

Application for Greenbelt Assessment - Agricultural

COUNTY OF BRADLEY - STATE OF TENNESSEE

The Agriculture, Forest, and Open Space Act of 1976 ("Greenbelt Law") permits qualifying land to be assessed for property taxes at its current use value rather than its fair market value which might be based on a more intensive use. YOU MAY BE LIABLE FOR "ROLLBACK" TAXES later if the land approved for greenbelt is converted to other uses or disqualified for greenbelt as the result of a sale or otherwise. The amount due would be the tax saved during the last three years of greenbelt classification. You should carefully review this application and additional information about the greenbelt program which should be provided by your assessor prior to submitting this application.

Since April 14, 1992, the law requires that property must be actually used as agricultural land in order to qualify for agricultural use classification. It must be part of a farm "engaged in the production of growing of crops, plants, animals, nursery, or floral products." The assessor may presume that property is used as agricultural land if it earns an average annual gross income of \$1,500 or more over any three years in greenbelt. However, the assessor will also consider other available evidence indicating how the property is actually used. The assessor may ask you about property income, ownership and other information needed to determine how the property is used and how it should be valued. Complete the remainder of this application to have your property considered for greenbelt. This application must be approved by the assessor and recorded in the office of the register of deeds by March 1st of the year applied for.

I certify that I am an owner of the property described above, that the information I have supplied is true and correct to the best of my knowledge and belief, and that I am presently using said property as agricultural land as described in the above instructions. I further certify that the property will produce gross agricultural income of at least \$1,500 per year on average over any three years classified "greenbelt." I understand the assessor may presume the property is not used as agricultural land if the property does not produce this minimum income, unless I prove otherwise that the property is actually being used as a farm. I have read and understand the requirements for greenbelt eligibility and agree to notify the assessor of any change in the use or ownership of the property which might affect its continued eligibility.
