000,000 from the sale of the hospital and invested these proceeds. The county can spend 85 percent of investment income for the Health, Wellness, and Quality of Life for its citizens. The other 15 percent of investment income as well as the original principal ($15,000.000) cannot be spent. The County Commission's Healthy Community Initiative Committee has the responsibility to recommend the recipients of any of the funding.

Glossary of Terms And Abbreviations

Accrual Accounting: The basis of accounting in which revenues and expenditures are recorded at the time they are earned or incurred as opposed to the cash basis of accounting where the transfer of funds causes the recording of the transaction. For example, in accrual accounting, revenue which was earned between May 1 and June 30, but for which payment was not received until July 25, is recorded as revenue of June rather than July.

Ad Valorem Tax: A tax levied on goods or properties at a percentage of their value.

Adopted Budget: The budget approved by the County Commission and enacted by budget appropriation ordinance on or before June 30 of each year.

Appraised Value: The estimate of fair market value assigned to property by an appraiser or county Tax Assessor. For tax assessment purposes, the value is stated as of the last reappraisal date. See also assessed value.

Appropriation: An authorization made by the County Commission which permits the County staff to incur obligations and to make expenditures of governmental funds and resources. Appropriations are usually for a fixed dollar amount for a particular budget year.

Assessed Value: A value that is established for real or personal property for use as a basis for levying property taxes.

Basis for Budgeting: The County's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except where encumbrances are treated as budgeted expenditures.

Budget: A financial plan for a specified period of time (fiscal year) that balances projected revenues and fund balance appropriations to estimated service expenditures and operating transfer obligations.

Budget Appropriation Resolution: The official enactment by the County Commission establishing the legal authority for County administrative staff to obligate and expend funds.

Budget Calendar: The schedule of the dates involved in the preparation, review and passage of the annual budget.

Budget Document: The official written statement prepared by the County's staff which presents the proposed budget to the County Commission.

Budget Message: The opening section of the budget which provides the County Commission and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and comments of the County Mayor. This message is the same as the Transmittal Letter.

CAFR: Comprehensive Annual Financial Report.

Capital Improvements Budget: Appropriation of funds for a capital improvement project. A capital improvement project is a permanent addition to the County's assets and includes design, construction and purchase of land, buildings and facilities.

Capital Improvements Program: (CIP) The County's plan for capital expenditures to provide long-lasting physical improvements to be incurred over the next six years. The plan is reviewed and updated annually.

Capital Outlay: The purchase of equipment and machinery of significant value (more than $5000) and having a useful life of several years, also referred to as fixed assets. Capital improvements such as acquisition of land and related construction and engineering fees are included in the Capital Improvements budget.

Capital Projects: Projects identified specifically for the purpose of showing the cost of a particular project. Capital projects are usually large public work projects such as roads, bridges, and buildings.

Contingency: A budgeted amount set aside for emergencies and unforeseen expenditures not otherwise budgeted.

Contractual Services: Services rendered to County activities by private firms and individuals outside County government. Examples include utilities and building and equipment maintenance.

Cost Center: An operating unit within a County department with an organizational budget.

Debt Service: Repayment of County's outstanding debt including principal, interest, and bond reserve requirements.

Department: Closely associated County activities under the day to day oversight by a department head.

Designated Fund Balance: A portion of a fund's balance that is set aside for a specific purpose and, although not legally restricted, is not available for general appropriation as long as the designation is valid.

Direct Debt: The sum total of bonded debt issued by the County.

Disbursement: The payment of County funds for obligations incurred.

Diversify: To expand by increasing the varieties of revenues generated.

EMA: Emergency Management Agency

EMS: Emergency Medical Services

EMT: Emergency Medical Technician

Encumbrance: An administrative control under which commitments for the expenditures of money are recorded; thus the money is not available for new expenditure commitments. The use of encumbrances prevents overspending and permits officials to be certain how much money is available for new commitments.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure: The cost of goods and services received regardless of when the payment is actually made.

FASB: Financial Accounting Standards Board. The official policy and procedural organization designated by the American Institute of Certified Public Accountants (AICPA) to establish accounting principles for both profit and nonprofit entities in the United States.

Fiscal Year: A time frame designating the beginning and ending period for recording financial transactions. Bradley County uses a fiscal year beginning July 1 through June 30.

