The State will not deem any Grantee costs submitted for reimbursement after the grant disbursement reconciliation report to be allowable and reimbursable by the State, and such invoices will NOT be paid.

c. The Grantee's failure to provide a final grant disbursement reconciliation report to the State as required by this Grant Contract shall result in the Grantee being deemed ineligible for reimbursement under this Grant Contract, and the Grantee shall be required to refund any and all payments by the State pursuant to this Grant Contract.

d. The Grantee must close out its accounting records at the end of the Term in such a way that reimbursable expenditures and revenue collections are NOT carried forward.

Once the Grantee makes an election and treats a given cost as direct or indirect, it must apply that treatment consistently and may not change during the Term. Any changes in the approved indirect cost rate must have prior approval of the cognizant federal agency or the cognizant state agency, as applicable. If the indirect cost rate is provisional during the Term, once the rate becomes final, the Grantee agrees to remit any overpayment of funds to the State, and subject to the availability of funds the State agrees to remit any underpayment to the Grantee.

C.9. Cost Allocation. If any part of the costs to be reimbursed under this Grant Contract are joint costs involving allocation to more than one program or activity, such costs shall be allocated and reported in accordance with the provisions of Central Procurement Office Policy Statement 2013-007 or any amendments or revisions made to this policy statement during the Term.

C.10. Payment of Invoice. A payment by the State shall not prejudice the State's right to object to or question any reimbursement, invoice, or related matter. A payment by the State shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.11. Non-allowable Costs. Any amounts payable to the Grantee shall be subject to reduction for amounts included in any invoice or payment that are determined by the State, on the basis of audits or monitoring conducted in accordance with the terms of this Grant Contract, to constitute unallowable costs.

C.12. State's Right to Set Off. The State reserves the right to set off or deduct from amounts that are or shall become due and payable to the Grantee under this Grant Contract or under any other agreement between the Grantee and the State of Tennessee under which the Grantee has a right to receive payment from the State.

The taxpayer identification number on the W-9 form must be the same as the Grantee's Federal Employer Identification Number or Social Security Number referenced in the Grantee's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

The State is not bound by this Grant Contract until it is signed by the parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Grant Contract, the officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

D.2. Modification and Amendment. This Grant Contract may be modified only by a written amendment signed by all parties and approved by the officials who approved the Grant Contract and, depending upon the specifics of the Grant Contract as amended, any additional officials required by Tennessee laws and regulations (the officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

D.3. Termination for Convenience. The State may terminate this Grant Contract without cause for any reason. A termination for convenience shall not be a breach of this Grant Contract by the State. The State shall give the Grantee at least thirty (30) days written notice before the effective termination date. The Grantee shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the State be liable to the Grantee for compensation for any service that has not been rendered. The final decision as to the amount for which the State is liable shall be determined by the State. The Grantee shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the State's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Grantee fails to properly perform its obligations under this Grant Contract, or if the Grantee violates any terms of this Grant Contract, the State shall have the right to immediately terminate this Grant Contract and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the State's right to terminate this Grant Contract for cause, the Grantee shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Grant Contract by the Grantee.

D.5. Subcontracting. The Grantee shall not assign this Grant Contract or enter into a subcontract for any of the services performed under this Grant Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, each shall contain, at a minimum, sections of this Grant Contract pertaining to "Conflicts of Interest," "Lobbying," "Nondiscrimination," "Public Accountability," "Public Notice," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Grantee shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Grantee warrants that no part of the total Grant Contract Amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Grantee in connection with any work contemplated or performed relative to this Grant Contract.

D.7. Lobbying. The Grantee certifies, to the best of its knowledge and belief, that:

a. Project Title: Bradley County Sheriff's' Office Network Security Upgrade Project

Total Project Costs: $20,742.26

Project Description. Bradley County Sheriff's Office would like to purchase two (2) L2/3 managed 48 port POE switches and nine (9) L2 managed 48 port POE switches - Project 3 (Equipment and Capital Expenses) of the FFY2024 SLCGP - to replace the obsolete network switches we currently employ. We currently have deficiencies in our network security as noted in our NCSR assessment. The switches we currently utilize have reached end-of-life thus have no firmware updates, leaving our network vulnerable to attack and exploitation. By replacing the outdated switches, we will be able to add layers of protection and security protocols of which we do not currently have the benefit, including device and user granularity management as well as getting more modern, up-to-date, and secure infrastructure with these switches. Our outdated switches have become cybersecurity liabilities, increasing the potential number of exploitable points in our network. Our proposed project will include the purchase of two (2) L2/3 managed switches, nine (9) L2 managed switches, support services for the equipment, transceiver modules, AC power supply, and installation of the said equipment. The proposed purchases and utilization of the aforementioned equipment will improve the network security deficiencies noted in our NCSR assessment. Director Dewayne Scoggins, Systems Administrator for the Bradley County Sheriff's Office, will receive and manage the project.

Project Title: Bradley County Network Security Upgrade Project

Total Project Costs: $57,100.00

Project Description: Bradley County Government intends to upgrade our firewall/security appliances and outdated network switches to better protect our network from cyberattacks. We currently have obsolete network switches and are in need of upgraded firewall/security appliances. Current equipment leaves gaps that allow hackers to infiltrate, disrupt services, steal sensitive data including financial information, and potentially compromise critical infrastructure. We currently have deficiencies in our network security as noted in our NCSR assessment. Our current network security equipment leaves us vulnerable to such attacks as well as delayed detection of intrusions. Additionally, Bradley County Government proposes to purchase two (2) L2/3 managed switches, eleven (11) L2 managed switches, and two (2) updated Next Generation Firewall/Security appliance (NGFW) that combines advanced security with integrated SD-WAN, AI/ML threat protection and support services for the equipment, transceiver modules, AC power supply, and installation of the said equipment. This equipment is needed based on our current switches providing insufficient layers of protection and security protocols to defend our network against intrusions. Our outdated switches have become cybersecurity liabilities, increasing the potential number of exploitable points in our network according to our NCSR assessment. All these improvements in cybersecurity are requested under Project 3 (Equipment and Capital Expenses) of the FFY2024 SLCGP. Director of Information Technology, Bill McConkey, will receive and manage this project.