Fund: A fiscal entity with a self-balancing set of accounts used to account for activities with common objectives. Commonly used government fund groups are: general fund, special revenue funds, debt service fund, capital projects fund, enterprise fund, internal service funds, special assessment funds and trust and agency funds.

Fund Balance: The accumulated amount of excess revenues over expenditures in a particular fund at any point in time. A negative fund balance is the accumulated amount of excess expenditures over revenues.

GASB: Governmental Accounting Standards Board. The official procedural organization designated by the American Institute of Certified Public Accountants (AICPA) to establish accounting principles for state and local governments.

General Fund: The County's primary operating fund accounting for most all of the financial resources and obligations. The general fund revenues include property taxes, business taxes, sales taxes, licenses and permits, service charges and other types of revenue. The fund provides the resources for most of the basic operating services such as police protection, finance, data processing, and general administration.

General Governmental Bonds: Bonds for whose payment the full faith and credit of the issuing body are pledged. Most commonly, general obligation bonds are considered to be those payable from taxes and other general revenues. A GOB is typically used for long-term financing of capital projects and represents a written promise to pay the bond purchaser a

specified sum of money at a specified future date along with a periodic interest paid at a specified interest percentage.

GFOA: Governmental Finance Officers Association. A nationally recognized association of world wide professional government finance officers.

Goal: The underlying reason(s) for the provision of essential County services.

Grant: A contribution by the State or Federal Government or other entity supporting a particular project.

Infrastructure: Assets for general use of the public. Examples: Roads, sidewalks, buildings, traffic signals.

Interfund Transfers: Amounts transferred from one fund to another.

Intergovernmental Revenue: Revenue received from another government for general purposes or a special purpose.

Line Item Budget: A budget summarizing the detail categories of expenditures for goods and services the County intends to purchase during the fiscal year.

Long Term Capital Plan: Capital spending plan that encompasses the next six years of capital spending.

Moody's Investors Service: A recognized bond rating agency.

Object Code: A detailed line item expenditure category, such as clerical salaries (162), office supplies (435), or building improvements (707).

Objective: A measurable statement of the actual results which a County activity expects to achieve in support of a stated goal.

Operating Budget: The expenditure plan for continuing everyday service programs and activities. In most instances, operating expenditures are made in a single fiscal year. These expenditures include personal services, contractual services, minor capital outlay, and debt service requirements.

Performance Measures: Specific quantitative and qualitative measures of work performed as an objective of the department.

Personnel Services: All costs related to compensating employees of Bradley County, including salaries and employee benefit costs such as County contributions for retirement, social security and health insurance.

Purchase Order: A legal document that authorizes the delivery of specified merchandise or the rendering of certain services and the making of a charge for them, which upon acceptance by a vendor, becomes a contract. Its main function is to expedite and control buying by the County.

Recommended Budget: The budget proposed by the Bradley County Finance Committee to the County Commission for adoption.

Reserved Fund Balance: The portion of a fund's balance that is legally restricted for a specific purpose and is not available for general appropriation.

Revenue: A term used to represent actual or expected income to a specific fund. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

Risk Management: An organized attempt to protect a government's assets against accidental loss in the most economical method.

Short-term Capital: Capital spending completed within one year for items with a life expectancy of less than five years.

Standard & Poor's: A recognized bond rating agency.

Surplus Revenues: The net funds collected above the approved budget for the General Fund aggregate are directed to the debt service fund in order to help meet the County's future debt obligations.

Tax Levy: The total amount of tax that optimally should be collected based on tax rates and assessed values of real, personal, and public utility properties.

Tax Rate: The amount of taxes charged per $100.00 of assessed value of taxable property. This rate is set each year by the County Commission at the time the annual budgets are adopted.

Transmittal Letter: A general discussion of the budget presented to the County Commission by the County Mayor as part of the budget document. The transmittal letter explains principle budget issues against the background of financial experience in recent years and presents recommendations made of the County Mayor. This letter is also referred to as the budget message.

Unencumbered Balance: The amount of an appropriation that is neither expended nor encumbered. I t is essentially the amount of money still available for future purchases.

Undesignated Fund Balance: The portion of a fund's balance that is not restricted for a specified purpose and is available for general appropriation.
